Moore Seed Co.'s 1928 Wholesale Price List for Market Gardeners and Florists

Moore Seed Co. 125 Market St., Philadelphia, Pa.
To the Professional and Beginner:

HOW TO MAKE MARKET GARDENING PAY

THE PROFESSIONAL MARKET GARDENER and the one about to begin
Market Gardening are alike anxious to make market gardening pay.

TO MAKE MARKET GARDENING PAY and how to do it, is just as important
as the produce itself, to the beginner. To both we say, the prime essential is to procure
the best seeds that money can buy. Buy the best varieties. Select the earliest, the most
productive, the best carriers and the best sellers. Don't hesitate a moment to plant the
best—the price is of little consequence providing you get just what you are seeking for,
and secure the highest prices; the market will invariably pay well for the best produc¬
tion, that is brought to it. Seeds will never produce good crops, nor vegetables of first
quality. In vegetables as in fruits it is high quality that counts; high quality always
insures highest market prices. Best quality and highest market prices spells success to
every market gardener who grows for the home or distant market.

Many thousands of market gardeners throughout the United States have found by actual
experience that the best seeds obtainable are only to be had from The Moore Seed
Company, 125 Market Street, Philadelphia, Pa., who have made it a life long study and
work to produce the best varieties and strains of seeds calculated to insure the most profit¬
able and abundant crops and that will command the highest prices on any market, no
matter where sold.

WE ARE CAREFUL to only recommend the best varieties.
WE ARE CAREFUL to use the utmost care and caution in selecting our seed
stocks as well as in growing our seed crops.
WE ARE CAREFUL to use the greatest care in preventing ingrowing and handling
the seeds while harvesting.

WE ARE CAREFUL to send out no variety we have not tested in the most
exhaustive manner in many localities, as to its suitability for earliness, size, color and
general adaptation for the market intended.

WE ARE CAREFUL not to send out any seeds we have not given a good and
thorough test for germination. Our tests in this respect are very thorough and are
conducted both in greenhouses and in the open ground as occasion requires.

IMPORTANT—In remitting postage always add it to the foot of the order as a
separate item—this will help to avoid mistakes.

The local postmaster will inform you what zone you are in from Philadelphia,
Pa., if you are in doubt, and you can add for postage accordingly.

NOTE—We do not pay postage on parcel post C. O. D. shipments.
Poisons cannot be sent by parcel post.
Consult this Zone Map to Ascertain Parcel Post Rates as given below.

A WORD TO OUR CUSTOMERS

It Will be Money in Your Pocket

MANY THOUSANDS of the most success¬
ful MARKET GARDENERS and FLORISTS
throughout the United States use ours
exclusively.

This is Our 38th Year.
IMPORTANT TO YOU  A FAVOR TO US

KINDLY send us below, names and Post Office address of your friends and acquaintances, no matter where they may live, who are large farmers or those who grow vegetables, plants, flowers or poultry, either for home market, or shipping.

We don't care to have the names of those who only have very small kitchen gardens.

Enclose this sheet with a cash order, and for this favor we will include in your order FREE, a handsome collection of flower seeds, embracing many fine sorts.

Total amount of order.

Please note—Orders for plants are shipped separate from seeds ordered.
Giant Washington Pedigreed Asparagus. Pkt. 15c., oz. 25c., lb. 75c., 100 roots, $2.00, 1,000 roots, $14.00.

Palmetto. True stock. oz. 15c., 1 lb. 30c., 5 lb. 80c., 10 lb. $2.50, postpaid; very strong two-year-old roots by express, per 50 $1.50, per 100 $1.75, per 1,000 $5.00; three-year-old per 50 $1.25, per 100 $2.00, 1,000 $5.00, postpaid.

PALMETTO, 2-year-old. Strong roots, by express or freight, per 100, 1.25; per 1,000, 1.75.

Giant Early Argenteuil, 2-year-old. Strong two-year-old roots, by express or freight, per 100, 1.25; per 1,000, 1.75.

Mineral Asparagus Salt. CHLORIDE OF SODIUM has been used from time immemorial for increasing the yield of this important vegetable. It has the power of changing unavailable forms of plant food which exist in our soil into rich. It also encourages the supply of moisture which is so essential to the proper growth of good plants. It acts as a fertilizer and as a disinfectant. It is also valuable for liming. Price per 50 lbs. $1.00, per 100 lbs. $1.75.

SEED PLANTING—Asparagus may be raised from seed and a crop obtained in three years. In early Spring sow the seed in drills about one foot apart and one to two inches deep. The following Spring, select the best of the roots and place in the permanent bed.

ROOT PLANTING—A year may be saved by buying the plants (two-year-old are greatly to be preferred) and setting them at least eighteen inches apart in the row. The rows should be cajoled eighteen inches deep and the rows not closer than four feet; see that the roots are well and evenly spread out in planting and that they are not exposed to the air longer than is absolutely necessary. For more complete directions see our book on Asparagus Culture mentioned above. Every asparagus grower, large or small, should have a copy.

ARTICHoke. Large Greele. Globe. French. The Globe Artichoke is a perennial, cultivated for its flower heads, which are cooked like asparagus. Pkt. 15c., 2 pkts. 25c., oz. 40c., 4 ozs. $1.25, 1 lb. $2.00, 10 lbs. $2.50, postpaid.
BEANS DWARF OR BUSH GREEN-PODDED

Rermit postage upon Beans, Corn and Peas ordered by the pint, quart and upwards.

No market gardener, trucker or shipper should plant any but our German, French, English or King of the Early stringless varieties. They always sell at fancy prices.

MOORE'S GERMAN STRINGLESS

This superior variety is a prolific and continuous bearer and absolutely stringless. Very tender and of a distinct and delicious flavor. Very hardy and extremely early.

This most excellent variety was introduced by us into cultivation in 1905 and is a distinct improvement in green beans, and at once became a popular variety wherever cultivated. Green pods are produced in marvelous abundance, being thick, long, very uniform in shape, solid, meaty, stringless, very brittle and tender. It is almost a continuous bearer, and is among the first to give edible pods in the spring. The yield is enormous, and it is very early, and the handsome rich green pods remain tender a long time.

Early, Exceedingly Prolific Long, Straight, Dark-Green Pods

This excellent variety is a great improvement over the old type, being ONE-THIRD LONGER THAN THAT VARIETY. PODS PERFECTLY ROUND, DARK GREEN AND STRAIGHT, and fully as early.

It also has the additional advantage of being suited both for early and late planting, being extremely hardy. It will withstand early and late frosts which kill other varieties. A most desirable sort for the market gardener's fall crop, owing to its enormous yielding qualities, large and handsome appearance and ability to withstand one or more frosts. Should be planted instead of either Red Valentine, Black Valentine or Refugee, being superior to either in appearance. Large pkt. 15c., 2 pkts. 25c., pt. 40c., qt. 70c., 4 qts. $2.00, pk. $3.75, bn. $14.50.

EARLY FRENCH STRINGLESS

This excellent variety is a great improvement over the old type, being ONE-THIRD LONGER THAN THAT VARIETY. PODS PERFECTLY ROUND, DARK GREEN AND STRAIGHT, and fully as early.

ITALIAN GREEN POD. Very hardy, and is the earliest and largest podded dwarf snap short of exceptional merit. Very prolific, pods long, 6 to 7 inches, flat, dark green and wonderfully fine flavor.

MOORE'S ENGLISH STRINGLESS (Newington Wonder)

Extremely Early, Unusually Hardy, Wonderfully Productive, Finest Quality

A new early variety with long, round green pods, entirely stringless, very meaty, delicious flavor, wonderfully tender, remarkably early, enormously productive, continues a long time in bearing, valuable for private gardens. This bean was introduced by us in 1905, and has grown steadily in popularity ever since. The bean is stringless at all stages of growth. It combines unusual hardness and extreme earliness. No market gardener, shipper or amateur gardener should plant any but our special strain of beans.

Large pkt. 15c., 2 pkts. 25c., pt. 40c., qt. 70c., 4 qts. $2.25, pk. $3.75, bn. $14.50.

KING OF THE EARLY STRINGLESS (Round Pod—Six Weeks)

This excellent variety is a great improvement over the old type, being ONE-THIRD LONGER THAN THAT VARIETY. PODS PERFECTLY ROUND, DARK GREEN AND STRAIGHT, and fully as early.

Extra Early, Exceedingly Prolific Long, Straight, Dark-Green Pods

This superior variety is a prolific and continuous bearer and absolutely stringless. Very tender and of a distinct and delicious flavor. Very hardy and extremely early.

No market gardener, shipper or amateur gardener should plant any but our special strain of beans.

Early, Exceedingly Prolific Long, Straight, Dark-Green Pods

This excellent variety is a great improvement over the old type, being ONE-THIRD LONGER THAN THAT VARIETY. PODS PERFECTLY ROUND, DARK GREEN AND STRAIGHT, and fully as early.

DWARF WAX POD OR BUTTER BEANS
EPICURE EXTRA EARLY WAX STRINGLESS
The only absolutely Rust-Proof Round Pod Wax Bean ever Introduced

Being very mealy, entirely stringless, this variety can be used as a string bean until nearly ripe; in fact, LONGER THAN ANY OTHER SORT. It is also one of the hardest varieties and does not spot like many other round pod wax sorts. Quality is unexcelled. An ideal bean for either early or late planting.

An immense yielder, bearing almost the entire summer. No market gardener will be disappointed with this excellent new sort. It combines quantity, round, long, broad, yellow color, very tender, stringless and entirely free from rust, and remains tender a very long time. As a market sort, it invariably brings the top notch price. We commend it to all our market garden friends. Large pkt. 15c., 2 for 25c., pt. 45c., qt. 75c., 4 qts. $1.75, pk. $3.75, bn. $14.50.

NEW CALIFORNIA RUST-PROOF BLACK WAX
The Handsomest and Most Productive Flat Potted Wax Bean Ever Grown

In this new very early variety introduced by us, we have one of the very best wax sorts offered to market gardeners and private families. It will sell twice as well and at a higher price than many other flat potted sorts. The pods are longer, broader and of a brighter yellow color than any other sort, very superior quality, tender and stringless. The vines are of vigorous growth, leaves dark green, hardy, and yield enormous quantities of large, handsome, flat, mealy pods, borne well up from the ground, and has not shown any disposition to rust, no matter where grown. It is very hardy and will stand more cold weather in the early spring than any other sort. We particularly recommend this valuable new sort to all our market garden friends. Large pkt. 15c., 2 for 25c., pt. 45c., qt. 75c., 4 qts. $2.40, pk. $3.75, bn. $14.00.

MOORE'S STRINGLESS KING OF THE WAX
New, Perfectly Distinct, Immensely Valuable, Marvelously Productive Extremely Early, Round Pod, and of Very Fine Flavor

This is a first-class early wax bean in every respect, having originated with one of our Philadelphia market gardeners, who never sold the seed to his neighbors for less than $20.00 per bushel. Plant of robust, branching habit, should be planted thickly so as to allow plenty of space for branching. The pods are round, long, of a beautiful, bright, golden transparence, yellow color, very tender, stringless and entirely free from rust, and remain tender a very long time. As a market sort, it invariably brings the top notch price. We commend it to all our market garden friends. Large pkt. 15c., 2 for 25c., pt. 45c., qt. 75c., 4 qts. $2.40, pk. $4.25, bn. $14.50.

PROLIFIC EVERBEARING WAX
The Most Productive, Delicious and Best Selling White Seeded Wax on the Market

This is a first-class wax bean in every respect. The pods are nearly round, of a beautiful bright yellow color, long and hang in perfect clusters well up from the ground; very early and hardy and continues a long while in bearing, and this, combined with immense productiveness and handsome appearance and most delicious quality, has made it a favorite with market gardeners everywhere. As a dry bean, it is the best we have ever eaten. Large pkt. 15c., 2 for 25c., pt. 40c., qt. 75c., 4 qts. $2.50, pk. $3.50, bn. $14.50.

HOPKINS GOLDEN STRINGLESS. A very early, round podded sort of great value to the market gardener. A heavy yielder and good market sort. Will stand cold weather better than any other round pod wax sorts. Large pkt. 15c., 2 for 25c., pt. 40c., qt. 75c., 4 qts. $2.40, pk. $3.75, bn. $14.00.

CURRIE'S WAX. Flat pod. Pt. 40c., qt. 70c., 4 qts. $2.25, pk. $3.75, bn. $15.50.

PENCIL POD BLACK WAX. Round pod. Pt. 45c., qt. 75c., 4 qts. $2.25, pk. $3.75, bn. $15.50.

DWARF BEANS FOR SHELLING
MEXICAN GREAT AMERICAN SOUP BEAN. Everybody relishes a good bean soup, but ninety-nine out of one hundred varieties of beans are too large and lack that rich delicacy of flavor that a soup bean should have. Now the American nation is great for good soup. They are known the world over for that, and a bean soup is one of their great specialties. As a dry bean until nearly ripe; in fact, LONGER THAN ANY OTHER SORT. It is also BEAUTIFUL AND OF A FINE COLOR. It is especially valuable for long-distance shipping.

Large pkt. 15c., 2 for 25c., pt. 45c., qt. 75c., 4 qts. $2.25, 1 pk. $3.75, bn. $13.50.

INOCULATE ALL BEAN SEED WITH MULFORD CULTURE—It will increase the yield and your profits. Size 1 pkt. 35c., 1 bu. 60c., 1 bu. $1.00, 2 bu. $2.25. Postpaid.
MOORE’S PROFIT-MAKING LIMA BEANS

Moore’s Profit-Making Lima Beans—Every Market Gardener Should be Careful to Plant Our Specially Selected Varieties.

MOORE’S SUPERB NEW BUSH LIMA BEANS

Sturdy, Erect Bushes Filled with Lucious Green Beans, Prodigious Yielder, Early and Continuous Bearer, Handsome Pods 4 to 5 Inches in Length.

The beans are ready for use as early as the New Giant Bush Lima; bears tremendous crops and furnishes the most delicious green beans for extended periods earlier than most varieties. The pods contain four to five large deep-green beans of the most luscious quality, and owing to the fact of the beans being heavily and very closely packed in the pod, they are more easily gathered. Large pkt. 15c., 2 pkts. 25c., pt. 55c., qt. $1.00, postpaid; by express or freight, 1 pt. 45c., 4 pts. $2.50, pk. $5.00, bu. $23.00.

MOORE’S NEW BIG POD BUSH LIMA

In this we offer you the EARLIEST, LARGEST and BEST of all LARGE BUSH LIMAS. The pods are truly enormous in size, filled with beautiful luscious green beans larger and thicker than those of the old Bush Lima—and fully 8 days earlier!

This is an excellent sort for the family garden and the best of all sorts for canning purposes. We respectfully request that all those who wish to grow the most profitable and delicious of Pole Lima Beans should be inoculated with MILFORD CULTURE—enough for 1 bu. 35c., 5 bu. 60c., 1 b. size 1$0.00, 2 b. size $2.25, postpaid.

BUSH BUTTER OR BABY LIMA

A Marvel in Yield! Outyielding all of the Earlies, and equaling the FLAT POD LIMAs in Its cropping. Last in to ripen, first in filling.

It is simply delicious when cooked and served with a butter sauce. It is eminently productive (see our illustration) bearing continuously throughout the summer until killed by frost. Our customers will find it a delicious vegetable in both quality and quantity, being tender, rich and buttery. It is a true bush variety, growing only about 4 ft. high. Our Bush Butter Lima is especially adapted for family garden and we hope all having such will plant it liberally, as it thrives well in all parts of the United States and Canada. It also makes a delicate winter Shelled Bean. It generally matures from 50 to 80 well-filled pods. Pkt. 15c., pt. 50c., qt. $2.75, 4 qts. $5.00.

BURPEE IMPROVED BUSH LIMA

The pods are truly enormous in size, borne abundantly, and well filled with handsome beans which are both larger and thicker than those of the old Bush Lima—and fully 8 days earlier! Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 95c., pk. $5.00, bu. $19.50, 2 bu. $35.00, 4 bu. $76.00.

HENDERSON’S IMPROVED BUSH LIMA

Very extensively grown in some sections. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 80c., pk. $3.50, bu. $12.00, 5 bu. $55.00.

POLE LIMA BEANS

Superior Varieties for Market Gardeners

One Quart will Plant 100 Hills. Lima Beans are apt to rot if planted too early.

WALTER’S PROLIFIC THICK GREEN POLE LIMA

A grand selection possessing great merit. Of most delicious quality, will always command the highest market price. 250 pods to one vine is the record it has established in recent years. One of the most successful lima bean growers of Gloucester Co., N. J., and who always jealously guarded his seed from "outsiders." By paying him an enormous price we finally induced him to grow seed for us which we now offer to our many market gardener friends. This variety invariably commands a higher price in all markets than any other sort, and it will be found very profitable to grow it all who plant for profit. The pods are truly enormous in size, perfectly round and filled with handsome beans. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 80c., pk. $5.00, bu. $18.00, 2 bu. $35.00, 5 bu. $105.00.

WILKIE’S PERFECTION PRIZE LIMA

The Standard Pole Lima Bean. A Grand Acquisition

This world famous variety originated and the seed was grown by Mr. Wilkie, owner of one of the most profitable and the best Pole Lima Bean in cultivation by thousands of market gardeners throughout the United States. The beans are large, very tender, sweet and juicy, of a fine green color and enormously productive—1627 pods have been gathered from a single vine, single pods containing from 5 to 7 large beans. The vines while young produce pods in great abundance and continue to grow and bear profusely the entire season. This is undoubtedly the earliest, best and most profitable variety for the market gardener to plant; the beautiful green color and delicious quality of the beans always create a large demand for it whenever known. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 80c., postpaid. By express or freight, 1 pt. 75c., 4 pts. $2.50, pk. $4.75, bu. $18.50.
**New Golden Lazy Wife's Pole.** It is nothing unusual to pick 1 bushel to 3 pecks from a single vine. The pods are 5 to 6 inches long, broad, thick, fleshy, a beautiful yellow, and entirely stringless, surpassing all other varieties in this respect, and retaining these important qualities until after maturity. Exceedingly rich, buttery and fine flavored. The vines cling well to the poles. They commence bearing in great abundance when the vines are nearly ripe. Don't fail to plant a dozen or more bottom of the pole. The Entire beans when dry are pure white in color, and the seed is white, pod flat, light green, very meaty, and they are without doubt the most productive pole bean in cultivation. As a green snap bean they are superior to any sort of peas grown. While it is the earliest pole bean grown, it will continue to grow well into summer, but if the pods are removed while not fully ripe, the vine will grow on. Don't fail to plant a dozen or more bushel per acre. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with luscious beans. They are stringless, entirely stringless, and when cooked, deliciously rich and buttery. It will also prove to be a money maker for the market gardener. The pods are produced in clusters. We strongly recommend it to all our customers as a distinct, valuable and highly desirable pole lima bean. All who have home gardens should plant it. Large pods 15c., 2 pods 25c., 4 pods 50c., 4 ats. $2.00. Postpaid.

**Tennessee White Corn Hill.** It is unquestionably the best variety ever grown for planting among corn, thus securing 2 crops easily from the same ground with but little cultivation—this is practical wisdom. The seed is white, pod flat, light green, very meaty, and they are without doubt the most productive pole bean in cultivation. As a green snap bean they are superior to any sort of peas grown. While it is the earliest pole bean grown, it will continue to grow well into summer, but if the pods are removed while not fully ripe, the vine will grow on. Don't fail to plant a dozen or more bushel per acre. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with luscious beans. They are stringless, entirely stringless, and when cooked, deliciously rich and buttery. It will also prove to be a money maker for the market gardener. The pods are produced in clusters. We strongly recommend it to all our customers as a distinct, valuable and highly desirable pole lima bean. All who have home gardens should plant it. Large pods 15c., 2 pods 25c., 4 pods 50c., 4 ats. $2.00. Postpaid.

**Famous Southern Butter Lima.** This variety of pole bean is earlier to mature than any of the other pole sorts. It is also remarkably prolific, of delicious quality, a continuous bearer, easy to shell, and will prove to be a money maker for the market gardener. The pods are produced in clusters. We strongly recommend it to all our customers as a distinct, valuable and highly desirable pole lima bean. All who have home gardens should plant it. Large pods 15c., 2 pods 25c., 4 pods 50c., 4 ats. $2.00. Postpaid.

**Kentucky Wonder Wax.** This bean is even more prolific than its green-podded namesake and does not overstep the bounds of truth. It commences to bear long after the average bush variety, and keeps on producing until killed by frost. In some comparatively frostless districts it has continued in bearing from June to December. The illustration shows the height of the wire and its enormous productivity. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with luscious beans. They are stringless, entirely stringless, and when cooked, deliciously rich and buttery. It is a rampant grower, one vine filling a pole with a mass of vines densely loaded with luscious beans. Our early beets are famous everywhere.

---

**THE MOST PROFITABLE SORTS FOR YOU TO GROW—**they are the key to the make money for those who sell them. You will be pleased with any or all of them.

**New French Trevisi.** Positively the earliest dark blood red variety ever introduced and recommended. Every one of our 95,000 market gardeners friends to plant it largely— it will make big money for them all. It is symmetrical as a small orange and is prime when about three inches in diameter. The skin is of violet red color; flesh of a dark blood color, leaf stalks long, slender and of beautiful red color. It can be grown very close together and like our Nutting's Early Gem is well adapted for growing under sash. We doubt if any seedsmen ever will be able to produce an earlier beet than this. Marketable beets in thirty days is its record. Owing to its very rapid growth it will be found very profitable to grow. Pkt. 10c., oz. 15c., lb. $1.25, 5 lbs. $4.50. Postpaid. By express or freight, 25 lbs. $18.00, 100 lbs. $65.00.

**This is no variety to equal your French Trevisi in earliness. The top being small, I can assure you the yield is enormous. It is one of the best for fall crop, or to store for winter use. It makes a fine sort for second early.**

**Wesley's Earliest Market Beet.** One of the most wonderful early dark red beet varieties of the century. A handsome dark red beet, fine grained, showy variety for first early, second early and late planting. The beet is the largest dark red beet ever grown. Meets a long-felt want among beet growers. Every beet salable. Always brings the highest market price. This excellent beet is an improved form of the famous "French Early Red Beet," so extensively grown in the south of France for early shipment to the Paris and London markets, where it is held in higher esteem than any other variety. It is a source of great profit to the French market gardeners, as well as to all others who grow it. Top of medium size, root very symmetrical and will please all who plant it. An enormous yielder. Pkt. 10c., oz. 15c., 4 ozs. 75c., lb. $2.00, 5 lbs. $8.00, Postpaid. By express or freight 25 lbs. $18.00, 100 lbs. $65.00.

I have planted your Wesley's Early Market Beet for fifteen years with great satisfaction to myself and patrons. No trouble to sell them. L. A. Timpson, R. F. D., Portsmouth, Va.

**Nutting's Extra Early Gem.** Mr. Nutting's success and fame as an early beet grower has extended over a long period of years, and the giving of this grand new early beet to myself and patrons. No trouble to sell them. L. A. Timpson, R. F. D., Portsmouth, Va.

**Wesley's Earliest Market Beet.** Mr. Nutting's success and fame as an early beet grower has extended over a long period of years, and the giving of this grand new early beet to myself and patrons. No trouble to sell them. L. A. Timpson, R. F. D., Portsmouth, Va.

**Moore's Deep Crimson Top Shape.** A Grand Second Early and Main Crop Variety. This variety is quite distinct and has become remarkably popular among gardeners in all sections of the country, and needs no recommendation to those who have grown it. It is of medium size, round and very uniform in shape, a little deeper than round with a smooth, even surface. The leaves are rich crimson in color, born on slender stems, and are thus easily removed. The flesh is deep crimson, ringed and zoned in varying shades. It is exquisitely tender, and delicious in flavor.

**EARLY WONDER—NEW.** A variety which has gained wide popularity among market-gardeners, and one of the best for fall crop, or to store for winter use. It makes a fine sort for second early. The outer color is dark, the inner color is blood red and of excellent quality. The tops are light green, are medium in size, changing to a dark color, and the leaves remain tender for a very long period. Pkt. 10c., oz. 15c., 4 ozs. 75c., lb. $2.00, 5 lbs. $8.00, Postpaid.

**CROSBY'S IMPROVED EGYPTIAN SPECIAL STRAIN.** Very fine stock. Oz. 10c., oz. 15c., lb. $1.00, 10 lbs. $8.00, 100 lbs. $80.00. Postpaid.

**BASTIAN'S EARLY HALF LONG.** True seed grown by Bastian, very choice strain. Oz. 10c., oz. 15c., lb. $1.00, 10 lbs. $8.00, 100 lbs. $80.00. By express or freight, $10.00, 25 lbs. $15.00, 100 lbs. $50.00.

**DETOIT RED TURNIP.** Our strain is extra good. Oz. 10c., oz. 15c., lb. $1.00, 10 lbs. $8.00, 100 lbs. $50.00. By express or freight, 25 lbs. $15.00, 100 lbs. $50.00.

**MOORE'S DAINTY BLOOD RED KEEPING BEET.** A splendid sort for the home garden. It is one of the best for fall crop, or to store for winter use. It makes a fine sort for second early. The outer color is dark, the inner color is blood red and of excellent quality. The tops are light green, are medium in size, changing to a dark color, and the leaves remain tender for a very long period. Pkt. 10c., oz. 15c., lb. $1.75. By express or freight, 25 lbs. $15.00, 100 lbs. $50.00.
Something New and to the Point

You Can Make Good Money Growing Moore's New All Season Beet on that Land of Yours.

The public wants this beet and will pay fancy prices for it. It has all the desirable qualities to make big money for you all the year round, no matter whether you grow it for your home market or distant shipping, your profits will be big.

It is the Wonder Beet by All Test

No matter whether you plant a quarter pound or one hundred pounds, you should not fail to include Moore's All Season Beet. It means big profits to all who plant it, either for an early or summer, fall or winter crop.

We offer the following varieties: Early Beauty, Jersey Wakefield, Large Early Oxheart, Charleston Wakefield; Early Stonehead, Model Summer, Succession, Early Flat Dutch and Early Drumhead.

Our cabbage plants are shipped direct from our growing station by mail or express. They will carry thousands of miles in good condition. We can fill orders from December 1st to May 1st. We guarantee delivery while our stock lasts.

Planting directions are given on the back of each carton. No plants sent C. O. D.

We have eaten of nearly all varieties of beets grown in this and other countries and pronounce the New Golden Ball the finest flavored and tenderest yellow fleshed beet grown. No matter how old the beet may be, the exquisite flavor and tenderness remain; this peculiar quality causes it to be one of the best varieties for the family garden. In earliness it is equaled by none, and when sown late is excellent for winter use. In size of root and top it closely resembles our Wesleys Early. The beautiful yellow color makes it a unique table ornament—as buttered beets it is a real table delicacy. Everyone with a family garden should plant this very toothsome variety—it will surely please all.

We advise Parcel Post shipments for all orders, as there is less danger from delay. Orders are filled by the 100, not 250 or 350. These prices are for even quantities of one variety to package; if you ordered 200 of one variety and 300 of another variety you would pay at the 100 rate.

GET FANCY PRICES AND BIG MONEY FOR EARLY TRUCK;

This will be found an excellent substitute for glass (at a great saving in price), in protecting from frost all kinds of seeds and plants in which glass sashes are used in early spring. It admits sunlight, sheds rain perfectly. It is of great value to market gardeners and florists who grow either hardy or tender plants. We have found it excellent in protecting and forwarding all kinds of seeds and plants for which glass sashes are used in early spring. It can be found to be of great value to customers who grow cabbage, eggplants, lettuce, pepper, tomato and other plants. It possesses all the advantages of regular glass and is far more practical. Easy to use, no putty, no costly sash, defies wind and weather, practically non-breakable, flexible, light and permanent. A wonderful invention that saves time and money and gives full satisfaction. It is not affected by the sun, cold, rain, frost, snow or hail; dogs cannot break it, neither will the wind. Comes in lengths 100 feet long and 3 feet wide. (Free sample on request.) Prices, 1 piece $1.00; 2 pieces $1.75; 1 piece 3 feet by 30, $1.17; 5 feet by 30, $2.25; 1 piece 3 feet wide and 100 feet long, $4.00; 1 piece 200 feet long and 3 feet wide, $9.00; 300 running feet, $13.00. We recommend this for hot beds, cold frames, out and poultry houses instead of glass throughout the United States and Canada. Send for sample and circular. Can be sent by parcel post at very small cost. Celio double-pointed tacks, 8c. pkg., postpaid. Parcel post weight of 10 linel feet, 4 lbs.; 100 linel feet, 35 lbs. Sample and leaflet free.
BEETS—Continued

LUMP OF SUGAR. Early! Yes; it will mature fine specimens in 40 days from sowing for the progressive market gardener. A great acquisition. Color outside is deep blood producing 40 to 60 bushels to the acre. Pitt. 10c., oz. 15c., 1 lb. 75c., 5 lbs. $1.50. Postpaid.

Moore’s Superior Sugar Beets and Mangel Wurzels

In our opinion no crop is a better paying investment for farmers to grow than Mangel Wurzel Beets. The value of these for stock feeding cannot be over-estimated. The results from their use are wonderful, as is clearly shown in the improved health and condition of animals, the increased yield of milk in cows, and the great saving of hay for winter feeding. Mangels are a valuable food to stock or dairy farmers who feed liberally of roots. Mangels are a valuable food to

SUGAR BEETS—Continued

MANGEL. A famous English sort. A very heavy cropper, frequently disappoints even the most productive and a sure header. Pitt. 10c., oz. 15c., 1 lb. 75c., 5 lbs. $3.50, 10 lbs. $6.50. Postpaid.

NEW MILK AND BUTTER MANGEL. One of the most valuable varieties and a very heavy cropper. Pitt. 10c., oz. 15c., 1 lb. 75c., 5 lbs. $3.50, 10 lbs. $6.50. Postpaid.

ITALIAN GREEN SPROUTING (The True Milan Strain). Our Italian green broccoli is easily grown; will withstand as much cold as cabbage. Plant seed in rows one foot apart. Leave stand 4 inches apart after transplanting and give 12 to 15 inches. Cut in lengths 2 to 4 inches long, cook and serve like asparagus. The small green heads are most delicious. Pitt. 25c., oz. $1.00, 4 ozs. $3.50, lb. $12.00. Postpaid.

New Early Gem Cabbage

THE BEST FIRST EARLY CABBAGE

Procurable only from

THE MOORE SEED CO., Philadelphia

A valuable new acquisition for all who grow early cabbage. Earliest hard heading cabbage known. A great boon to the market gardener.

All who plant EARLY CABBAGE should plant this. It means big money to all who plant it.

It has taken us ten years of hard, continuous labor to produce and perfect the New Early Gem Cabbage, which foretells earliness and hardness of head, in the peer of early sorts. Everywhere cabbage is grown specialists have been striving to combine a hard head with earliness and it must be conceded that until now all these efforts have failed and that the great desideratum has been left to us to accomplish. We feel confident that at last a variety has been produced which combines extreme earliness in harvest and in size and good taste; likewise delicious flavor, tenderness, sweetness and productivity. This is another valuable feature which it possesses and should be taken into consideration by all, viz.: Its compactness of growth. Notwithstanding the large size of its head, the leaves are very few, small and set close to the head. So compact is its growth that 14,520 heads can be grown to the acre with no special care.

Enkhuizen Glory.

The heads are very solid, with few outer leaves, and of such compact growth as to permit quite close planting, thus increasing the yield on a given area. They are of medium size (weighing from 6 to 8 pounds trimmed), round, tender, and of fine flavor.

Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25, 2 lbs. $4.50, 2 lbs. $5.00. Postpaid.

Moore's Selected Beauty Wakefield.

This is the best type of early cabbage known. We are the only firm who have had a chance to test it under cultivation. The heads are remarkably hard, outer foliage small, and capable of being planted very close. It has always been our aim to secure the very finest strain of this important variety, and it pleases us to state that we have fully realized our object, and now offer to our friends this valuable feature to the opportunity to get extra stock of this valuable early variety.

Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $2.25, 2 lbs. $4.00, 2 lbs. $22.50. Postpaid.

New Early Copenhagen Market.

For many years past the true type of this valuable variety of onions has not been offered by any American seedsmen. We are pleased to announce that we now offer to our patrons the very finest strain of this important variety, and we hope they will avail themselves of the opportunity to get extra stock of this valuable early variety. The heads are very solid, with few outer leaves, and of such compact growth as to permit quite close planting, thus increasing the yield on a given area.

Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25, 2 lbs. $4.00, 2 lbs. $5.00. Postpaid.

CHARLESTON LARGE EARLY WAKEFIELD

The uniformity and trueness of this variety is assured. It is particularly adapted to thin, light soils. This is a great acquisition, as every cabbage grower will admit. It is a great acquisition, as every cabbage grower will admit. It is a great acquisition, as every cabbage grower will admit. It is a great acquisition, as every cabbage grower will admit.

Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25, 2 lbs. $4.00. Postpaid.

PHILADELPHIA EARLY WINNINGTADT

Much superior to imported seed. Solid heads with short stems.

Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25. Postpaid.

Postpaid Frost Proof Onion Plants will afford you a sure opportunity to make money.

See page 10.

FROST PROOF CABBAGE, all profitable sorts, see page 9

MOORE'S ALLHEAD EARLY CABBAGE BABY HEAD OR FORCING

The small, round heads are remarkably solid and the most uniform in color, form and size of any variety. The hard heads grow so free from spreading leaves that fully two thousand more heads than usually with large cabbage can be obtained to the acre. It is really an all-year-round cabbage, being equally good for winter. If planters everywhere would admit of close culture—upwards of 12,000 can be planted to an acre. Our market-garden friends will be pleased to know that it does not burst open like the Wakefield. It is particularly adapted to thin, light soils. This is a great acquisition, as every cabbage grower will admit. It is a great acquisition, as every cabbage grower will admit. It is a great acquisition, as every cabbage grower will admit.

Pkt. 10c, 3 pkts. 25c., oz. 50c., 1 lb. $1.25, 2 lbs. $5.00. Postpaid.
MOORE'S EARLY STONEHEAD CABBAGE

A highly interesting and valuable novelty for all who grow cabbage for home use or market or for long-distance shipping. We highly recommend it to all Southern cabbage growers. This superb new cabbage has created a veritable sensation wherever grown. It outyields and outsells any other early or second early flathead cabbage ever produced. Thousands say it is the best cabbage ever grown either for early, second early or late. It is justly said to be the most celebrated cabbage ever introduced. Moore's New Early Stonehead receives nothing but the most enthusiastic and highest praise from all who grow it, no matter where, North, South, East or West. It is the earliest flathead cabbage ever produced. 40,000 pounds per acre is not an unusual yield. Moore's New Early Stonehead Cabbage will surely please all who plant it. A good distinct type all by itself. An early, very hard heading variety maturing from three to five days later than our Early Oxheart. Somewhat flat to globe shaped, small ribbed leaves, small, very close and of fine, delicate texture; can be planted very close, about 20 inches in the row. A money maker for market gardeners, and very suitable for the home garden. Heads medium size, heavy and hard—solid as a stone—our customers say. It is a sure solid header, always produces a crop, the heads though hard never burst. The superb hard heads are excellent for making slaw or sauerkraut, and owing to their great solidity keep well when stored for winter use. A fine type for selling in baskets. It is now extensively grown in all parts of the country and is universally pronounced a great success. Pkt. 15c., 2 pkts. 25c., oz. 50c., 1 lb. $1.50, 5 lbs. $7.50, postpaid.

C. L. Wrigley, Harrisburg, Pa., writes:—"I have been growing cabbage for 30 ears and had nothing to equal Moore's Early Stonehead. It is great."

NEW MODEL SUMMER CABBAGE

The grandest large heading summer cabbage in existence. The finest type of summer cabbage in existence, whether for medium early, main summer crop or even early fall or winter use. You will miss a wonderfully good thing if you don't plant it. We class it as a second early sort, coming in a few days after our Early Stonehead, much superior as a summer sort to succession, being double the size with no tendency to run to seed nor drop the leaves during hot summer days. We say, without exaggeration, that it is the finest summer and surest heading cabbage in existence today, and for summer use it has no equal. It is the cabbage in every respect for the market gardener or private planter, being large in size, handsome in color and of the finest quality. The quality is excellent, tender and sweet. Pkt. 10c., 3 pkts. 25c., oz. 40c., 1 lb. $1.25, 10 lbs. $4.00, 5 lbs. $17.50, postpaid.

MADE BIG MONEY

"I have made big money every year by planting your Model Summer Cabbage. Had in over five acres last year and seven acres this."

THOS. S. MYERS, Madison, Wis.
BRUNSWICK NETTED SAVOY

"The Hardest Heading and Best Variety for Early or Late Crop. Heads large, compact, solid and deliciously tender and sweet, and well adapted for either early summer or late autumn and winter crop. Entire crop of it will keep in perfect condition until May. It also differs from all other kinds of Savoys in making heads as hard as a rock, standing late frosts in the field better than the Lee or Marwin strains. Its rich, sweet, dark, smooth, oily appearance and fine, curly, netted quality and uniform reliability to produce solid, firm heads of good size during the most unfavorable weather. Pkt. 10c., 3 pkts. 25c., oz. 90c., lb. $2.75, 5 lbs. $14.00, 10 lbs. $25.00, postpaid.

HAINES’ PERFECTION LATE BEAUTY

Our attention was first called to this new late cabbage by the raiser, Mr. Albert Haines, of Burlington Co., N. J., who for many years kept in his own family a small garden. A little to his friends at $10.00 per lb. Many of those who grow it pronounce it different and superior to all other late sorts. The interior is creamy white, compact and crisp, flavor especially fine. Produces enormous solid heads, averaging from fourteen to twenty pounds, and when especially grown will often reach thirty pounds each. We pronounce it the best late sort for winter keeping and shipping we ever introduced. Every plant makes a beautiful large solid head, which we usually sell above the highest market price. A field of this cabbage presents such a beautiful and interesting sight that it is no uncommon thing, for cabbage growers to drive many miles to view it. Many cabbage growers write us annually that they realize from $1.00 to $2.00 per 100 heads more from this sort than any other. If you grow late cabbage you will miss an excellent opportunity to make money if you fail to plant it. We offer it at the extremely low price of pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.00, lb. $4.50, 1 lb. $8.50, postpaid.

LARGE DARK RED DANISH

(Danish Round Red.) We unhesitatingly pronounce this the best of all late Red Cabbages, producing uniform large solid heads, a fine keeper, of a rich, deep red color, which extends to the centre of the head, and the best of all late sorts for market. Many of the heads average eleven pounds each. It also keeps longer than any other red variety, and never fails to head, and of close compact growth. Cabbage growers will find this a very profitable sort for any market. This famous red cabbage sold for $98.00 per ton f. o. b. loading station last season. Twenty tons per acre is not an unusual yield. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.00, lb. $3.00, lb. $7.50, lb. $30.00, 10 lbs. $50.00, 20 lbs. $100.00, 50 lbs. $250.00, 100 lbs. $500.00, postpaid.

NEW ROYAL DANISH BALL HEAD CABBAGE

PROCURABLE ONLY FROM THE MOORE SEED COMPANY, PHILADELPHIA

The True Danish Round Head Type. It is the best of all the Danish cabbages. Early, hard head, short stem and the best keeper of all. Always commands a higher price than any other type of Danish cabbage. 40,000 pounds per acre is no unusual yield. The magnificent heads are nearly round, very hard and solid, and the best keeper of all the types of Danish or Hollander cabbage. A very robust grower, close outer foliage, never rots or blights in the field, and about two weeks earlier and shorter stem than the old type. The heads when trimmed are of a beautiful, attractive clear white. Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $2.75, 5 lbs. $14.00, 10 lbs. $21.50, postpaid. Genuine Yellows resistant strain.

We will quote special low prices to buyers of 25, 50, or 100-lb. lots.
CAULIFLOWER

MOORE'S ITALIAN GIANT EARLY SUREHEAD CAULIFLOWER

Italian Giant Early Surehead is the very best early Cauliflower in cultivation, either for forcing under glass or for outdoor planting, not excepting any variety, and we challenge the world to produce a finer, handsomer, larger or earlier Cauliflower than our Italian Giant Early Surehead. It is remarkable for its extra earliness and certainty to produce fine, hard, perfect, compact, heavy heads of finest quality. Many heads often measure twelve inches in diameter. It is the earliest of all Cauliflowers, and is becoming the standard everywhere. Whether for forcing under frames in greenhouses or open ground it is the surest header in existence—it is a gem. On account of its very dwarf and compact habit and short outer leaves it is particularly well adapted for forcing during the winter or early spring. Whoever essays to grow this most delicious vegetable, either for home use or market, should plant this variety. Of dwarf, compact habit and short leaves, enables it to be planted very close—20 inches apart each way. This variety has given the very finest results wherever planted, for a late crop. While we originally recommended it for an early crop, we, as well as hundreds of our customers, find it superior to all other sorts for a late or autumn crop. The heads are very compact and deep, closely set and heavy and entirely free from any yellow or purplish tinge while young, thus insuring fancy prices. One grower, of fifty years' experience, says he has "got fifty per cent, better satisfaction from it than from any other advertised early sorts." If you grow Cauliflower for home use, home market or to ship long distances, it is surely the best sort for you to plant. Spencer Cummings, Cramer Hill, N. J., writes: "I fonce four houses 20x100 of your Italian Giant Surehead Cauliflower every winter and find this variety decidedly more productive than either Snowball or Snowstorm, and I have had both the later sorts from the introducers," Pkt. 25c., double pkt. 50c., 4 oz. $2.00, oz. $3.50, lb. $3.50, postpaid.

Moore's Earliest Perfection. One of the earliest and best for forcing. Pkt. 50c., oz. $1.50, oz. $5.00.

You Should Start Your Cauliflower, Tomato and Egg Plants in our ready to use Perfection Plant Bells and Pots. They will enable you to have these delicious vegetables from two to four weeks earlier than when grown by the old method. 8 x 3 x 3 is the best size. See page 51 for description.

Improved Early Snowball. Extra quality. A really fine variety generally. Sure to head. We have the finest possible strain of this prominent variety. Pkt. 25c., oz. 35c., 1 oz. $1.50, lb. $4.00, lb. $20.00, postpaid.

Champion Dry Weather Cauliflower

This is an entirely new and valuable type of Cauliflower, producing large, solid, pure white heads a few days later than our famous Italian Giant Early Surehead.

On account of it being very deep rooted, which insures abundance of moisture, and having unusually large leaves which furnish greater protection to the heads, this sort is found to head perfectly in dry or warm weather. In localities subject to excessive dryness, this variety has produced beautiful large, heavy, tender heads when all other sorts failed. It will thrive anywhere in the United States or Canada. Many of our customers, in Texas, Arizona, Oklahoma and New Mexico write that heads of the finest quality, weighing from 10 to 15 pounds, are not uncommon by the use of our new Dry Weather Strain and our Italian Giant Early Surehead. This delicious vegetable can be had at any time of the year. We may also say it is a grand good sort to plant for first early; it thrives even better on excessive dryness, this variety has produced beautiful large, heavy, pure white heads a few days earlier than when grown by the old method. This most delicious vegetable, either for home use or market, should enable you to have these delicious vegetables from two to three months earlier than when grown by the old method. They will grow perfectly in dry or warm weather. In localities subject to excessive dryness, this variety has produced beautiful large, heavy, pure white heads a few days earlier than when grown by the old method.

CRESS

Fine Curled (PEPPER GRASS). Grows very quickly and readily from seed sown thinly in drills during the spring, summer, and fall months. The leaves are finely curled and quite ornamental. The flavor resembles that of mustard. Make repeated sowings every 10 days from early spring until early fall. Pkt. 10c., oz. 15c., 4 ozs. 35c., lb. 55c., lb. 80c., postpaid.

Water Cress One of the most appetizing, delicious flavored of small salads. It does fairly well in very moist situations, but thrives best in shallow water on edges of streams, where it grows most luxuriantly. Pkt. 10c., oz. 50c., lb. $1.25, lb. $4.25.
CARROTS—Best Market Sorts

We have exercised the greatest possible care in selecting the best varieties of Carrots, and the careful manner in which the seed has been saved will insure our customers purity of strain and the most satisfactory results from sowing our Carrot Seed. Market gardeners derive great satisfaction from sowing our Carrot Seed.

French Red Forcing. (See cut.) An excellent new and distinct American carrot; very symmetrical in shape and of a beautiful, deep golden orange color, without core. The stock is so finely bred, and the carrots have attained such uniform shape, that they are almost exact duplicates of each other. It is earlier than the Danvers; the leaves are one-third shorter; fewer and finer than the well-known Danvers sort. It is an excellent sort for growing under glass or outside, at any season of the year. It grows without neck; the crown is hollow; and it grows well under the ground, which prevents it from becoming soft and flabby—a very important feature. Its table qualities are unequalled, while its yield is enormous. Neither does it crack open like many other sorts. Pkt. 10c., oz. 25c., 4 ozs. 40c., lb. $1.20, 5 lbs.$5.00. Postpaid.

Ox-Heart or Guerande. It is intermediate as to length between the half long varieties (such as Danvers and our New Perfection Rubicon) but much thicker than the latter top about three inches in diameter. Pkt. 10c., oz. 20c., 4 ozs. 40c., lb. $1.20, 5 lbs.$5.00. Postpaid.

Chantenay. They are a little longer than the French Forcing, being thicker at the shoulder and hence more productive. Extra fine stock. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. $1.50, 5 lbs.$6.50. Postpaid.

Moore's Favorite Carrot. Would you consider 800 bushels an acre a good crop? We think you would. However, many of our customers think anything less than 1,000 bushels an acre not a good crop. We have many large carrot growers who year after year take a harvest of 1,000 bushels from each acre, some with catches such as some with our Favorite Carrot, and records run as high as 1,666 bushels per acre on good sandy loam fertilized with good stable manure at the rate of 15 tons to the acre. Our illustration shows its Pegtop, which is darker than our Rubicon and grows darker than two inches longer. The quality is the best and it holds its fullness well down to the point. Very smooth and handsome; top small; keeps well for bunching. This carrot always commands the highest price on any market. Don't fail to plant it heavily. Pkt. 15c., oz. 30c., lb. $1.00, lb. $3.50. Postpaid.

Long Red Surrey. A great improvement on the various types of Long Carrot Seed. Obtained by a careful selection for successive years of the best-formd and deepest-colored roots; it is larger, better flavored, of a deeper orange color, and more certain to produce a crop than any other early sorts. Root blunt about five inches long and 1½ inches through. Clean skinned, white fluffy, delicate flavored, blunt root about 6 inches long, fine color, excellent for bunching. Pkt. 10c., oz. 25c., 1 lb. 75c., lb. $1.75. Postpaid.

Reselected Prize Danvers Half Long. (Kreessen's Stock.) Seed grown by a leading Philadelphia market gardener. This route, very smooth, fine in texture, extra dark color, finest quality and the most satisfactory results from sowing our Carrot Seed. Market gardeners derive great satisfaction from sowing our Carrot Seed. Pkt. 10c., oz. 20c., 4 ozs. 40c., lb. $1.25, 5 lbs.$5.50. Postpaid.

French Imperial Carrot (New). A very fine type of early carrot grown in very large quantities for the Paris and London markets where it is so highly esteemed that it has supplanted most all other early sorts. Root blunt about five inches long, very symmetrical, smooth, a color of a very attractive, orange red, and of most excellent table quality. Top small, keeps well, suitable for early or late crop. Very profitable for the market gardener to grow either for bunching or bulking. Pkt. 10c., oz. 25c., lb. 60c., lb. $2.00. Postpaid.

MOORE'S DELICIOUS BUTTER CARROT.

People who never liked carrots before are delighted with the melting tenderness and sweet flavor of Moore's Delicious. It is a half-long blunt-pointed carrot with a small top. Fluffy, very small, fine texture, entirely devoid of stringiness. About 6 inches long and 1½ inches through. Clean skinned. Color, a beautiful rich orange-red, making it unusually attractive, and as tender as butter when served, hence its name. Pkt. 10c., 3 pkts., 25c., oz. 40c., 4 ozs. $1.00, lb. $3.50. Postpaid.
THOUSANDS OF MARKET GARDENERS

Throughout the United States acknowledge our Celeries to be the finest in existence, and use no other

MOORE’S SUPER GOLDEN PLUME CELERY

This new type of celery embraces many valuable and desirable qualities not found in any other sort. We unhesitatingly pronounce it the most profitable early crop celery for those who grow for the home market, and long distance shipper, no matter what part of the United States he may be in. It is a winner everywhere. The stalks are of a rich golden waxy color, very solid and of a delicious nutty flavor not possessed by any other sort. The beautiful appearance and strong vigorous growth of this celery is well shown in our Illustration. It has abundance of hearts and side shoots which are very crisp and tender. It blanches very easily and rapidly. Hundreds of our customers say it is rust and blight proof. Another important thing, its beautiful golden plume-like stalks cause it to sell on sight. It is a good keeper, and most admirable for long distance shipping. Its handsome golden color and rich, crisp, nutty flavor makes it the best selling early celery ever introduced. We unhesitatingly state that it is the most profitable early celery for market gardener or shipper can handle. Our 1927 crop of seed is not large but unusually good quality and we advise all our market garden customers to buy early. It spells satisfaction and prosperity to all who grow it. No commercial celery grower, large or small, should fail to grow it. Our “Yellows” resistant stock.

Price per pkt. 25c., 6 pkts. $1.00, 1 oz. $1.00, 1 oz. $2.00, 4 ozs. $6.00, 1 lb. $11.00, 1 lb. $20.00, postpaid.

MOORE’S NEW WHITE AREZZO CELERY

This new Celery from Belgium is a perfect gem, and we unhesitatingly pronounce this the best and most desirable of all celeries for winter use, either for the amateur or market gardener. It is of unusually vigorous, sturdy growth, making immensely thick and heavy stalks and heavy hearts, all remaining a beautiful light green until blanched by earthing up or being stored for winter. Height about 16 inches; an excellent keeper. It blanches to a clear white, when the stalks are extremely firm, entirely stringless and exceedingly crisp and possessing flavor surpassingly rich and nutty. We urge all celery growers to plant it freely. Pkt. 25c., 4 ozs. $1.00, oz. $1.50, 4 ozs. $4.00, lb. $15.00, postpaid.

NEW SILVER SELF-BLANCHING CELERY

Combines the grand qualities of the three most popular celeries grown: The sturdy, solid habit of our Golden Self-Blanching; the exquisite color and earliness of our Boston Mammoth White Plume, and delightful flavor of our Sweet Nut. This grand new celery is easily described as a Golden Self-Blanching plant with White Plume coloring. It possesses the robust, sturdy, compact habit of Golden Self-Blanching, the stalks being even thicker, more solid and heavy, with immense solid hearts and all brittle, crisp and tender, free from string and all the properties of delightfully rich flavor. Its extreme earliness renders it valuable celery for the market gardener. Pkt. 10c., 5 pkts. 25c., oz. 45c., 4 ozs. $1.25, 1 lb. $2.20, lb. $4.00, 5 lbs. $18.00, postpaid.

MOORE’S MATCHLESS LONG KEEPING WINTER KING (Zurrunners Stock)

A VARIETY OF RARE MERIT

Our many customers regard it the most desirable type of Golden Heart Celery known to the trade. Remarkable for its many long, broad, thick ribs and numerous “inside hearts” of the finest golden color. This variety blanches easily, keeps remarkably long in perfect condition. The ribs are unusually solid, firm, crisp, tender and delicious in flavor. We urge all celery growers to plant it freely. Pkt. 10c., oz. 40c., 4 ozs. $1.25, 1 lb. $1.50, 5 lbs. $20.00, postpaid.

NEW BROAD-RIBBED OR SWEET NUT CELERY

The ribs are thick, long, straight, remarkably tender, crisp and rich flavored, and possess a beautifully pearly-white color, hitherto unknown to White Plume. Pkt. 10c., 3 pkts. 25c., oz. 40c., 4 ozs. 95c., 1 lb. $1.55, lb. $3.00, 5 lbs. $15.50, postpaid.

MOORE’S SELECTED BOSTON MAMMOTH WHITE PLUME CELERY

The Purest and Best White Plume Celery in the World

This is a highly valuable celery for winter use. No other sort equals it in these valuable qualities. Again, it will not burn down in hot, dry weather. This is a highly valuable and important feature, as all celery growers well know. It is a strong, vigorous grower, distinct and handsome in appearance, of an exquisitely beautiful cream white color throughout. Its keeping qualities are second to none. Edible almost to the top of the stems. We commend it to the private planter, who requires the highest quality, and to the market gardener, who wants to have the best for his customers and whose aim it is to obtain the highest price for his products. Excellent for early or late use. Blanches almost as freely as our famous Boston White Plume. Pkt. 10c., oz. 40c., 4 ozs. $1.25, 1 lb. $2.15, lb. $4.00, 5 lbs. $18.75, postpaid.

SOUP CELERY. For flavoring. Oz. 10c., 1 lb. 25c., lb. 75c.

IMPROVED GIANT PASCUAL. Seed imported from France. Very select stock, brittle stalks, blanching golden yellow, no spongy or hollow stalks in our strain. Good for market or family use. Large broad-ribbed, very crisp. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.25, lb. $3.00, 2 lbs. $5.50, postpaid.

CELERIAC, OR TURNIP-ROOTED CELERY

NE PLUS ULTRA. Best market sort. Very large and smooth globular-shaped roots. The most profitable sort to grow. Pkt. 10c., oz. 30c., 4 ozs. 75c., 1 lb. $2.50, postpaid.
MOORE'S SELECTED MAMMOTH SOLID CELERY

The verdict of all who grow it is, "It is the best that grows," no matter where it is planted—east, west, north or south. It is the best strain of Golden Self-Blanching Celery that grows. It is particularly well adapted to growing on heavy much lands that have been reclaimed from swamp lands. Florida and Louisiana growers prefer this strain to all others. It is especially valuable to muck land growers, for as far as we know it has shown no disposition to blight, even on land where other golden self-blanching celery could not be grown on this account.

It always grows solid, robust, very crisp, and of delicious, good, nutty flavor. It is less affected with hot, dry weather than other old strains. The stalks are numerous, large, solid and of a remarkably beautiful golden-yellow. The heart shows a tinge of creamy yellow. The stalks are extremely stocky and the stalks average fully two pounds in weight. Because of its splendid appearance, Fordhook Celery always demands a good price in the market. The foliage is rich dark green and is resistant to disease and insect attacks. Good for fall and storing, and will keep in perfect condition to the great solidity and firmness of its stalks it stands shipment better than any of the strains from France or other parts of Europe.

Our strain of this is acknowledged by all who plant— and they are thousands—to be the finest and purest in existence, and far superior to any other. The stalks grow much thicker and taller and more solid than the old sort, and are of a more beautiful and a richer waxy golden-yellow color. Very solid and of a delicious nutty flavor. The beautiful appearance of this strain, which is of strong, vigorous habit, is well shown in the illustration. Our strain contains no green, has an abundance of hearts or inside shoots, is always solid, pithy or spongy stalks are unknown. No strain can surpass it, and ours will give the highest satisfaction to all who grow it. An excellent keeper and shipper. If you grow for home market or shipping you should not fail to plant our seed. It is the best you can get. Those who plant it always get satisfaction. Wm. Richman, of Bradenton, Fla., sold $3,150.00 of this celery from one acre of ground.

Pkt. 15c., 5 for 50c., oz. $1.00, 4 ozs. $2.50, lb. $12.00, 5 lbs. $55.00. Postpaid. Crop very short.

FORDHOOK CELERY. One of the Finest Nut Flavored Celery in Existence. A Heavy Yielder.

The heavy yield of Fordhook Celery is due to a large degree to the compact and dwarf growth of the plants. They average 15 to 18 inches in height. The outer stalks are bushy and remarkable smooth and extremely thick. The blanched stems are pure white and the heart shows a tinge of creamy yellow. The stalks are extremely stocky and the stalks average fully two pounds in weight. Because of its splendid appearance, Fordhook Celery always demands a good price in the market. The foliage is rich dark green and is resistant to disease and insect attacks. Good for fall and storing, and will keep in perfect condition to the great solidity and firmness of its stalks it stands shipment better than any of the strains from France or other parts of Europe.

Pkt. 15c., 5 for 50c., oz. $1.00, 4 ozs. $2.50, lb. $12.00, 5 lbs. $55.00. Postpaid. Crop very short.

Get Your Celery Seed from Us. We are Headquarters for the Best

Moore’s Famous NOX-ALL Easy-Blanching Celery

A FAMOUS NEW CREATION IN CELERY

Emphatically Distinct from Any Other Sort. The Easiest and Quickest to Blanch. Excels All Late Sorts in Long-Keeping Quality. The Earliest and the Latest in One Row.

This splendid Celery was named and introduced by us. It has already taken rank with other vegetables we have introduced, many of which are the standard of merit and have achieved a world-wide reputation. The original stock has been improved under our watchful care and it is to-day as near perfection as nature can make it.

Moore’s NOX-ALL Easy-Blanching Celery

Enables the market grower to command the market over the entire season, and so easily is it grown, that the amateur can produce Celery equal in quality to that which formerly could be grown only by skilled men equipped with years of experience.

The plant is of medium height, of great vigor—having thick rather than broad stalks with shallow ribs. The leaves are slightly, but densely crumpled, distinguishing it from any other variety. Its quality is superb.

The stalks are tender and brittle, and the flavor extremely spicy and aromatic, with a beautiful golden heart. Pkt. 15c., oz. $1.00, 4 ozs. $2.50, lb. $8.00, 2 lbs. $15.00 postpaid.

Moore’s Golden Crisp Celery (New)

Moore’s Crisp Golden Celery is absolutely the earliest maturing celery grown. It is large, vigorous, and appears to be immune to blight and rust. We highly recommend it to the market and amateur gardener for its attractive appearance, and the flavor when fully matured is most inviting; the foliage is creamy white, becoming almost white at the base and it has a large full-plumed center desired by consumers. It is brittle, crisp, tender and deliciously flavored.

SUGAR CORN

OF PRICELESS VALUE

TO MARKET GARDENERS

It is just like coinning good money to plant this corn. It is positively the earliest table corn ever introduced. Hundreds of carloads of this corn are shipped to New York City and Boston to every garden from one to ten bushels weekly, all the season. Big profits await all who plant it early. It is the true early "roasting ear" type. Every market gardener who wishes the earliest table corn of good quality must get should not fail to plant this exceedingly valuable sort. In our Moore's First Early Corn we have a truly remarkable and profitable extra early variety. It is positively the earliest table corn ever introduced. The hardiness of all varieties of corn, if they would secure all the advantages of this profitable extra early sort. Again, don't fail to plant it early. The stalks grow about five feet high, and nearly always have two, sometimes three, well-developed ears from six to nine inches in length. Leaves small and few. This is a very close planting corn and should be well fertilized to secure its wonderful productiveness. The grain is deep, pearly white, very tender, sweet and juicy, considering its extreme earliness. The ears mature very rapidly and should be picked when young. It required long and patient care, and as much as the expenditure of much money, to develop this variety; and we assure our market gardener friends they can easily amass large fortunes if they will plant it liberally for large markets. Big profits await all who plant it early. It is the true early "roasting ear" and you cannot make it easier, better or quicker than by planting Moore's First Early Table Corn. Can be picked ten days earlier than Coral, or any other sweet sort; worms do not bother it. There is no other early sort so good; it early, and we advise our many thousands of market garden friends not to be afraid to plant it early. It is a sure money-maker, and you cannot make it easier, better or quicker than by planting Moore's First Early Table Corn. Can be picked ten days earlier than Corral, or any other sweet sort; worms do not bother it. It is sure to be one of the most profitable corns for any market or home use. The quality is delicious; the ears large, from six to eight inches in length, holding ten to twelve rows of pearly white and unusually sweet grains. In earliness it follows immediately after our Moore's First Early Fodder is about six feet high, many stalks yield two or more ears, and it is a sure money-maker for all who grow it. It is also the best variety to plant for a late full crop. We cannot recommend it too highly to all our market gardener friends who wish to have the best quality and earliest productiveness for drying sugar corn. It can get it done and will not be so early that it cannot be planted at least two weeks after our other corns. If you grow it, you will be able to fill all orders for early corn. It matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

HYDE'S EARLIEST SUGAR

A characteristic of this variety is the fact that it matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

HICKMAN'S EXTRA EARLY THREE-EARED

A remarkably valuable early variety for market or home use, excellent quality, very productive, yielding from two to four beautiful large ears. Just think of it, three well-developed ears of delicious sweet corn on one stalk! It is a splendid money-maker for any market gardener. This, and our Moore's First Early and Hyde's Earliest will make big money at early prices and will sell for fancy prices, even in the most conservative market, and the sooner you start to plant the sooner you will receive the fruits of your labor. Our selected strain of Hikman's Extra Early Three-Eared has been carefully selected by our seedsmen for the northern states, and is desirable also for warmer locations both as second-early and for late plantings. Our selected strain, northern grown seed, and a big improvement on the old small-eared type of Golden Bantam. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

SEYMOUR'S LARGE GOLDEN BANTAM

It is of strong growth, the stalks averaging s feet in height. The ears are from six to eight inches long, and each ear holds at least twelve rows of pearly white and unusually sweet grains. In earliness it follows immediately after our Moore's First Early Fodder is about six feet high, many stalks yield two or more ears, and it is a sure money-maker for all who grow it. It is also the best variety to plant for a late full crop. We cannot recommend it too highly to all our market gardener friends who wish to have the best quality and earliest productiveness for drying sugar corn. It can get it done and will not be so early that it cannot be planted at least two weeks after our other corns. If you grow it, you will be able to fill all orders for early corn. It matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

MOORE'S FIRST EARLY TABLE CORN

An old and very popular variety both for home use and for market. Ears medium in size and frequently carrying on a stalk of delicious flavor and sweetness. Grains deep and small; matures somewhat later than our Snow White Evergreen. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

COUNTRY GENTLEMEN

An old and very popular variety both for home use and for market. Ears medium in size and frequently carrying on a stalk of delicious flavor and sweetness. Grains deep and small; matures somewhat later than our Snow White Evergreen. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

HYDE'S EARLIEST SUGAR

Our Hyde's Earliest is the best of all the extra early sugar varieties for market or home use. The quality is delicious; the ears large, from six to eight inches in length, holding ten to twelve rows of pearly white and unusually sweet grains. In earliness it follows immediately after our Moore's First Early Fodder is about six feet high, many stalks yield two or more ears, and it is a sure money-maker for all who grow it. It is also the best variety to plant for a late full crop. We cannot recommend it too highly to all our market gardener friends who wish to have the best quality and earliest productiveness for drying sugar corn. It can get it done and will not be so early that it cannot be planted at least two weeks after our other corns. If you grow it, you will be able to fill all orders for early corn. It matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

It is also the best variety to plant for a late full crop. We cannot recommend it too highly to all our market gardener friends who wish to have the best quality and earliest productiveness for drying sugar corn. It can get it done and will not be so early that it cannot be planted at least two weeks after our other corns. If you grow it, you will be able to fill all orders for early corn. It matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

HICKMAN'S EXTRA EARLY THREE-EARED

A remarkably valuable early variety for market or home use, excellent quality, very productive, yielding from two to four beautiful large ears. Just think of it, three well-developed ears of delicious sweet corn on one stalk! It is a splendid money-maker for any market gardener. This, and our Moore's First Early and Hyde's Earliest will make big money at early prices and will sell for fancy prices, even in the most conservative market, and the sooner you start to plant the sooner you will receive the fruits of your labor. Our selected strain of Hikman's Extra Early Three-Eared has been carefully selected by our seedsmen for the northern states, and is desirable also for warmer locations both as second-early and for late plantings. Our selected strain, northern grown seed, and a big improvement on the old small-eared type of Golden Bantam. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.

SEYMOUR'S LARGE GOLDEN BANTAM

It is of strong growth, the stalks averaging s feet in height. The ears are from six to eight inches long, and each ear holds at least twelve rows of pearly white and unusually sweet grains. In earliness it follows immediately after our Moore's First Early Fodder is about six feet high, many stalks yield two or more ears, and it is a sure money-maker for all who grow it. It is also the best variety to plant for a late full crop. We cannot recommend it too highly to all our market gardener friends who wish to have the best quality and earliest productiveness for drying sugar corn. It can get it done and will not be so early that it cannot be planted at least two weeks after our other corns. If you grow it, you will be able to fill all orders for early corn. It matures immediately after Hyde's Early. Large pkt. 10c., 3 pkts. 25c., 50c., pk. $1.50, 4 pkts. $5.00, 100 bushels, $8.50.
PLANT OUR FIELD GROWN TOMATO, PEPPER AND CAULIFLOWER PLANTS AND YOU WILL DOUBLE YOUR TOMATO, PEPPER AND CAULIFLOWER PROFITS

We Have One Hundred Million Plants Ready to Ship When You Wish Them

These are shipped direct from our growing station by mail or express. They are well hardened off and will carry thousands of miles in good condition. We guarantee delivery while our stock lasts. We offer the following varieties: Moore's Improved Globe, Livingston's Globe, and Greater Baltimore, Will Resistant Early Anna, Bonny Best, Moore's Selected Stone, all from special true type stock.

Prices, carefully packed, postage paid, to any part of the United States. In lots of 100, 250, 500, 1,000, 2,000, 4,000, 5,000 or more $4.50 per 1,000 plants; 500 plants for $2.00; 1,000 or more at $3.50 per 1,000 plants. Postpaid to your post office or R. F. D. box. Be sure to write your rural route number, box and post office distinctly.

Orders are filled by the 100, not 250 or 300. These prices are for even quantities of one variety to package; if you ordered 260 of one variety and 300 of another you would pay at the 200 rate.

Prices for strong plants by express, buyer paying express charges. In lots of 1,000 to 4,000 plants at $2.50 per 1,000; 5,000 or more at $2.00 per 1,000; 10,000 or more $1.75 per 1,000. Plants shipped for express shipment, 1,000 or 2,000 plants of a variety to package; they weigh about 25 pounds per 1,000 plants, packed for shipment. Your express agent can tell you about what the charges will be to your station. We advise Parcel Post shipments for all orders, as there is less danger from delay.

5,000 or more at $2.00 per 1,000; 10,000 or more $1.75 per 1,000. Plants packed for express shipment, 1,000 or 2,000 plants.

We stop shipping about May 1st.

Transplanted Tomato and Pepper Plants, fine stock, with mass of new roots.

Dainty Black Mexican Sugar Corn

Everyone who has seen this corn remembers it and the rich flavor, fine quality and pure sweetness and fine grain qualities in spite of its dark color, making it more and more of a favorite year by year. It is vigorous and has from 6 to 10 rows, ears 8 inches long; kernels black and purplish black and very sweet. Pkt. 10c., 3 pks. 25c., pt. 50c., qt. 55c., 4 qts. $1.50.

Golden Bantam Shoe Peg Sugar Corn

This new variety is a decided improvement on the well-known Golden Bantam, making a large ear, and surpassing that variety in its sweetness and delicious flavor. It fulfills the promise of the early Golden Bantam; the stalks bear two to four ears each, of a most desirable size for table use. In its green state the kernels are light yellow, but they cook to a bright golden yellow. The flavor of the Golden Bantam Shoe is rich, nut-like and delicious, which, together with its productiveness and early maturity, is bound to make it one of the most popular sugar corns in cultivation. Large pkt. 10c., 3 pks. 25c., pt. 50c., qt. 55c., 4 qts. $1.50, pk. $2.50.

Moore's New Snow White Evergreen

Should be planted by all

Market gardeners, canners and all lovers of good sugar corn will find it to represent the highest field-white, sweet, tender, fine quality and productiveness. It is the first of its kind and have long been waiting for. Ears contain sixteen or more rows of beautiful and delicious deep grains. Two and occasionally three attractive large ears are produced on each stalk. Another valuable feature is the grains retain their tenderness and their sweetness longer than any other late sort. It is profit and satisfaction to all who plant it. It always brings fancy prices. Our seed is limited, and we hope our many thousands of customers will send their orders in early as we wish every customer to have plenty of this wonderful variety. This seed is well worth the price asked. Large pkt. 10c., 3 pks. 25c., pt. 50c., qt. 55c., 4 qts. $1.75, pk. $2.50, bn. $8.50.

Stowell's Evergreen.

New Golden Giant Sugar.

Pronounced by those who grow it to be the most delicious sugar corn ever grown. It is a strong, vigorous grower and heavy yielder, with rich yellow grains; it has twelve to fourteen rows, and comes in after the earlier varieties. No stalk has less than two large ears. Just the sort for fine market trade, especially when sold direct to the consumer. Excellent sort for the family garden. We cannot say too much in its praise. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 4 qts. $1.75, pk. $2.50, bn. $8.50.

Howling Mob.

The stalks are of strong, vigorous growth, four and one-half to five feet in height, have abundant foliage, and generally produce two large ears to a stalk. The ears measure seven to nine inches in length, with twelve to fourteen rows of good-sized, pearly-white grains, and mature with our Hickman's Three-eared. The ears are two and occasionally three attractive large ears, of a most desirable size for table use. In its green state the kernels are light yellow, but they cook to a bright golden yellow. The flavor of the Golden Bantam Shoe is rich, nut-like and delicious, which, together with its productiveness and early maturity, is bound to make it one of the most popular sugar corns in cultivation. Large pkt. 10c., 3 pks. 25c., pt. 50c., qt. 55c., 4 qts. $1.50, pk. $2.50, bn. $8.50.

Cooper's Large Early Shoe Peg.

With this variety we have obtained this delicious sort by Mr. Thomas Cooper, Newport, R. I., who has grown quite wealthy by marketing it to the best canned buyers in Boston and New York. The productiveness of this sort is simply prodigious. When grown on good ground and well suckered, ears of 10 inches in length are often developed. The cob is very small, the grain deep and large. Eight to 10 rowed; ears about 8 inches long; kernels bluish-purple to black and very sweet. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 4 qts. $1.40, pk. $2.40, bn. $7.50.

Moore's Late Concord or Improved Late Mammoth.

We have obtained this delicious sort from Mr. Thomas Cooper, Newport, R. I., who has grown quite wealthy by marketing it to the best canned buyers in Boston and New York. The productiveness of this sort is simply prodigious. When grown on good ground and well suckered, ears of 10 inches in length are often developed. The cob is very small, the grain deep and large. Eight to 10 rowed; ears about 8 inches long; kernels bluish-purple to black and very sweet. Large pkt. 10c., 3 for 25c., pt. 30c., qt. 50c., 4 qts. $1.50, pk. $2.75, bn. $8.50.

Moore's Late Concord or Improved Late Mammoth

It is strictly an evergreen sort; in remaining long in edible condition it ranks with the best, and is admitted to be the most "everlasting evergreen" of all sweet corn, and much superior to the old late Mammoth—more and bigger ears to a stalk, also deeper grained. The ears are of extra large size, mostly 2 to a stalk, grains deep, exceptionally tender and sugary, and have the advantage, as we said above, of remaining longer in the green state than any other. Our stock has been carefully grown and selected. Large pkt. 10c., pt. 30c., qt. 50c., 4 qts. $1.75, pk. $2.50, bn. $8.00.
Field Corn

POOR MAN'S CORN

O NEW 90 DAY VARITY

YIELDS ENORMOUSLY

60 to 120 BUSHELS PER ACRE

MANY OF OUR MARKET GARDEN FRIENDS MAY NEED GOOD FIELD CORN SEED. YOU CAN GREATLY INCREASE YOUR CROPS OF CORN FROM 20 TO 50 PER CENT. BY A JUDICIOUS CHANGE OF SEED. THE LATEST IM-
PROVED VARIETIES ONLY ARE THE MOST PROFIT-
ABLE SORTS TO GROW. WE OFFER YOU THE BEST
FOR OTHER SORTS SEE OUR SEED BUYERS' GUIDE.

..Double Your Corn Crop...

ADVANTAGES OF CHANGING SEED CORN

There is perhaps no other crop that we raise that is so much benefited by the introduction of fresh seed from time to time as a field corn. Provided the change is to a well-selected stock. Our
best customers will not plant their own raising of seed at all, but
purchase their seed every year. They can grow nearly double the corn
on the same land that they can from their own raising, and of better
quality and more salable in the markets. Always “Change your

POOR MAN'S CORN

Possessing Magnificent Properties, Splendid Quali-
ties and Tremendous Possibilities. The Most
Valuable New Field Corn in the World To-day.

This great corn is the result of a series of crosses and subsequently by
a continuous systematic selection, accumulating systematic and super-
ior merits of its parents. We have evolved a superior new variety,
which we take great pride in introducing to many of our market
garden friends. This variety will yield from 10 to 20 bushels more
when dry 51 well-selected ears will make a bushel of shelled
com. This variety will yield from 10 to 20 bushels more
com to the acre than any other late sort. No matter
whether planted on high or low ground, its yield is equal.

KANSAS GOLDEN KING

Early Dent Corn.

This glorious corn combines solid merit, grows large ears and matures early. The ear
grows larger than the Leaming Corn, and on poor, thin soil will
yield 49 per cent more. For
many years we have made the
varieties of field corn a careful study and
through investigation we have seen sam-
ples of com grown in nearly every State in
the Union, and personally tested with the
union. We are confident that we have at-
tained this end in the Kansas Golden King
Early Dent Corn from the Great Elk Horn Valley,
Kansas. Will mature in from 80 to 85 days, stalks
vigorous, growing from 8 to 10 feet high without ex=
hausting the soil, and as it roots deeply,
and matures early. The ears are of good
size, handsome, with large, deep grains of a rich orange color, and very
small red cob, rarely producing less than two ears to the stalk. Husks
and shucks easily. It is also adapted to a greater variety of soils than
any other varieties, producing unusually well on light or heavy land,
whereas a poor variety would not thrive. Has matured com in 85 days,
planted May 25th. One hundred and thirty bushels shelled
com to the acre is common on good corn ground, with good, but not
extra, cultivation. Moreover, it commands the highest price. It
is destined to be planted largely. You should be among the first.

When Planting Your Corn

USE

Stanley's CROW REPELLENT

Will rid your corn crop of crows and other corn-pulling birds and animal pests, such as
gophers, woodchucks, prairie dogs, squirrels, etc.

STANLEY'S CROW REPELLENT

Protects seeds against rotting in the

Prevents loss of seed and labor of re-
planting land.

Price, large can, enough for two
bushels of seed corn $1.00, by mail
postpaid, $1.05. Small can, enough
for one bushel, $1.00; by mail, post-
paid, $1.10.
Moore's Earliest. Remarkable and Highly Valuable Early Cucumber. Has yielded $1,100.00 per acre. The superior and the best shipper of all White Spines. It is the variety that will return you the most money, no matter where you ship it. As an extra early White Spine cucumber there is no strain equal to this. It is truly an evergreen, retaining its beautiful dark green color until fully ripe. It is a sport from our famous Green Fournier Cucumber. We have devoted a number of years to the careful selection of the finest specimens for seed purposes, and herewith offer it to our many thousands of customers. Color is dark olive green, white or light spines running from blossom end. It is the earliest and finest formed of all the strains, and the best for home market or shipping. It is smooth, tender, crisp, remains green on the vine and after picking. It is very hardy. We recommend this as the best strain of extra early White Spine for the market gardener. It seems to be peculiarly adapted to both northern and southern soil and climate, always developing symmetrical fruit of a beautiful dark olive green color, from six to ten inches in length. At the same time it gives the earliest picking and the largest crop of any known variety. The vines are robust and very free from disease, which is so devastating to many varieties. Indeed, the fact of its combining every good quality, its ready and quick sale in our market at double common sort prices, its fine appearance and its remarkable, astonishing productiveness led us to give it the name of Ideal. We can heartily recommend same to all who desire a really matchless cucumber for shipping long distances, as it holds its beautiful dark green color longer than any White Spine hitherto introduced. Our word for it: Every cucumber grower should plant it. It will yield more money to the acre than any other sort. Pkt. 10c., oz. 25c., 1 lb. 50c., lb. $1.50, 5 lbs. $7.00. Postpaid.

Important to the Planter. All our Cucumber Seed is very carefully grown under our own supervision, from very carefuly selected stock seed. No two crops of seed are grown in succession on the same ground, thus avoiding all possibility of blight from this source. We also practice this policy in growing all our tomato, melon and potato seed. The careful and intelligent planter will at once realize that this method renders our seeds much more valuable than seeds grown in the usual way by others, and market gardeners, large planters and associations will get none but the very finest quality of this important seed from us, and we are prepared to furnish any quantity our largest planters may require.

MATCHLESS WHITE SPINE

(Private Stock)

This private strain we have had over ten years, and it is the most thoroughbred, uniform and shapely variety known among the White Spine type, not only for first early but for general crop as well. In quality it is unequalled. Vines are vigorous growers, heavy and long continuous yielders. Keeps green much longer than the yellow varieties. No sort excels it in crispness and flavor. Every market gardener and shipper knows how difficult it is to secure pure cucumber seed, and as this sort is absolutely without mixture, we are sure it will be quickly appreciated by all critical growers. Selected seed. Pkt. 10c., oz. 25c., 1 lb. 50c., lb. $1.50, 5 lbs. $7.00. Postpaid.

Early Fortune. Originated near Baltimore, Md., and is a fairly good type of early long White Spine. Our stock is very pure. Oz. 20c., 4 ozs. 55c., $1.25, 10 lbs. $10.00, postpaid.

Burrell's Early Klondike. Early, smooth, long and of good deep green color; good shipper pure stock. Pkt. 10c., oz. 25c., 1 lb. 50c., lb. $1.25, 5 lbs. $11.00, postpaid.

Jersey Extra Early Prolific Pickle. It is ten days earlier than the old Jersey Pickle and more productive. Pkt. 10c., oz. 25c., 1 lb. 50c., lb. $1.40, 5 lbs. $8.50, postpaid.

California Gem. A remarkably fine new sort of White Spine class. A great favorite in all markets, averaging twenty inches. Long and symmetrical and perfectly straight. Fruit are from 2 to 4 inches in diameter. Flesh pearly white skin a rich dark attractive green. Its wonderful yield, coupled with the high prices it sells for, makes it very profitable for the grower. A real good thing. Pkt. 10c., oz. 40c., 4 ozs. $1.40, lb. $4.75. Postpaid.

Davison Famous. Always straight and well formed, they never turn yellow, and critical buyers are willing to pay an extra price on market for these unseparated fruits. The originator says it is undoubtedly the finest long-fruiting strain in cultivation. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. 50c., lb. $1.00, 2 lbs. $2.00, 5 lbs. $6.00. Postpaid. LONDON LONG GREEN. Very nice market and table sort. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. $1.50, 5 lbs. $7.00, postpaid.

Boston Market or Prize-Taker. A great favorite. Oz. 40c., 4 ozs. 55c., 1 lb. $1.50, 5 lbs. $8.25, postpaid.

MATCHLESS WHITE SPINE!
New Green Fournier Cucumber. A new variety from France, of the highest merit, possessing that rich, dark green color which has been so long sought for but never before obtained. This is truly an ever-green, retaining its color until fully ripe. On sight, its distinct dark green color and smooth skin attracts the attention of every one interested. The fruit sets early and the vigorous vines abound in long straight, handsome fruits of the most desirable qualities; the flesh being peculiarly crisp and tender and the flavor delicate, high grade.

It is especially valuable to the local market gardener and those who have home gardens. Every one who grows cucumbers will be delighted with it. Pkt. 10c., oz. 25c., lb. 50c., 1 lb. $2.00.

M& S. GLADIATOR SLICING CUCUMBER.

These produce remarkably large and very solid fruits with few small seeds. Our seed is from the best English strains.

HORSE RADISH. Sets planted in May, small end down, with the top one inch below the surface, in rich, well-cultivated soil, will form radish of large size in one season's growth. Per 100 $0.50, by mail postpaid.

Maller-Krken or Bohemia. Much earlier and said to grow longer, thicker and smoother roots than the old sort. Will produce one-third more to the acre. Skin thin, flesh very white. Roots, ready for planting in 4 or 50c. per doz. 50c., 100 for $1.50, 200 for $2.60, by mail postpaid. By express or freight: Roots of uniform length, in bunches of 50: 50 for $1.10, per 100, $2.10, 200 for $3.50, 500 for $9.00, per 1,000, $15.00.

PARIS EARLY CLUSTER PICKLE. YIELDS FROM 250 TO 400 BUS. PER ACRE. UNAPPROACHED IN QUALITY, COLOR OR BRITTLINESS.

MONTAGUE'S GREENHOUSE CUCUMBER. This is a grand American variety for greenhouse culture. It is the result of years of careful selection by Mr. Montague, the most successful commercial cucumber grower in America. It has a wonderfully bright, glossy green color, and is far superior to any other American forcing sort. Wonderfully productive, tender, smooth, very even and regular in form; besides it brings the highest market price in every market. Fruit will average from seven to ten inches long. You will find it just right. Pkt. 25c., 6 pkts. $1.00, oz. $1.50, lb. $5.00.
Moore's Mammoth Green Curled Italian. New variety for summer or fall. Produces a beautiful and tender leafy vegetable. The entire plant is spiny, of a low, stocky branching habit, a continuous producer and very thrifty growth, with no disposition to blight like the older sorts. All say it is a perfect "Beauty." No seed saved from diseased plants. Southern market gardeners and shippers will find this variety the very best type of Black Beauty in cultivation. It will average from 10 to 15 days earlier than other sorts. Pkt. 10c., 3 pcks. 25c., oz. 50c., 4 ozs. $1.50, 1 lb. $2.50, 2 lbs. $4.50. Postpaid.

Early Purple Tokio or Early Long Purple

This variety has long fruits from 2 to 3 inches in diameter and from 5 to 8 inches in length. The fruits have a deep lustrous black skin. It is earlier than our Black Beauty, astonishingly productive and of most excellent quality. Valuable for shipping and the home garden. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. $1.50; 2 lbs. $2.50, 2 lbs. $4.50. Postpaid.

Marshall's Florida Highbush

Of strong, vigorous growth, with large fruits of uniform size and dark purple color; similar in form to our early black beauty Improved Black Beauty. Spineless, but not quite so dark in color. Pkt. 10c., oz. 50c., 4 ozs. $1.50; 1 lb. $2.75, 2 lbs. $4.75, 2 lbs. $9.00. Postpaid.

Kale or Borecole

We have found the following sorts to be the best for market or home use. One ounce will sow 200 feet of row; 4 lbs. will sow one acre.

Norfolk Green Curled Scotch. Long Standing.) Beautifully curled, tender and sweet. The best variety for forcing in frames or outdoor culture. The best and most profitable for all market or fall sowing either north or south, enormous cropper. Compact grower. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50.

New Dwarf Wonder. Beautifully curled, long plume-like leaves, heavy long continued yielder. If not cut too close to the ground it will yield continuously from spring until winter. Outre Hardy; the best and most profitable for spring sowing either north or south, enormous cropper. Compact grower. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50.

Kohl-Rabi or Turnip Rooted Cabbage

Earliest Erfurt White. The shortest leaved and best early market variety, being entirely stringless, tender and sweet. The best variety for forcing in frames or outdoor culture. The best and most profitable for all market or spring or fall. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50.

Smooth White Short-Leaved Vienna. Extra stock and better than the large London Flag. The best for market use. The best white keepers. Pkt. 10c., oz. 30c., 1 lb. 85c., 1 lb. $3.00. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $3.75, 2 lbs. $7.50. Postpaid.

Kohl or Rabi

Sir Ayton Castle Winter (New.) The largest and best sort, of exceedingly fine quality and good flavor. Very hardy, enormously productive. The best for market use. The best white keepers. Pkt. 10c., oz. 30c., 1 lb. 85c., 1 lb. $3.00. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $3.75, 2 lbs. $7.50. Postpaid.

Smooth Purple Short-Leaved Vienna. Pkt. 10c., oz. 30c., 1 lb. 85c., 1 lb. $3.00. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $3.75, 2 lbs. $7.50. Postpaid.

Largc Improved New Giant Italian. Extra stock and better than the large London Flag. The best for market or home use. Pkt. 10c., oz. 30c., 1 lb. 85c., 1 lb. $3.00. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $3.75, 2 lbs. $7.50. Postpaid.

Moore's Mammoth Prizetaker. Entirely dis¬

 mounding of all others. Very hardy, mild flavor, and attractive bright white color, handsome, blanched. The best for home garden or market. Pkt. 10c., oz. 30c., 1 lb. 85c., 1 lb. $3.00. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $3.75, 2 lbs. $7.50. Postpaid.
MONEY-MAKING LETTUCE

SUPERB VARIETIES FOR HOME MARKET OR SHIPPING. Each One Illustrated
Bigger Crops, Bigger Prices, Bigger Profits Are Assured to All Those Who Plant Moore's Lettuce Seed

The Best Early Lettuce Ever Introduced.

**MOORE'S EARLY CABBAGE HEAD LETTUCE**

A Grand Large Early Cabbage Lettuce. Wins Praise from All Users.

**MOORE'S EARLY MAY KING**

Our many customers will find in our strain of Early May King we have to be a big improvement over the original type. The plants are of quick growth, practically all head and extremely handsome. From early spring plantings in the open ground they grow quickly to a diameter of six to seven inches with the broad, light-green outer leaves folded closely about the round solid head; in cool weather the edges of these outer leaves are never tinged with brown. The inner leaves (practically the entire head) are blanched to a rich golden yellow and have a specially fine, rich buttery flavor. The round solid heads are so firmly packed that they can be shipped to distant markets and arrive in good condition. We recommend repeated plantings in the spring, and again during August and September. Pkt. 10c., oz. 15c., 1 lb. 75c., lb. $1.00, 2 lbs. $2.25, 5 lbs. or more, $2.75 per pound, postpaid.

**UNRIVALED LETTUCE**

This is a new variety, and has proved to be a very valuable acquisition to the Lettuce family. It is very early in maturing, being fit for use several days earlier than Big Boston, which it resembles somewhat in appearance and in the size of the head. Our Unrivaled Lettuce is pale green in color, showing to creamy white at the center of the head, which is formed of closely wrapped crispy tender leaves, giving it great compactness of form. We highly recommend this sort for a summer crop, feeling confident that it will become a prime favorite for the home garden or market. Our seed is grown by the originator. Pkt. 10c., oz. 15c., 1 lb. $1.25, 2 lbs. $2.40, 5 lbs. $7.50, postpaid.

**WHITE NORMANDY STONEHEAD**

Heat resisting; a sure header; slow to run to seed; not affected by the hottest weather. This superb new variety was sent to us by one of the largest and most successful market gardeners in Normandy, France, where it is grown to the exclusion of all other varieties. Normandy is noted for its hot, dry summers. Notwithstanding this, the White Normandy produces large, solid heads during the entire season. The trials we have made of it during the past three years in various parts of the country show it to be a remarkably valuable variety for the United States. The heads are large and firm, tender, crisp and clear white inside, and of a beautiful shade of light green on the outside. It is well adapted for spring, summer and autumn crops, and will produce the finest marketable heads where other varieties fail utterly. It will withstand more cold weather in the open ground than any heading sort known. In fact, there is not a variety which it does not makes it valuable for a late fall crop in northern States, but to winter lettuce growers in the South this cold-resisting feature makes it invaluable. Pkt. 10c., oz. 20c., 1 lb. $2.00, 2 lbs. $4.00.

**MONSTROUS.**

Every plant, heads, and the heads are uniformly shapely, very large and thick through, and of a beauty equal to that of a cabbage. They measure about ten inches across the solid head. The leaves are slightly crumpled, of a beautiful white color, and for tenetness it is unsurpassed by any existing variety. It heads very rapidly. A great favorite with Southern growers and market gardeners everywhere. It is especially valuable for open-ground culture and for growing under cotton or a late crop under sash. As a shipping sort it is the best carrier of all and always sells for the highest price. Every lettuce grower who plants it will be delighted with it. To sure to give it a trial on rich soil. Pkt. 10c., oz. 15c., 1 lb. $1.00, 2 lbs. $2.00.

California Monstrous
CHAMPION BIG BOSTON

PLANT CHAMPION AND GET THE BEST CROP.

The best lettuce you ever had. It is a standard main summer crop hot and dry weather. It heads dur-
ing hot, dry weather, when no other sort will. The heads are perfect, from seed to table, they are always
large, robust growing variety, rooting deeply, very slow to run to seed. It will stand longer without running to
seed, and is a very different and better than all other lettuce. It is bred with great care and with a
view of producing larger heads, with leaves that are less coarse and more compact heads and heads that will stand longer without
heading up uniformly and is among the best loose-leaf lettuces they ever had for summer use. Excellent for all market gardens. It should have abundance of water. Don't fail to try it. Pkt. 10c., oz. 25c., $1.50.

NEW YORK WONDERFUL LETTUCE

OR MOUNTAIN ICEBERG, ALSO CALLED LOS ANGELES

It produces immense heads, often 15 to 18 inches across, and weighing enormously. The interior is beautifully blanched, crisp, tender and delicious, being absolutely free from any trace of bitterness. It is a very large, robust growing variety, rooting deeply, very slow to run to seed, and it will stand in good condition fully two
weeks after it has headed up. It is much quicker to mature than either Big Boston or Mammoth Salamander.

Moore's Summer Gem

MOORE'S NEW SUMMER GEM

This is undoubtedly one of the largest heading varieties of all summer lettuces and particularly valuable for summer planting. The heads are large, from 15 to 18 inches across, form up rapidly and are of a beautiful creamy white color, very crisp and tender. Market gardeners in warm sections write us that it heads up uniformly and is among the most salable lettuces they ever had for summer use. Excellent for private gardens. It should have abundance of water. Don't fail to try it. Pkt. 10c., oz. 25c., $1.50.
LETTUCE—HIGH GRADE VARIETIES (Continued)

MOORE’S CALIFORNIA TENNIS BALL LETTUCE

This famous variety from California is the surest and hardest heading of all the crisp-headed varieties. It is most highly esteemed for its most highly esteemed for its large, compact solid head. The plants are of medium size, but produce large, conical heads, which are tightly folded and blanched to a beautiful silvery white. The outer leaves are a light green, finely fringed, and grow up closely about the large conical head. While it is especially adapted for midsummer, it is very desirable for spring and fall. The plants are of quick, strong growth, attaining a diameter of twelve inches under good cultivation. The unusual solidity of the heads is insured by the large white main ribs of the leaves, each of which curving strongly into the center, acts like a truss and expose the center, which is constantly thoroughly blanched. A good long-distance shipper. Pkt. $2.00, 2 oz. $4.00, 5 lbs. $19.00, postpaid.

WHITE BIG BOSTON. (Private Stock.)—Our White Boston will not fail to satisfy the most critical lettuce grower for home or garden or market. We are putting out this lettuce many years after many a beautiful solid white head with a tightly folded heart. Very thin, tender, and deliciously cut. A good long-distance shipper. Pkt. 10 c., oz. 20 c., 1 lb. 30 c., 10 lbs. 25 c. postpaid.

NEW FRENCH POULTRY LETTUCE. Probably every poultry raiser knows how eager poultry are to eat lettuce, how they seem to enjoy it, and when opportunity offers, to actually fight for it. The French and Belgians are said to produce the finest flavored poultry grown, and largely attribute their great success to the great quantities of a certain lettuce which they freely feed their fowls on. They freely feed their fowls on. After considerable expense and trouble we have succeeded in obtaining some of this valuable variety for our customers. It is a very strong grower, a small plot of ground will yield a prodigious quantity of this lettuce, which contains certain valuable properties both medicinal and of this valuable variety for our customers. It is a very strong grower, a small plot of ground will yield a prodigious quantity of this lettuce, which contains certain valuable properties both medicinal and food which make it so valuable to the poultry raiser. All kinds of lettuce eat it greedily—chickens, ducks, guineas and geese eat it with great avidity. Feeds fed in connection with other foods it keeps them in the best possible physical condition, and greatly increases the egg production, as well as imparting a delicious flavor to the fowl when cooked. It is a very cheap food, and very easily grown. We recommend sowing it in rows. When 8 or 10 inches high, it is ready to feed. Every poultry raiser, large or small, should, if possible, produce as cheaply as growing our New French Poultry Lettuce. Pkt. 10 c., oz. 20 c., 1 lb. 1.00, 10 lbs. 3.00. Postpaid.

ROMAINE CELERY—NEW

A GOOD NEW LETTUCE. Very profitable to grow. This new variety produces an unusually large, thick, and compact solid head. Very sweet and tender and is preferred to all other varieties of Cos lettuce. At Paris, where large quantities of it are grown for market, it is known as "Parisan Celery Lettuce." All large cities consume immense quantities of this variety. Grows about 10 inches high, and will blanch without tying. It is the best keeper and carries higher prices than other sorts of this variety. Can be had. Pkt. 10 c., oz. 20 c., 1 lb. 75 c., lb. $2.50, 2 lbs. $4.00, postpaid.

HORSE RADISH

MALINER-KREN or BOHEMIA. Much earlier and said to grow longer, thicker and smoother than the old sort. Will produce one-third more to the acre. Skin thin, flesh very white; medium size roots ready for planting. 6 for 50 c., 12 for $1.00, postpaid. By express, large roots, 50 roots $1.00, 100 $2.00, 200 $3.50, 500 $7.50, 1,000 $12.50.

IF YOU ARE INTERESTED IN POULTRY ASK US FOR A COPY OF OUR POULTRY SUPPLY CATALOGUE.
New Ordway Pink (Solid Netted)

No melon grower will make a mistake in planting this. It has a tough, thin rind, covered with a closely laced and interlaced grey netting. Most of a rich golden or a reddish-orange salmon, very thick, fine-grained and spicy, not containing too much water or acid; the flavor cannot be excelled. Seed cavity small and triangular. It is an abundant yielder, often producing from 20 to 25 delicious melons to the hill. Shape oblong, averaging six inches long and tapering at the ends. It is an excellent shipper and will carry nearly two weeks without loss. This melon has brought his hands of crooked-ribbed musk melons with our superior strains, and ship many thousands of pounds to the largest melon growers of the South and West. We attribute the popularity of our melons, as well as of other seeds, to our careful selection of the very finest specimens of our seed stocks, thus improving and breeding up our stocks to the highest state of perfection. Many of the best and most popular melons now known were first introduced by us. Correspond with us for SPECIAL PRICES if seed be wanted in large quantities, no matter whether it be 100 pounds or upward of any one variety.

Salmon-Tinted Rocky Ford No. 10-25

Salmon-Tinted Pollock No. 10-25 is probably planted more extensively for long-distance shipping than any other sort. Many of our California and Western growers buy this valuable sort from us in one-hundred-pound lots. The vines are highly rust-resistant. The meat of very fine texture is deep and firm. Color of meat green one-half the depth from the rind, the remaining one-half a rich salmon, giving it an attractive appearance. The netting is closely laced and interlaced, there being a subnetting underneath the outer netting. The size runs from standard to jumbo, and it yields a very heavy crop and invariably sells at outside prices. This is the favorite sort with California growers and other long-distance shippers. We offer the seed in grades only and that the very best.

Stock Seed Salmon-Tinted Pollock No. 10-25. Saved from the finest of the first melons to ripen. Large pkt. 10c., oz. 50c., 4 ozs. $1.75, 1 lb. $5.00, 10 lbs. $33.00, postpaid.

Burrell Gem This seed is cut from melons of the finest possible selection as to uniformity of size, shape, netting and quality. In fact, it is saved with the same care as we exercise in breeding up a new variety. Stock seed, solid net, pkt. 10c., oz. 25c., 1 lb. 45c., lb. $1.25, 2 lbs. $2.25, 5 lbs. $7.75, postpaid.

Parker's Extra Early (New)

Early, and is used in enormous quantities in the Eastern cities and at the seaside resorts. For many years we have been one of the largest growers of Melon Seeds in the United States and supply every season over our counter hundreds of truck gardeners with our superior strains, and ship many thousands of pounds to the largest melon growers of the South and West. We attribute the popularity of our melons, as well as of other seeds, to our careful selection of the very finest specimens of our seed stocks, thus improving and breeding up our stocks to the highest state of perfection. Many of the best and most popular melons now known were first introduced by us. Correspond with us for SPECIAL PRICES if seed be wanted in large quantities, no matter whether it be 100 pounds or upward of any one variety.

MATCHLESS EARLY MUSK MELON

It is a small melon, weighing 1 to 1½ pounds. The flesh is deep and thick, and light green in color, except near the seeds, where it inclines toward yellow. The flavor is exceedingly fine. The skin is green, regular ribbed and thickly netted. It is a firm, solid melon, and will carry in perfect condition for a week. It is not as deep in color from the heavy cropper, and is in wide favor as a market melon. Indeed, its ability to bear transportation without breaking down has made it one of the most profitable of crops, and explains why it has become so much in demand. It is the most productive and best of all the ribbed melons, and we particularly recommend it to all whose profits depend upon being first in market. It is more largely grown in the great melon producing State of New Jersey than any other sort, with the possible exception of our Parker's Extra Early, and is used in enormous quantities in the Eastern cities and at the seaside resorts. If you want to make money on earliest melons, there is nothing in the wide world that you can plant that will give you quicker returns than our Matchless Early Musk Melon. Pkt. 10c., oz. 30c., 4 ozs. 75c., lb. $2.50, 5 lbs. $11.25, postpaid.

Paul Rose or Petoskey. This salmon-colored flesh. The fruits are nearly round or slightly oval, ribbed and heavily netted; of a light green or faint golden hue when fully ripe. The flesh is thick, of rich, deep-orange color, and ripens close down to the rind, with small seed cavity. The bright-salmon flesh is much firmer than that of our Emerald Gem. Selected stock seed. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. $1.75, 5 lbs. $7.50, postpaid.

Golden Champlain. One of the earliest and hardest, as well as one of the most productive and best quality Melons in cultivation. Fruits of medium size, spherical, with well netted skin and deep golden flesh. Many growers report sales over $1,000 per acre. Our seed represents the finest selection of true Golden Champlain. Pkt. 10c., oz. 25c., 4 ozs. 75c., lb. $1.50, lb. $2.75.

MATCHLESS EARLY MUSK MELON

Important for You to Know That for many years we have been one of the largest growers of Melon Seeds in the United States and supply every season over our counter hundreds of truck gardeners with our superior strains, and ship many thousands of pounds to the largest melon growers of the South and West. We attribute the popularity of our melons, as well as of other seeds, to our careful selection of the very finest specimens of our seed stocks, thus improving and breeder up our stocks to the highest state of perfection. Many of the best and most popular melons now known were first introduced by us. Correspond with us for SPECIAL PRICES if seed be wanted in large quantities, no matter whether it be 100 pounds or upward of any one variety.
EXTRA EARLY OSAGE MUSK MELON

The fruits are oval, tapering evenly at each end, averaging 8 inches in length from end to end and about 5 inches in diameter at the center. They run a little more than 2 pounds in weight. It combines all the excellent qualities of its parent, the Osage and Miller’s Cream, with real earliness. The melons are well ribbed, the skin is freely netted, of a light greenish yellow when ripe. The flesh is light green, with a rich golden tint where it borders on the seed cavity. Excellent shipper. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. $1.25, 5 lbs. $10.00, postpaid.

EDWARD ROY, COTACAS, N. Y., writes: “The Fillbasket pota¬
toes arrived in fine condition.”

MOORE’S DELICIOUS GOLD LINED ROCKY FORD

A most delicious green-fleshed Cantaloupe and best selling sort of its type

It is a big money-maker, in the fullest sense of the word, for all who grow it.

The most progressive muskmelon growers of Rocky Ford, Colo., made a very comfortable fortune in growing this one variety for the Eastern markets, where they sold carloads of this one variety at very high prices on account of its delicious eating qualities. Its shape is ideal, very slightly oval, no ribs and it is heavily netted and colored cantaloupe melon. The melon is very thick meated, hence it carries well: firm, sweet and smooth; color golden with a beautiful deep gold margin next to the seed cavity. It is of uniform shape, size and very superior quality. Its flesh is attractive and elicits favorable comment when served. Every seed we offer from this strain will be from a select melon and hand-sorted. It ripens quite early and many of our customers claim it to be the most productive muskmelon they ever grew. Our seed fields have never shown the slightest trace of rust or other disease. We offer it at a price that will enable the grower to grow it.

FRENCH CANTALOUPE

We regard this as one of the very best and most delicious among the salmon fleshed varieties and it is one of the earliest to ripen. In quality this strain leads all and every home garden should include it. Medium-sized, round, with a salmon-colored flesh, so rich and sweet, juicy that it needs to be eaten with a spoon, and it is a market favorite. It is the sort of all others for the home use and nearby market and very prolific. If fruits are gathered as soon as they ripen the vines will continue to bear through the season. Flesh very thick with small seed cavity. They average about 1½ lbs. each. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. 75c., 5 lbs. $3.50.

HEARTS OF GOLD

A midseason variety of exceptional merit. The fruits are of uniform shape and handy size. They are distinctly ribbed and covered with an attractive live green netting. The flesh is a beautiful salmon color. It is very thick and juicy, very rich and delicious quality. Flesh very thick, small seed cavity. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. $1.20, 2 lbs. $2.10, 5 lbs. $5.20.

EMERALD GEM

Skin-deep emerald green, flesh salmon colored and delicious quality. Flesh very thick, small seed cavity. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. $1.20, 2 lbs. $2.10, 5 lbs. $5.20.

PERRY’S NEW HOODOO PINK MEAT

The flesh is very thick, of an attractive deep salmon color and surprisingly sweet to the very rind. It ripens early, slightly oval, no ribs and it is heavily netted and colored cantaloupe melon. The melon is very thick meated, hence it carries well: firm, sweet and smooth; color golden with a beautiful deep gold margin next to the seed cavity. It is of uniform shape, size and very superior quality. Its flesh is attractive and elicits favorable comment when served. Every seed we offer from this strain will be from a select melon and hand-sorted. It ripens quite early and many of our customers claim it to be the most productive muskmelon they ever grew. Our seed fields have never shown the slightest trace of rust or other disease. We offer it at a price that will enable the grower to grow it.

NEW GOLDEN HONEY DEW

Time of ripening about two weeks later than Rocky Ford. The flesh is a rich golden color and deliciously sweet. The melon is the best of all shippers and will keep several weeks, so there is practically no loss from spoiled melons in shipping. The Honey Ball is one of the very best and most delicious melons on the market. The fruits are ready for market fully as early as our Gold Lined Rocky Ford. As a long-distance shipper a distance of over 3,000 miles and also commanded a premium over any other sort then on the market everywhere. Pkt. 10c., oz. 25c., 4 ozs. 75c., 1 lb. 75c., 2 lbs. $2.00, postpaid.

Everyone Should Try Our

Cuban Banana Musk Melon. Flesh very thick, a delicious salmon color; the flavor is distinct from all other melons. It looks almost like an overgrown banana, and, moreover, has rich banana-like perfume. This muskmelon attains a length of 15 to 26 inches, and a diameter of 3 to 8 inches. This sort is not a mere curiosity, but is in such favor in Eastern markets, where they sold carloads of this one variety at very high prices on account of its delicious eating qualities. Its shape is ideal, very slightly oval, no ribs and it is heavily netted and colored cantaloupe melon. The melon is very thick meated, hence it carries well: firm, sweet and smooth; color golden with a beautiful deep gold margin next to the seed cavity. It is of uniform shape, size and very superior quality. Its flesh is attractive and elicits favorable comment when served. Every seed we offer from this strain will be from a select melon and hand-sorted. It ripens quite early and many of our customers claim it to be the most productive muskmelon they ever grew. Our seed fields have never shown the slightest trace of rust or other disease. We offer it at a price that will enable the grower to grow it.
Moore's Selected Watermelon Seed is the Best

Our watermelon seed is used by many of the largest planters in the United States, and we thank our numerous Southern customers for their very liberal patronage.

ARIZONA WONDERFUL SUGAR

While traveling in the State of Arizona, we found this sort to be almost universally grown on account of its many good qualities. We procured some of the seed and are now able to offer it to our many thousand customers. The melon is of good large size, flesh of a bright red, and of a luscious sweetness. The rind is unusually thin and tough. This variety has attained great popularity wherever known, and the seed is greatly sought after and it will be found a money maker by all our market garden friends. 10.027 melons were produced on one acre. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 5 lbs. $5.50. Postpaid.

NEW EXCEL

THE BIG GROWERS AND SHIPPERS EVERYWHERE ARE PLANTING IT HEAVILY

Weighs from 50 to 60 lbs.; one grower reports 80 lbs. Our seeds are the choicest. A cross between the Tom Watson and Big Blue Gem. It is a handsome long blue melon (see cut) with dark green stripes. The heaviest bearer of all the melons, cuts deep red, a better melon than the Watson, in fact it equals our now famous Shaker Blue in quality. Many predict that it will supplant all other sorts as a shipping melon. No matter where grown it keeps well, looks attractive and possesses an excellent flavor, flesh remarkably sweet and tender. Grows solid, never hollow. The shape is ideal. One of our large Southern growers says: "Your New Excel beats them all. It is the finest I ever saw and I have raised thousands of cars." Medium early. It means a revolution every where. Genuine seed and we are headquarters for it. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 2 lbs. $2.25, 5 lbs. $5.50. Postpaid.

French Preserving Melon

This is quite distinct and superior to the ordinary preserving citron. It is immensely productive. The flesh is firm and solid, with few seeds and of spherical shape. The preserving qualities are the very finest; it makes beautiful, clear, nearly transparent preserves, of surpassing flavor. The rind is a beautiful dark glossy green color, very thin and very attractive. We highly recommend this variety to all market growers on account of its many excellent qualities. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 2 lbs. $2.25, 5 lbs. $5.50. Postpaid.

Halbert Perfection Honey Melon. We take much pleasure in introducing this valuable new watermelon to our thousands of customers. It belongs to the large type of melons, will grow from 50 to 75 pounds. It is oblong in shape. Rind a beautiful dark glossy green color, very thin and very tough and impervious, which enables it to keep the flesh good and fresh longer after ripening than any other sort. The meat is dark crimson red, deliciously crisp and sweet and fine flavor. It is especially prolific and attractive. We highly recommend this variety to all market growers on account of its many excellent qualities. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 2 lbs. $1.75, 5 lbs. $4.00, 10 lbs. $9.00, postpaid.

EARLY MARKET KING

Superior for Long Distance Shipping

THE EARLIEST LARGE MELON EVER GROWN

MATURES 83 DAYS FROM PLANTING

Notwithstanding the large size of this melon they will readily withstand packing seven layers deep, without injury, in a car; whereas the Blue Clems or any other variety cannot be packed more than five layers deep for long-distance shipping, thus fully proving it to be superior to all others as a shipper. Fruit large and heavy (20 to 30 pounds). A melon large growers need not hesitate to plant largely. This is not only an early watermelon of fine quality, but it is also of large size. From seed planted on the fourth day of May, large, ripe melons were picked July 28th. Its eating qualities superior to all other early sorts, and always commands the highest market price. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.25, 5 lbs. $5.00, postpaid.

THE MOORE SEED CO., PHILA., HIGH GRADE VEGETABLE, FLOWER AND FIELD SEEDS
**MISSOURI HONEY HEART WATERMELON**

A Wonderful Money Crop Maker in every State. The Finest Watermelon in all the World, so votes everyone who grows it. The Watermelon Noted for its Astonishing Long Distance Keeping Qualities, so say all who ship it. All Big Watermelon Growers are Astonished at its Wonderful Productiveness.

Immensely Productive: Most Profitable to Grow. Our Choice for Home Use or Market.

Missouri Honey Heart Watermelon

This wonderful melon originated with one of the most successful melon growers in Missouri, who made a very comfortable fortune in growing and shipping it to all the leading large cities in the United States. It reached New York City in the pink of condition and sold at fabulous prices. The melons were shipped in apple barrels. The melon grower and originator of this wonderfully valuable new melon says in part:

A Great Producer—Splendid for Shipping—Very Popular with Produce Commission Men. It is hard to beat as to quality and productiveness and is a splendid shipper. It is grown largely in Missouri for this purpose. The Melons ripen evenly, the vines are vigorous, show no tendency to wilt or rust, and bear many Melons of splendid marketable size. Oval, very heavy and with a rind which is much harder and thinner, lasting for years, and capable of holding from 2 to 12 gallons each. Pkt. 10c., oz. 20c., 4 ozs. 40c., lb. $1.00, 2 lbs. $1.50, 5 lbs. $4.40, postpaid.

**Thurmond Gray Watermelon.**

A remarkably new delicious melon, a big money maker, and supreme satisfaction to all who grow it. It has more valuable qualities than any similar melon we ever introduced before. If you are a grower of watermelons this new variety offers you an opportunity to "coin money" such as you never had before. These melons attract the attention of every one by their beautiful rich yellowish-gray color, with an average weight of 30 pounds. The color is distinctly unique and not found in any other. It is enormously productive; it will produce 30 per cent more marketable melons than either Tom Watson or Kleckley Sweet melons, and will stand long-distance shipping better than either. Will easily carry 2,000 miles farther than Tom Watson and open as fresh as when picked. Can you beat that? No. The flesh is bright sparkling red, the flavor is deliciously sweet and satisfying. The vines are most vigorous and wilt resistant. One of our largest watermelon growers says: "In my 20 years' experience as a melon grower and shipper I have never seen or grown a melon that would favorably compare with your NEW GRAY in every detail and for every purpose." Pkt. 10c., oz. 20c., 1 lb. 40c., 3 lbs. 55c., 1 lb. $1.00, 5 lbs. $4.00, postpaid.
SHAKER BLUE

The New Shipping Melon. This is comparatively a new melon from one of the largest watermelon growing districts in Georgia; is admitted by all who have seen or handled it to be the coming melon for profitable long distance shipping, as well as for home market where large round melons are in demand. It is a large handsome melon. It commands a much higher price than Kolb, Gem, Blue Gem, Triumph, Ironclad or Kleckley Sweets. The rind is a beautiful dark green, occasionally showing stripes and bands of a lighter green, changing to darker green when ripe. It is particularly distinguished by its solid "Big Heart" of pleasing bright red color and delicious quality and entirely free from hard core. The centre or heart is solid from rind to rind and hollows or cavities are entirely absent. In our opinion it is a most desirable variety for shipping or hotel trade. All seed saved from specimen melons only. Pkt. 10c., oz. 20c., 4 ozs. 45c., 1 lb. 75c., lb. $1.10, 5 lbs. $4.00, 10 lbs. $7.00, postpaid.

A GRAND NEW WATER MELON—FLORIDA GEM

A Most Valuable Sort for Shipping, the Home Market, or the Private Garden. The Handsomest, Most Productive, Best Selling and Profitable Light Green Variety. The Largest Early White Melon Ever Grown. Matures 81 Days From Planting.

One of Florida's largest and most successful melon growers, and who cleared over $17,000 in 2 years, growing and shipping these delicious melons north. While it is of southern origin, it is equally well adapted for the north and will grow anywhere where watermelons can be grown. The color of the outside is rather light with distinct dark markings. The flesh is of a pleasant brilliant red and decidedly solid, and will be found to be firm and very dense to the core. The flavor is peculiarly delicious. It grows very uniform in size and is without doubt the most productive melon ever grown, and the vines will remain in the ground longer than any other variety known to us and will also sell for higher prices in all markets than any other sort. We earnestly recommend all melon growers to plant it. Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.50, 5 lbs. $6.00, 10 lbs. $10.00, postpaid.

CHOICE PHILADELPHIA-GROWN ONION SETS.

Philadelphia has long been famed, the country over, for growing the best onion sets, and we are prepared to furnish the choicest stock. Indeed, we include onion sets among our leading specialties, and spare no pains to produce them from thoroughly bred seed and keep them true to name. The neck and bulb sizes on onion sets are subject to market changes. We always give full measure unless weight is agreed upon. Prices will probably rule as follows for good stock. Large buyers will please write for prices, stating quantity wanted.

THE NEW TOM WATSON

It certainly gives us great pleasure to introduce this remarkably fine new Water Melon to our many thousand customers. It required many years of the most careful hybridising and selection on the part of Mr. C. O. Watson to produce this, what he terms "The King of All" Water Melons, and to use his own language he "challenges the world to produce a better melon of this type, a better melon for growing, shipping or eating." This remarkable melon ripens in from 65 to 80 days, and under good cultivation will weigh about 60 lbs.

We have given it careful trials among many large melon growers for several reasons past in the largest melon growing sections of the world, and they are all highly enthusiastic in its praise. We have never yet found a grower or consumer who was not delighted with it, and we feel sure you will join the same ranks if you plant. It gives surprising results to all. The skin is of a rich deep green, the flesh a beautiful deep red, crisp, sugary and melting and free from stringiness. It is very hearty, early, large, handsome, a strong vigorous grower, a good shipper and long keeper. One grower planted 1,200 acres of this thin but hard, irregelled from specimen melons only. Pkt. 10c., oz. 15c., 1 lb. 40c., lb. $1.00, 5 lbs. $3.10, 10 lbs. $5.50, postpaid.

California Luscious Golden Sweet Watermelon

A large melon, averaging 20 lbs. in weight, with yellow flesh that firmly melts in the mouth, and which, for its fine sugary, juicy and delicious flavor cannot be surpassed by any red flesh melon on the market. The outside skin is dark green, grows a long oblong in shape, maturing its large size melons in 85 days. The rind is thin but hard, and the color of flesh a golden yellow, solid, crisp, smooth, of delicious sweetness, with few seeds and no hard core. Its tempting, melting flavor has made it one of the most popular watermelons of our list for the home gardener. Pkt. 10c., oz. 20c., 4 ozs. 45c., 1 lb. $1.25, 2 lbs. $2.25, 5 lbs. $5.00, postpaid.

YELLOW STRASBURG. Qt. 30c., pk. $1.25, bn. $4.75.
YELLOW GLOBE DANVERS. Qt. 30c., pk. $1.25, bn. $4.75.
JAMES' LONG-KEEPING YELLOW. Qt. 35c., pk. $1.25, bn. $4.75.

LONG-KEEPING WHITE MADEIRA. The very best type of white flat onion. Qt. 30c., pk. $1.40, bn. $5.00.

HARPY WHITE MULTIPLIERS. Qt. 35c., 4 qts. $1.25, bn. $2.00, bn. bn. $6.50.
EGYPTIAN OR PERENNIAL TREE ONION. Qt. 30c., pk. $1.50, bn. $4.50.
NEW JERSEY WHITE SCALLIONS. Qt. 35c., pk. $1.50, bn. $4.50.

GARLIC MULTIPLYING. Lb. 50c., by mail, 60c., postpaid. If single quarts are wanted by mail, add 8c for postage.

For description see page 35

THE MOORE SEED CO., PHILA., HIGH GRADE VEGETABLE, FLOWER AND FIELD SEEDS
LARGE RED WETHERSFIELD ONION. Extra large. An early ripening onion with a rich, mild flavor. A first-class onion for sets, seed, and market. Perfect and uniform in size, the bulbs average four to five and one-half pounds each. These are the large mild onions which are sold in small crates in early fall and are esteemed for their eating quality. The large onions of this variety will keep in perfect condition longer than any sort, and are equally as perfect in the eating as when put away in the market. In the winter they are more tender and keep longer and better than any other variety. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, 2 lbs. $6.50, 10 lbs. $20.00, postpaid.

JAMES' LONG-KEEPING YELLOW ONION. The only American variety that will produce perfect yellow sets. Will produce large, perfect onions the first year from seed. It is extensively grown for sets. The gentle, mild, sweet flavor makes it ideal for sets. It is a handsome, large, round onion, thick through, of good size, with thin, yellow skin. Its splendid keeping qualities make it easy to hold crops for late winter markets. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, 2 lbs. $6.50, 10 lbs. $20.00, postpaid.

SOUTHPORTE LARGE WHITE GLOBE. (True Southport Strain). The variety that the famous white turnip or radish known as the Globe Danvers, while under special cultivation we have raised specimen bulbs to weigh over five pounds. It is a mild-flavored onion with a large size, handsome appearance, mild and delicate flavor. The skin is thin, of a bright straw yellow. Form nearly a perfect globe, as shown in our illustration. Under ordinary cultivation the crop of Prizetaker Onions is notInfrequently 1,200 to 2,000 bulbs per hundred square feet, with the eating and general appearance being much superior to those grown from sets. This onion is quite large, and hardy. The plants can be divided and reset in the ground, say 6 inches apart. Seed should be sown in rows about fifteen inches apart. Pkt. 10c., oz. 40c., 4 ozs. $1.00, lb. $2.25, 2 lbs. $4.50, postpaid.

NEW JERSEY WHITE SCALLION OR CLUSTER BUNCH ONION. This variety is of wonderful value and importance to the market gardener who grows scallions for bunching. With our New Jersey White Scallion Onion Seed you can sow it 4 inches deep in rows as early as the ground can be worked and secure beautiful long, white scallions for bunching at one-quarter of the cost in the old way. Each seed produces from five to thirty or more beautiful long scallions for bunching. These should be pulled gradually, always leaving two or more standing and others. It is not immediately after the scallions to be produced during the pulling season from a single seed planted. The eating quality and general appearance is much superior to those grown from sets. Our stock is very choice. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, postpaid.

CRISTAL WHITE WAX BERMUDA. Its pure white skin makes it a seller above all other varieties and its mild flavor brings it to market in early fall. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, 2 lbs. $6.00, 10 lbs. $13.75, postpaid.

LARGE RED GLOBE (True Southport Strain). This variety produces large perfectly gloved onions of an extra rich deep red. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, 2 lbs. $6.50, postpaid.

SOUTHPORTE LARGE YELLOW GLOBE (True Southport Strain). Like the well-known Globe Danvers Onion in size, but with pale, straw-yellow skin. A heavy cropper, handsome in appearance, large size, and sells readily in the market. Our strain is the best obtainable. Pkt. 10c., oz. 35c., 4 ozs. $1.50, lb. $2.50, postpaid.

Our American-Grown Prizetaker seed we offer produces large, well-ripened bulbs the first season from seed. Flesh white, crisp and mild in flavor. The skin is thin, of a bright straw yellow. Form nearly a perfect globe, as shown in our illustration. Under ordinary cultivation it will yield bulbs nearly three times as large as the Globe Danvers, while under special cultivation we have raised specimen bulbs to weigh over five pounds. White Port Capitol is a very handsome, large, round onion, thick through, of good size, with thin, yellow skin. Form nearly a perfect globe, as shown in our illustration. Under ordinary cultivation this variety will yield bulbs nearly three times as large as the Globe Danvers, while under special cultivation we have raised specimen bulbs to weigh over five pounds. It is a mild-flavored onion with a large size, handsome appearance, mild and delicate flavor. The skin is thin, of a bright straw yellow. Form nearly a perfect globe, as shown in our illustration. Under ordinary cultivation the crop of Prizetaker Onions is not Infrequently 1,200 to 2,000 bulbs per hundred square feet, with the eating and general appearance being much superior to those grown from sets. This onion is quite large, and hardy. The plants can be divided and reset in the ground, say 6 inches apart. Seed should be sown in rows about fifteen inches apart. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $3.50, postpaid.

New Zittau Extra Early White. The earliest large onion on earth. This is the biggest early season onion money ever offered to any seedman. You grow it direct from the seed and you will have bigger and better onions than any you may grow from sets and at one-third the cost of sets and one-half less labor. Big statements these, but every word the truth. 1,000 bushels per acre can easily be grown from seed of this variety, and in this latitude we can be had on the market by June 15th, when prices range from $2.00 to $3.00 per bushel for new onions. It is unquestionably the largest, handsomest, finest flavored, best shaped, finest keeping, most superior early onion ever introduced, and is an onion that will sell on its merits in any market. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $1.50, lb. $4.00, 2 lbs. $7.50, 5 lbs. $12.50.

White Valencia Onion. Bulb about 3 inches in diameter by 2 inches thick. Of a beautifully pure white color, very tender, mild and delicious eating qualities. It is rapidly superseding both the yellow and Crystal Wax Red Globe varieties in all markets when once known. It will sell for a higher price, carry better and hold up longer than any other white shipping sort grown in the United States. It is a great favorite with Texas and California growers. We advise all who grow for early market to plant it freely. It is a money making sort. It will yield any of the Bermuda varieties fully 30 per cent. See illustration above. Pkt. 10c., two for 25c., oz. 50c., 4 ozs. $1.50, lb. $5.50, 2 lbs. $10.50, postpaid.

White Barletta. Excellent picking variety; very early. Very profitable for the local market gardener. Pkt. 10c., oz. 35c., 4 ozs. $1.00, lb. $2.00, 2 lbs. $3.50, postpaid.

White Silver Skin. (Philadelphia Grown.) It is from this variety that the famous white turnip or radish known as the Globe Danvers is derived. Pkt. 10c., oz. 35c., 4 ozs. $1.00, 1 lb. $3.50, 2 lbs. $6.50, 10 lbs. $15.00, postpaid.

Ebenezer or Japanese Onion An Enormous Cropper, Mildest Flavor, Good Keeper. Ebenezer is the mildest flavored onion grown. The white flesh is firm and very delicate flavored. The handsome onions are large, somewhat flattened, yellow skinned, with very small tops; matures in 80 days. Keep hard and sound all winter; a desirable home garden or market sort. Pkt. 10c., oz. 40c., 4 ozs. $1.50, 1 lb. $3.50, 2 lbs. $6.50, 10 lbs. $15.00, postpaid.
NEW ROYAL SPANISH ONION

The largest onion grown, similar in form to our Prizetaker, but differing from it in the color of the bulb, which is a lighter straw-yellow, also different in the size, which is a good deal larger. Planted at the same time and under the same conditions, our Royal Spanish will produce bulbs one-half larger and heavier than Prizetaker.

The bulbs are very handsome, nearly globular in form and have the size of a large orange, have very thin skin of light straw color and white flesh, which is tender, mild and most delicious, surpassing all similar onions in delicate flavor.

It has a record of producing 1,238 bushels per acre. Be progressive and plant them. It is a wonderful money-maker freely.

**Price, pkt. 10c., 3 pkts. 25c., 5 ozs. 40c., 1 lb. $1.20, 2 lb. $2.10, 5 lb. $4.00, 2 lbs. $7.50, 5 lbs. $17.50. Postpaid.**

MOORE’S GIANT SILVER KING ONION—Universally Popular

A LEADING VARIETY IN ALL SECTIONS. PRODUCES ENORMOUS CROPS OF ENORMOUS WHITE ONIONS, ALL CLEAN, SOLID, HEAVY AND PERFECT. NO "THICK NECKS," SURE CROPPER, LONG KEEPER, UNEXCELED SHIPPER. (New Early Type.)

The skin is a beautiful silvery white, with flesh of a particularly mild and pleasant flavor and so sweet that it can be eaten like an apple. It is adapted to a wide range of country. The popularity of this onion increases rapidly from year to year with onion growers everywhere. All who grow it unanimously say it deserves every word of praise that is bestowed upon it by its enthusiastic admirers among farmers, truckers and very especially those who eat it. Of this famous onion we cannot speak too highly. It is the largest, handsomest and most profitable white onions of the flavor will be more than satisfied with our Early Giant Silver King: It is the most productive of all white onions and grows larger than any white onion cultivated in the United States. No matter what the weather, it gives a crop for everybody, no matter what the weather.

**Price of Moore’s Prizetaker and Red Creole Onion Plants by express, purchaser paying express charges, in lots of 1,000 to 3,000 plants $7.50, 2 lbs. $14.00, 5 lbs. $33.00.**

HIGHEST GRADE PLANTS

Plant Moore’s Prizetaker, Giant Silver King, Crystal Wax Bermuda, Yellow Bermuda, White Bermuda and Red Creole Onion Plants

You will find them vastly more profitable and satisfactory than to plant Onion Sets.

Ten Hundred Million Onion Plants are grown annually for planting throughout the United States. Plants ready for shipment from November 1st to May 1st.

WHY OUR ONION PLANTS ARE BETTER THAN DRY SETS.

It is a proven fact that Onion Plants are fast killing the Dry Set business. You will find that wherever our Onion Plants are once planted, you will not plant dry sets again.

The Dry Sets make a large percentage of seed heads, splits, doubles, bottle necks, etc., and will not make as smooth a marketable onion, or a good keeper. Our Onion Plants never run to seed and will produce practically one hundred per cent. marketable onions.

The onions grown from OUR PLANTS will mature and be ready for market in from three to six weeks earlier than will the onion produced from sets, and at least eight weeks sooner than from seed—and better onions.

They are even more Hardy than Frost Proof Cabbage Plants, standing heavier frosts and even light freezes without being killing.

These Onion Plants hold up well in shipment and start growing as soon as they are planted. We recommend them particularly for home gardens, and market gardeners will also find them a very profitable crop and no grower should miss this wonderful opportunity for big and easy profits.

HOW TO GROW BIG DELICIOUS ONIONS FROM MOORE’S EARLY FROST ONION PLANTS

First—You will find the Onion Plant the easiest of all plants to grow. They will keep for weeks after being pulled if not allowed to become heated or wet. Keep them dry and give them plenty of air if not ready to plant upon arrival. Like everything that grows, the richer the land the heavier the yield. You will have very satisfactory results on all kinds of soil.

Second—Prepare land just as you would for any other truck. I prefer to plant in sixteen-inch rows and three or four inches apart in the row. In this way it takes about 100,000 plants to the acre. If you do not have plenty of rain or irrigation, plant twenty-four-inch rows and six inches apart in the row for best results.

Third—How to plant. Sharpen a wooden stick, making a hole about two inches deep, place the plant in as you withdraw the stick and press the dirt firmly about the plant. Do not plant too deep.

Fourth— Cultivate very shallow as the onion roots grow near the surface and should not be disturbed. About all the cultivation needed is scratching to kill the weeds.

**PRICE OF MOORE’S ONION PLANTS POSTPAID**

**PRICES—100 plants of one variety, 55 cents; 200, 300 or 400 plants of one variety, 50c., postpaid. No order for less than 100 plants of the same kind will be filled. Orders are filled by the hundred. All orders for less than 500 of the same variety take the 100 rate.**

**500 Onion Plants, all of the same variety, postpaid, $1.50; 1,000 or more of the same variety, $2.50 per 1,000, postpaid to your address.**

**NOTE—We will mail these Onion Plants to any United States address, postpaid, except in California.**

Plants are shipped direct from our Growing Station and separate from seed orders.

**PRICES FOR ONION PLANTS BY EXPRESS NOT PREPAID, MOORE’S PRIZETAKER AND RED CREOLE EXCEPTED.**

**One crate of 6,000 $7.50, two crates $14.00, five crates $33.00.**

**One Basket of 3,000 plants $6.30, two baskets $12.60, five baskets, $28.50.**

**They weigh about 25 lbs. per 1,000 plants packed for shipment.**

**Price of Moore's Prizetaker and Red Creole Onion Plants by express, purchaser paying express charges, in lots of 1,000 to 3,000 plants $7.50 per 1,000, 5,000 or more $1.50 per 1,000.**

You can order mixed lots in one shipment by express, but not less than one thousand of a kind.

See page 5 for prices on our famous Frost Proof Cabbage Plants. Also page 19 for prices on our field-grown Tomato Plants.
MUSHROOM SPAWN

AMERICAN PROLIFIC PURE CULTURE SPAWN. An American make of spawn which produces larger mushrooms of much superior quality to the English direct bricks inoculated from pure and very prolific cultures. Per brick 30c. (by mail 35c.), 5 bricks $1.40, 10 bricks $2.70, 25 bricks $6.75, 50 bricks $11.50, 100 bricks $22.00. Mushroom Circular Free on application.

PARSLEY

Paris Market or Giant Curled Parsley. Our Paris Market Parsley is much superior to all other curled varieties. Its color is a beautiful brilliant green, leaf tints large, delicately cut and handsomely curled. It is half dwarf, hardy, a robust grower and a heavy yielder, being greatly improved by frequent cutting. It is by far the most profitable sort for market and is adapted to all soils, and the best sort for long-distance shipping. Best for forcing under glass and growing hot dry weather. This is the only true "hot weather or summer parsley". In color it is a beautiful bright scarlet when ripe, about 6 to 7 inches long and 2 inches in diameter at the stem end, tapering gracefully to a point; handsome, sweet and of a fine delicate mild flavor. Plant a strong grower and enormously productive. Its popularity continues to grow enormously. Fruits are of a beautiful bright scarlet when ripe, about 6 to 7 inches long and 2 inches in diameter at the stem end, tapering gracefully to a point; handsome, sweet and of a fine delicate mild flavor. Plant a strong grower and enormously productive. Long Sweet Cayenne are in great demand in all large cities at good prices. Pkt. 15c., 2 pkts. 25c., 50c., 1 lb. $1.25, lb. $4.50.

NEW WHITE MALTESE

Ideal Hollow Crown. Smooth, hollow Medium length, crown, fine grained, sweet flesh and pretty appearance. Oz. 15c., 1 lb. 50c., lb. $1.00, 2 lbs. $1.50, 5 lbs. $3.50. Postpaid.

OKRA

Holt's Prolific Dwarf. This is the earliest and most prolific of all. The best for this type of hot pepper as it is often shipped in cars, the peppers grow from 6 to 7 inches long and are borne in great profusion. Pods are well shaped, of proper size and entirely stringless. It is the earliest and most prolific of all. The best for hot climate. Pkt. 10c., oz. 25c., 4 ozs. 60c., 1 lb. 50c., lb. $1.50, 2 lbs. $2.50, postpaid.

PARSNIP

New White Maltese. This strain is the result of years of careful selection by a noted parsnip specialist. It embodies all the points of excellence desirable to a market gardener in smoothness, earliness, shape, true hollow crown, extra sweet rich flavor, beautiful white color, and is not too long nor too short. It does not crack open and is entirely free from all core or stringiness so common in other varieties and will usually bring from 50 to 100 per cent, higher prices. 1 lb. 50c., lb. $1.25, 2 lbs. $2.25, 5 lbs. $6.00. Postpaid.

MUSTARD

MONGOLIAN CUT LEAVED. The most decorative, productive and best flavored of all. No other sort half so good. Pkt. 10c., oz. 25c., 4 ozs. 40c., lb. $1.50, 5 lbs. $7.00. Postpaid.

Long Sweet Cayenne Pepper

Earlicrosse Pepper

Pedrick's New Prolific
For many years we have made a close study of Pepper growing for market with a view of producing the best varieties for the purpose, and our customers will find the varieties we illustrate herewith embrace all that will be found desirable and profitable.

**A GRAND PEPPER**

Moore's Mammoth Prizetaker is the greatest large pepper on earth. Thousands of gardeners and Southern shippers have found it ahead of any other large variety they have ever tried. If you have not grown it you ought to, as you need it. Sixteen large specimens fill a half-bushel basket. We discovered it growing in a patch of Chinese Giants we were raising for seed in 1890, and at once recognized its good qualities. We, as well as many hundreds of pepper growers who have grown it, pronounce it in every way superior to the Chinese Giant, and the most valuable acquisition to our list of peppers. It is larger, more symmetrical, earlier and a better yielder than the Chinese Giant; 821 baskets per acre was its record for 1902, 911 for 1908 and 972 for 1912. In shape it is longer from stem to blossom end than the Chinese Giant, decidedly smoother and fuller, with fully 50 per cent, more productive. Never before has there been a variety that produced uniformly such enormous fruits. The very thick flesh and peculiar shape make it the best long-distance shipper ever introduced. It will ripen as a salal twice as long as any other. Can be eaten raw like an apple; can be stuffed with meat and baked; can be used as a salad and also canned for use at any time of year. Has thick, firm flesh which permits its being salted and peeled. Should be in every family garden in the South because it is so prolific, and it should be planted. Also known as Sweet Meat or Glory. Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.50, lb. $5.00.

**New Cardinal Potherb Pepper** This is just the right thing for bunching with potherbs, neither too long nor too small; color a rich, glossy cardinal red. Strong and pungent. It is the most productive pepper we ever saw. Our illustration gives an excellent idea of its habit of growth. (See Illustration.) Market gardeners will find this the ideal sort for potherbs. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.50, lb. $5.00, postpaid.

**Early Giant** (Harris.) Very large, glossy, brilliant red when ripe. Very smooth. Pkt. 25c., oz. 75c., 1 lb. $2.50, 1 lb. $8.00.

**Pedrick’s New Early Prolific Pepper** The EARLIEST and Most Productive Large PEPPER in Cultivation

No grower of peppers will be disappointed in this grand new variety. Its earliness compared with any other sort is astonishing, and its yield is almost beyond description, and like our Moore’s Mammoth Prizetaker Pepper introduced by us in 1904, it has come to stay, and will prove a source of much profit to all who plant it. It is fully three weeks earlier than the Chinese Giant or Ruby King, and about five days earlier than New Jersey. It is the earliest type of Bull Nose or any other large sort for the market gardener, and either for the northern or southern grower. The early peppers are of a perfect mass of peppers, which are longer and narrower than Ruby King, up until frost. Mr. Pedrick had one plant that yielded 327 full-sized fruits during the season. To get best results the fruits should be removed from the plants as fast as fully grown. The size and yield will thus be fully maintained throughout the season. They carry and keep well, the flesh is thick and smooth, slightly bumpy, and a glossy, brilliant red when ripe, and being first in market secures the highest price. Pkt. 10c., 3 for 25c., oz. 50c., 1 lb. $1.50, lb. $5.00, postpaid.

**Italian Early Red** This valuable new variety is the earliest type of Bull Nose in cultivation. It is valuable alike for the amateur and market gardener. In size it is about the same as the old Sweet Bell or Bull Nose. It is wonderfully productive. The plant is a perfect mass of peppers, which are of a beautiful glossy red, and a continuous yielder. It is a highly profitable sort for the market gardener, either for the home market or shipping, and either for the northern or southern grower. The early peppers are in great demand at very high prices wherever known. Fleshy is extremely mild and sweet; continues to bear freely until frost, and carries well. While young the fruits are of a beautiful emerald green and carry long distances perfectly. It is one of the best peppers for you to plant if you wish to make money. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.50, lb. $5.00, postpaid.
Moore’s Profit-Making Peppers

Chinese Giant

Double the size of Ruby King, and is very productive for so large a pepper, while the enormous size and magnificent appearance of the fruits make them sell most readily. The plants are vigorous in growth, but of stocky habit, seldom more than two feet in height. They are well branched and thickly set with enormous fruits of a rich glossy red color. Frequently half a dozen peppers will touch each other, as if on a single bunch. Our strain is the purest obtainable and produces uniformly beautiful, large fruits which are extremely mild—sweet as an apple. The strong growth of the plants enables them to mature the gigantic fruits only slightly later than our well-known Ruby King. True seed from our very best selected strain.

Pkt. 13c., 2 pkts. 23c., oz. 73c., 1 lb. $2.00, 2 lbs. $3.30, 1 lb. $0.30, 5 lbs. $30.00, postpaid.

Sunnybrook Tomato or Squash Pepper

The sweetest and most prolific of all Pimento peppers, with smooth, bright scarlet fruits, 3 inches thick and 2 to 2½ inches deep. The flesh is unusually thick and as sweet as an apple. The plants grow about 15 inches tall and 22 inches broad, laden with immense clusters of brilliant scarlet attractive looking fruit.

Pkt. 15c., oz. 60c., 4 ozs. $2.00, 1 lb. $8.75, 2 lbs. $11.50, 5 lbs. $20.00, postpaid.

Anaheim Chili Pepper

Our sales of Anaheim Chili seed in Arizona, New Mexico, Texas, Old Mexico, Oklahoma and New Jersey have been surprisingly large. The seed we have was procured from selected peppers and not one pod was less than seven inches long.

The market for green chilis is enormous, because of the large demand of the canneries who used the product of several hundred acres last season, and this industry is only in its infancy. The Anaheim Chili is desired above all others by the canner because of its deliciousness and slight pungency. Canned Chili was unheard of until we introduced the thick-meat Chili. True seed from our very best selected strain.

Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50, 1 lb. $3.75, postpaid.

Ohio Crimson or Ruby Giant—World Beater

A sweet and very early pepper of large size. The plant is vigorous and upright, growing taller than the Chinese Giant and more productive. The fruit is not quite as large as the Chinese Giant. Very sweet, with exceptionally thick heavy flesh. The color is a beautiful deep green when young, turning to a deep crimson when matured. A ready seller on the market stall.

Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50, 1 lb. $4.50.

Red Cherry Pepper

We offer the true type of this variety; the fruit is round as a ball, about one inch in diameter, intensely bright red when ripe and decidedly pungent. Very much used for seasoning and ornamenting pickled vegetables. Some pickle factories use great quantities of this handsome pepper.

Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50.

Mammoth Golden Hercules

A giant among the pepper-fruits and the best of all yellow peppers. The fruit has solid flesh of great flavor, solid and pleasant and of a magnificent golden yellow color. The plant grows uncommonly strong and is extremely productive. There are often at the same time twenty well-shaped fruits on one plant. Its value is increased by the upright growing of the fruits. They are consequently exposed to the sun, mature earlier. May be eaten raw and are unequaled for stuffing.

Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50, 1 lb. $5.00.
MOORE’S FAMOUS MARKET PEAS

One of the finest-flavoured early Peas yet offered to the public.

Extra Early Gradus, also called “Prosperity” Peas. Our standard large Podded Alaska. A very smooth pea, and quite
vegetable. This pea is required to come off in the shortest possible time. The entire crop
of standard large podded variety. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., pk. $3.50, bn. $12.00, 2 bn. $23.00.

Little Marvel. A large main crop pea, producing in 70 days, long, straight, dark
Extra Early Gradus, also called “Prosperity” Pea. Our
produce the largest, by far, they
in the shortest possible time. The entire crop
can be harvested in one picking. This valuable sort is so hardy that it can be planted shortly after the frost is out of the ground. Under favorable conditions peas can be picked twenty-five days from sowing the seed. The yield of these peas is simply wonderful. Large pkt. 15c., qt. 60c., pk. $12.50, 2 bn. $21.00.

MAMMOTH MELTING SUGAR

EDIBLE PODS. ENORMOUSLY PRODUCTIVE AND WONDERFULLY DELICIOUS

The peas are not shelled, but the pod is eaten like a snap bean. The whole pods are
bright, stringless. The full-grown pods are 6 to 7 inches long and 1½ inches broad. Served with butter sauce they make

You should not omit to plant
freely of this fine sort...

MOORE’S ROYAL EARLY

This popular new large-podded early pea of finest quality matures pods only two or three days later than the small-podded extra earlies; will produce 25 per cent. larger crop, much better in flavor, and will be a pleasing revelation to all who plant it. Grows about thirty inches high. It produces uniformly large pods, measuring from four to five and a half inches in length, filled with large, handsome, beautiful green peas of fine flavor. It is wonderfully prolific. No pea grower for home or market should be without it. It is a money maker for all who plant it for first early, second early, or fall crop. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., pk. $3.50, bn. $12.00, 2 bn. $23.00.

Laxtonian. This is one of the largest podded of all the early dwarf varieties and is a new sort of decided merit. The vines are vigorous, growing about 18 to 24 inches high, and produce a large crop of good-sized pods, averaging from 9 to 10 peas to the pod. The peas are of exquisite flavor and mature early. The pods are dark green and produce in great abundance. Many of our customers who have tried Laxtonian consider it superior to either Gradus or Thomas Laxton, and claim it to be the best of all the early English dwarf sorts. It is a great favorite with all English market gardeners. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., pk. $3.50, bn. $12.50.

ALASKA. Early and prolific. Crop failed.

SUTTON’S EXCELSIOR. Cup. 55c., pk. $3.00, bn. $12.50.

DWARF TELEPHONE. Pt. 35c., qt. 75c., pk. $4.00, bn. $14.50.

LARGE PODDED ALASKA. Large deep green pods. Pt. 35c., qt. 60c., pk. $3.50, bn. $12.50.

A large main crop pea, producing in 70 days, long, straight, dark green pods 5 to 6 inches long, well filled with large peas of excellent flavor. The vines grow nearly 5 feet high, vigorous and exceedingly productive. Market gardeners are demanding the large podded, dark green colored sort, which retain their appearance after a distant shipment; the Alderman answers these requirements. A popular home and market sort. Pt. 35c., qt. 60c., pk. $3.50, bn. $13.00.

We will quote special low prices to buyers of ten bushels and upwards.

Prodigious or Prince Edward The Giant of the Pea Family

A Grand New Second Early; Productive of Large, Lucious, Wrinkle Green Peas.

It is called Prodigious on account of the enormous size of its pods. This pea is considered one of the most profitable varieties for the trucker. There are thousands of our customers who will be delighted to show their friends such enormous pods of peas, the largest, by far, they have ever seen, which in addition to large size combine rich and succulent flavor. Height, 2½ feet. Large pkt. 15c., 2 pkts. 25c., pt. 35c., qt. 60c., pk. $3.50, 2 bn. $15.50, 2 bn. $25.00.

Extra Early Gradus, also called “Prosperity” Pea. Our
Moore's Home Garden peas are ready to pick within 30 days.

**Moore's Home Garden Pea**

If you want a long podded, extremely early, wrinkled dwarf pea of the finest quality and prodigiously productive, try Moore's New Home Garden pea. It literally fills itself with large pods, ripening evenly and of excellent flavor. It is very early, maturing in 40 days, and is guaranteed to produce more than that of any other pea. It results in a large number of large pods, containing from seven to nine green peas of superior quality and rich flavor. There are no better peas in the world than these. This grand new Pea has been very much admired. The vines are strong, sturdy growth, 2½ to 3 feet high, and are of a distinctly branching habit. It is the earliest of all marrows and will satisfy the most exacting who strive for the best quality. We recommend it to all who plant for home use or market; one of our best introductions. Height, two feet. Maturing about one week after our Moore's Royal Early. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 85c., 2 qts. $1.30, 4 qts. $3.10, postpaid. By express, pk. $1.50, bu. $12.00.

**Moore's Fillbasket**

This grand new Pea is ready for market in 30 days. The magnificent large pods often contain as many as twelve peas, which are of a most pleasing quality and possessing a delicate aroma, so highly appreciated by all epicures and admirers of fine peas. Of remarkable size, and very rich and sugary flavor. It has been appropriately termed the "Fillbasket," on account of the extraordinary quantity of large pods that it produces. It is unquestionable the very best large podded Pea ever introduced. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 85c., 2 qts. $1.15, 4 qts. $2.90, postpaid. By express, pk. $3.50, bu. $12.50, 2 bu. $24.00.

**Moore's Bountiful Big Pod Pea**

This is a grand new acquisition among second early Peas. It gives us great pleasure to introduce this new English Big Podded Pea to our many customers. The vines are of strong growth, three to four feet high, and are of a remarkably branching habit. It is a continuous or everlasting yielder; it closely resembles our famous Knott's Excelsior and Superior Wonder, that we no longer grow these two sorts. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 85c., 2 qts. $1.10, 4 qts. $3.10, postpaid. By express, 1 pt. 40c., 1 qt. 60c., 4 bu. $14.50.

**New Early Sugar Marrowfat Pea**

In England, where we obtained our stock seed, it is extensively grown by the nobility, who prize the Sugar Marrowfat above all others of its class. It is the earliest of all marrowfats and will satisfy the most exacting who strive for the best quality. We recommend it to all who plant for home use or market; one of our best introductions. Height, two feet. Maturing about one week after our Moore's Royal Early. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 85c., 2 qts. $1.15, 4 qts. $3.10, postpaid. By express, pk. $3.50, bu. $12.00.

**Moore's May Queen**

This grand new Pea is truly a gem for the family garden; unsurpassed for quality or productiveness, 12 to 15 inches high; the earliest wrinkled sort known. The vine is literally covered with extra fine plump pods, containing from seven to nine green peas of superior flavor. This variety is so vastly superior to Knott's Excelsior and Superior Wonder, that we no longer grow these two sorts. Large pkt. 15c., 2 pkts. 25c., pt. 50c., qt. 85c., 2 qts. $1.15, 4 qts. $3.10, postpaid. By express, 1 pt. 40c., 1 qt. 60c., 4 bu. $14.50.

Soaked beans weigh 60 pounds and wrinkled sorts 56 pounds per bushel.
**FILLBASKET EXTRA EARLY**

Originated by crossing our famous Snowball and Quick Crop. The Fillbasket Potato soon proved itself to be a very popular and profitable sort for home use and shipping, and has forced its way among our largest planters. Those who grow it for market find it to be twice as profitable as Early Rose, Hebron, or Early Ohio. It always commands a higher price than other sorts, and besides it is an enormous cropper, as our photo illustration shows. A remarkably quick grower, a very smooth full tuber. In color, it somewhat resembles the Prince Edward Island Rose. When cooked, the flesh is pure white, dry and flaky. 3 lbs. $1.50, postpaid; 1 pk. 95c., pk. $1.50, 1 bs. $2.50, bn. $4.25, 150-lb. bag, $8.50.

**SUTTON’S EARLY MONARCH (New)**

Under Ordinary Cultivation, This Variety Has by Actual Test Produced 463 Bushels Per Acre

This new early potato is now attracting wide attention. Its points of excellence, as claimed are its earliness, wonderful productivity, vigor of growth, quality, smoothness and handsome shape and appearance. It receives its name from its originator, Mr. Sutton, a noted potato hybridizer. It is a white potato, of the shape indicated by the illustration. The shape is very uniform. It matures from early to second early and in table quality is white, dry and mealy. It is as perfect in shape as the Snowball, and probably about one week later. Our own observations on Early Monarch are favorable, and we do not hesitate to commend it highly. As a variety for planting for second early or late crop, it is without an equal. The tubers are all bunched together in the hill, and are of good size and quality. 3 lbs $1.50, postpaid; 1 pk. 95c., pk. $1.50, 1 bs. $2.50, bn. $4.00, 150-lb. bag, $8.50.

**Moore’s Early Snowball Potato**

This and Moore’s Fllbasket are the two earliest potatoes in cultivation

They are fully a week in advance of any other kind in earliness and are the heaviest croppers.

Moore’s Snowball can always be marketed at least ten days before the top dies, as the new potatoes commence to grow before the tops are six inches high. Another great merit lies in its great keeping properties, remaining solidly fresh until the new crop is dug, and will often remain in the cellar without sprouting until June 1st. Hills of “new potatoes” of a fit size for table use can be dug in six weeks from the time of planting if weather for growing has been favorable, and the tops thoroughly ripened in from eight to nine weeks, with crop fully matured. Moore’s Early Snowball was produced from a seed taken from a vine of the Snowflake, growing between Early Rose and Early Ohio. Flesh white; upright, strong vines, with tubers growing compactly in the hill. We have never tested a kind which possesses the desirable points of an extra early, large yielding, high quality potato like the Moore’s Early Snowball. 3 lbs $1.50, postpaid; 1 pk. 95c., pk. $1.50, 1 bs. $2.50, bn. $4.00, 150-lb. bag, $8.50. Write us for prices for other sorts.
PUMPKIN

Pumpkins are now largely cultivated for market purposes, and are found to be very profitable. They are usually planted in fields of corn or potatoes, but may be profitably raised in fields by themselves. They also make very profitable and healthy food for stock. We hereby illustrate most of the best market varieties.

Large Cheese. Of fine grain and excellent flavor. Pkt. 10c., oz. 20c., 4 ozs. 40c., 1 lb. 60c., 1 lb. $1.00, 2 lbs. $1.75. 5 lbs. $4.00, 10 lbs. $7.00, postpaid.

Tennessee Sweet Potato. Color creamy white, white, fine grained, dry, flinty and of excellent flavor. When cooked it has somewhat the appearance of sweet potatoes, but of more delicious taste. Pkt. 10c., oz. 15c., 1 lb. 40c., 1 lb. $1.50.

Cashew. Long white, crookneck. Good keeper. Pkt. 10c., oz. 20c., 1 oz. 40c., 1 lb. 65c., 1 lb. $1.00, 2 lbs. $1.75, postpaid.

New Jersey Sweet Potato. Very showy and attractive. Flesh a rich yellow color, solid, fine grained, very thick, sweet and excellent for pies and baking. Cooks dry. Very hardy and productive. Extensively grown. Very popular market sort. Bugs seldom bother it. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. $1.75, 2 lbs. $3.50, 5 lbs. $7.50, postpaid.

Genuine Mammoth, or True Chilian. (Also called KING OF THE MOTTOS.) It grows to an enormous size, three feet or more in diameter and one hundred to two hundred pounds or more in weight. Skin deep yellow; flesh very thick. Pkt. 10c., oz. 25c., 1 oz. 50c., 1 lb. 50c., 1 lb. $1.00, 2 lbs. $1.75, postpaid.

Winter Luxury Pumpkin. One of our growers who knows all varieties is emphatic in saying that “it is the best pumpkin grown for pies.” Flesh is very thick, sweet and fine flavored, making the most delicious pies. Color a golden russet finely netted. Flesh deep golden, sweet and tender. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. $1.25.

Japanese Pie Pumpkin. The seed cavity is extremely small. The seeds are curiously sculptured in the manner of Chinese letters. It is a very productive variety, of medium size, good keeper and weighs fifteen to twenty pounds. Flesh is a rich salmon color, unusually fine grained, and when cooked or stewed as almost as dry and mealy as a sweet potato. Pkt. 10c., oz. 25c., 1 lb. 50c., 1 lb. $1.75, postpaid.

Mammoth Golden Cashaw. (New.) The flesh is a rich yellow color, solid, fine grained, very thick, sweet and excellent for pies, and equally good for baking. They are very hardy; bugs seldom bother them. Can be grown among the corn, and yield a much heavier crop than most other sorts. Pkt. 10c., oz. 25c., 1 oz. 50c., 1 lb. 60c., 1 lb. $1.50, 2 lbs. $2.50, postpaid.

Large Connecticut Yellow Field. Easily grown alone or in the corn. Pkt. 10c., oz. 25c., 1 lb. 50c., 5 lbs. $4.00, postpaid.

New Boston Golden Sugar. One of the best yellow pie pumpkins. They are round in shape and very slightly ribbed. The skin is of a rich golden-orange color, very beautiful. Flesh of extra fine flavor, cool, soft and tender. It is a splendid keeper. Enormously productive. Just the right size to set in baskets. Makes excellent pies. Pkt. 10c., oz. 20c., 1 lb. 40c., 1 lb. $1.00, 5 lbs. $4.00, postpaid.

Mammoth Etampes Bright Red. This giant variety also from France is quite celebrated and has been grown in this country to an enormous size. It is of a bright, glossy red color. A splendid variety to grow for exhibition purposes. Pkt. 10c., oz. 20c., 1 lb. 40c., 1 lb. $1.00, 5 lbs. $6.00, postpaid.

Yankee Cow Pumpkin. This valuable pumpkin will be found a great boon to farmers with dairies, large or small. It greatly increases the flow of milk, besides imparting to it a rich yellow color, and really adds to the flavor and color of the butter of all cows fed upon it. Twelve tons to the acre is no unusual yield. If land be manured liberally a full crop can be grown among corn. It is a most excellent keeper and will be sure wealth to all who grow and feed it liberally. Pkt. 10c., oz. 20c., 1 lb. 40c., 1 lb. $1.50.

Thanksgiving Pie Pumpkin. On account of the extra thickness the yield in pounds is double that of other kinds. The flesh is orange in color, fine grained, sweet and has the delicious pumpkin flavor essential to the making of first-class pumpkin pie. The name “Thanksgiving” was suggested by the almost universal custom of having pumpkin pie at the Thanksgiving dinner. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $1.50.

New Persian Golden Giant. Produces truly gigantic globe-shaped fruits. The skin is of a beautiful rich salmon color, while the firm, fine grained flesh is highly colored, of a deep yellow, sweet flavored and very thick. The pumpkins attain an enormous size and will attract great attention when placed on exhibition. Pkt. 10c., oz. 20c., 1 lb. 50c., 1 lb. $2.00, postpaid.
All our seed is grown from transplanted roots only, which insures the greatest possible perfection. Our seed will therefore give much better satisfaction than that obtained elsewhere.

Moore's New Red Strawberry Radish

It is unquestionably the handsomest small red radish ever produced. The flesh is partly white which forms a strikingly beautiful contrast with the green, crimson color of its skin and beautiful deep, brilliant color of its small, short leaves. It is the earliest, handsomest, finest, juiciest, tenderest, sweetest and best small red radish ever grown. It is equally valuable for market gardens or home use, either for forcing under glass or for open ground culture. The demand for this radish in Philadelphia, New York and Boston markets is enormous. Will mature in 25 days. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. 75c., 5 lbs. $2.25, 5 lbs. $3.50, 10 lbs. $10.00, postpaid.

New California Cherry Radish

This strikingly beautiful variety is from California, where it is known as the “Cherry White Radish.” It is an excellent sort to follow our delicious strawberry radish, and cannot fail to delight all who plant it. It is excellent on account of its earliness, crispness and great beauty. Which we highly recommend for any table. It sells readily at good prices. An exquisite sort for the family garden. Pkt. 10c., oz. 25c., 4 ozs. 50c., 1 lb. 60c., lb. $1.00, Pkt. 10c., 5 lbs. $4.00, postpaid. By express 10 lbs. $8.75, 25 lbs. $17.00.

New Pink Lady Finger

They grow perfectly straight and smooth, and from four to five inches in length. Their attractive rosy pink color makes them a distinctive radish from any other white turnip variety. Has remarkably short top and root, perfect globe, and very small tap root, extra fine quality. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. $1.25, 2 lbs. $2.25, 5 lbs. $3.00, 10 lbs. $5.00, postpaid.

Improved White Lady Finger

This is unquestionably the best long early white radish for early part of the season of the year. In color it is a beautiful very snowy white. It is of very fine growth and, remarkably crisp, brittle, and tender; equally desirable for the home garden and market. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 75c., lb. $1.25, 2 lbs. $2.25, 5 lbs. $3.00, postpaid.

Early Scarlet Globe

This well-known and highly bred variety forms attractive, medium-size, globe-shaped roots. They are ready for table use in from 4 to 5 weeks from outdoor spring sowing. The color of the skin is a bright shining scarlet that pleases everybody. Our strain holds its color longer than any other. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. $1.00, 2 lbs. $1.90, 5 lbs. $4.75, 10 lbs. $7.00, postpaid.

White Icicle

The roots are crisp and tender, and they have an agreeable snappy flavor. The roots grow large and are the shape of an icicle. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. 95c., 2 lbs. $1.75, 5 lbs. $4.10, 10 lbs. $7.00, postpaid.

Chinese Celestial Winter

Seed from Tonkin, China. The finest of the White Chinese Radishes. The roots grow average 6 to 10 inches in length and have a diameter of 3 inches. The flesh always crisp, mild and juicy. It is a profitable radish to grow both for market and home use. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. $1.00, 2 lbs. $1.90, 5 lbs. $4.75, 10 lbs. $7.00, postpaid.

PHILADELPHIA LONG SCARLET CINCINNATI MARKET or (Glass Radish). Skin bright scarlet color, flesh pure white, crisp and snappy, very early. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. $1.00, 2 lbs. $1.80, 10 lbs. $7.00, postpaid.

Crimson Giant Globe

An attractive radish, ready to market in from 4 to 5 weeks; 1½ inches in diameter, tender skin, of deep crimson. Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 60c., lb. $1.60, 2 lbs. $1.85, 5 lbs. $4.10, 10 lbs. $7.75, postpaid.

PERFECTI0N CHINA ROSE WIN¬

PERFECTI0N CHINA ROSE WIn¬

COOPER’S SPARKLER.” Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 90c., postpaid.

New White Delicacy Radish

This new sort is a cross between White Lady Finger and our Improved White Strasbourg. A most distinguishing characteristic is its rich, transparent, waxy, appearance. The shape is one long sought for and the most advantageous for bunching, being what might be called half-stump rosets. The color is pale white above described, and the texture is very firm and solid. It is about one week later than White English Summer. They remain in eatable condition fully three weeks, which pleases everybody.

Pkt. 10c., oz. 25c., 4 ozs. 50c., lb. 75c., lb. $1.40, 2 lbs. $2.25, 5 lbs. $3.00, 10 lbs. $11.00, postpaid. By express, 25 lbs. $25.00, 50 lbs. $45.00.

NEW CALIFORNIA CHERRY RADISH.

Sow the seed thinly in shallow drills and cover with about one-quarter inch of fine soil. One ounce is sufficient for 100 feet of drill; 8 to 10 pounds of seed are needed to sow one acre planted in drills.
RHUBARB or PIE PLANT

**Giant Extra Early Paragon.** In growth it resembles the Victoria and is quite as large and productive as that well-known variety, but the Rhubarb is more upright in habit, and in the open ground comes earlier into use. Another and still more important merit is the beautiful color—a rich, bright red, and this characteristic remains after cooking, even when the roots have been forced in absolute darkness. The sticks are large and exceedingly tender, and have a delicious flavor. Altogether this fine variety possesses a combination of qualities which will make it a necessity with every progressive market gardener. Just as desirable for the family garden. It is an enormous yielder and sells at "top-notch" prices.

**Extra Strong roots.** 50c., 2 for $1.00, 4 for $1.50, doz. $3.00, postpaid.

**MYAT'S VICTORIA.** A very large, thick, redstalked late variety of excellent quality. Pkt. 10c., oz. 25c., 1 lb. 60c., 10 lbs. $2.50, postpaid.

**MYAT'S VICTORIA ROOTS.** 3 for 50c., doz. $1.00, postpaid.

**STEHLICH RAPE SEEDS.** One of the best and one of the best for all purposes. Pkt. 10c., oz. 45c., 1 lb. $1.25, 10 lbs. $4.50.

Tobacco Seed

**Havana.** Grown from seed imported from the district of Vuelta de Sur in Cuba. Produces 45 to 50 lbs. per acre. Pkt. 10c., oz. 25c., 1 lb. 60c., 10 lbs. $1.50, postpaid.

**PERSIAN ROSE MUSCATELLE.** Introduced from the gardens of the Shah of Persia. Pkt. 10c., oz. 75c., 1 lb. $1.00, 10 lbs. $3.00, postpaid.

**BLOOMSDALE SPINACH.** This is a new variety distinguished for its exceedingly dark-green colored, curly leaves, which retain their crisp freshness a long time after being cut; of robust growth, and for its remarkable yielding qualities, being superior to King of Denmark varieties. It is very hardy and will withstand the severest winter weather. Pkt. 10c., oz. 45c., 1 lb. 90c., 10 lbs. $2.50, postpaid. Express, 10c., oz. 75c., 1 lb. 1.00, 10 lbs. $1.00, 20 lbs. $1.50, 40 lbs. $3.00, 100 lbs. $6.00.

**TRUE DWARF ESSEX RAPE.** This is grown largely as a pasture and fattening food for sheep, cattle and hogs and poultry during the summer and autumn months. It is also excellent as a cover crop for the next season. A large number of seeds is required. Pkt. 10c., oz. 25c., 1 lb. 60c., 10 lbs. $2.50, 20 lbs. $4.50, 50 lbs. $10.00.

**SORREL.** 1 oz. to 100 feet of drill. Also known as a salad or a spinach, and served like spinach.

**EARLY FRENCH CHAMBOURCY.** A vigorous growing variety with broad leaves, extensively grown around Paris; yields at an average of 1 cwt. per acre. Pkt. 10c., oz. 20c., 1 lb. 50c., 10 lbs. $2.00, 20 lbs. $3.50, postpaid.

**TRUE DWARF ESSEX RAPE.** This is grown largely as a pasture and fattening food for sheep, cattle and hogs and poultry during the summer and autumn months. It is also excellent as a cover crop for the next season. A large number of seeds is required. Pkt. 10c., oz. 25c., 1 lb. 60c., 10 lbs. $2.50, 20 lbs. $4.50, 50 lbs. $10.00.

**SORREL.** 1 oz. to 100 feet of drill. Also known as a salad or a spinach, and served like spinach.
SQUASH

THE MOORE SEED CO., PHILA., HIGH GRADE VEGETABLE, FLOWER AND FIELD SEEDS

SQUASH

Moore's New Extra Early Cluster

The ideal early Patty Pan. The most profitable early squash for either home market or shipping.

The productiveness of this variety is truly astonishing, the yield is enormous; it is not uncommon to count fifteen or twenty beautiful green fruits on a vine at one time. Thirty-six squashes have been picked from a single hill. It is a true bush variety of unusually large size and high prices. The squashes cook well and the flavor is delicious. It forms no hard shell until nearly ripe, which is a great improvement over all others of this type. Color beautiful green. Entirely free from any yellow cast. Unusually solid and heavy, which greatly enhances their value or shipping distances. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

Dow's Extra Early Patty Pan.

It is enormously productive. The squashes mature fully a week earlier than the Long Island Mammoth White and are of good marketable size and high prices. The squashes cook well and the flavor is delicious. It forms no hard shell until nearly ripe, which is a great improvement over all others of this type. Color beautiful green. Entirely free from any yellow cast. Unusually solid and heavy, which greatly enhances their value or shipping distances. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

LONG ISLAND MAMMOTH WHITE BUSH. True fruits are deep and light green to white. Oz. 15c., lb. 45c., lb. $1.00.

CHICAGO WARTED HUBBARD. Of large size and very dark green color. A good keeper. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

PIE SQUASH. Flesh is yellow, very thick and of fine quality. A ready seller on market. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

ENGLISH WHITE MARROW. This is indeed a table variety, productive, excellent quality. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

Henderson's Delicata. For summer use. It is ready almost as soon as the early summer sorts, but better flavored. The fruits are about 6 inches long, and when ripe, are deep yellow, regularly striped and warty with dark olive green. The flesh is thick, of fine texture, and pale yellow in color. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

Dunlap's Prolific Early Golden Marrow. This new Market Squash is certainly a valuable acquisition; for, while it is remarkably productive, no variety can compete with it for earliness. It bears about twelve squashes twice as long as any other. Indeed, we cannot recommend too highly to all who wish early squashes, and plenty of them. We have had it fully tested by our home market gardeners and many large southern growers in Texas and Florida, and they all agree in saying it is the king of all early sorts for the grower, dealer and consumer.

In every season can be planted a week later than any other variety of marrow. Its color is most attractive, brilliant orange red. A good keeper. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50.

Table Queen or Kitchenette

This delicious new sort grows about 6 or 7 inches long by 4 to 5 inches wide. The color is dark glossy green, changing to a beautiful salmon orange color when ripe. Flesh thick, sweet, dry and of the best quality; productive and easily grown. They are usually best in half, baked and served in the shell. Very popular when once known. Fine market sort and very desirable for the home garden. Excellent winter keeper. Pkt. 10c., oz. 20c., 4 ozs. 45c., lb. $1.50, 1 lb. $2.00, postpaid.

EARLY LUCIOUS GOLDEN CUSTARD CUCUMBER. A true bush, handsomely scalloped variety, of a beautiful rich golden color and excellent table qualities; wonderfully productive and the best yellow Patty Pan sort for both sale or shipping. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50, 1 lb. $2.50.

GOLDEN HUBBARD. Fine winter variety. Pkt. 10c., oz. 15c., lb. 60c., lb. $1.50.

GIANT GOLDEN SUMMER CROOK NECK. Bright yellow, warty; ears early and all summer. Pkt. 10c., oz. 15c., lb. 45c., lb. $1.50.

NEW ENGLISH WHITE MARROW. A beautiful cream-colored fruit, of medium size and first-rate quality and excellent flavor; delicious when baked or simmered. Pkt. 10c., oz. 15c., lb. 60c., lb. $1.50.

SWEET ITALIAN. Skin smooth, of a deep green color, deep pale yellow inside. Profitable market variety. Pkt. 10c., oz. 20c., lb. 60c., lb. $1.75.
THE MOST VALUABLE 
Extra Early Red Tomato 
EVER INTRODUCED

MOORE'S KING OF THE EARLIES

We have here the grandest large extra early smooth tomato of the age for market gardeners, private gardeners and shippers, no matter whether you plant one dozen or one million plants for your first picking. It is just the large extra early tomato thousands have been looking for. It is just the tomato you need. It is the tomato above all other extra early tomatoes. It is an enormous yielder. The plant is a perfect mass of large, beautiful red fruit. It is the ideal "stem setter" and as there is a remarkable absence of leaves the fruit ripens early and almost "all at once." The tomato that will bring you wealth and fame. Each and every vine is a perfect mass of wine fruit, as our illustration shows. It is a very compact grower and consequently can be planted one-third closer than any other early sort. If you grow early tomatoes, don't miss planting it. It will be both pleasure and profit to you. It is the earliest large, smooth tomato ever introduced. Price, extra selected seed, pkt. 15c., 2 for 25c., 1 oz. 75c., 1 lb. $2.00, lb. $7.50.

PROFIT SETTING SEED, carefully selected for size, shape, smoothness, earliness and heavy yield. Pkt 25c., 1 oz. $1.00, 1 oz. $3.00, 1 lb. $10.00, postpaid.

MOORE'S NEW EXTRA EARLY JUNE PINK

Better in quality, more handsome in appearance and immensely more productive than any other extra early pink-skinned variety. The vines are on solid mass of beautiful, large-sized, smooth fruit, which always sells for fancy prices in every market. We have been developing and improving this remarkably valuable new extra early variety for the past eight years and now offer it to our many thousands of customers throughout the world as being the most best, most productive and most profitable early pink tomato in existence. First pickings of ripe tomatoes last season sold for $4.50 per crate wholesale. The crown sets often consist of thirty beautiful large fruits. Moreover, it is exceptionally hardy. The fruit is deep, very smooth, solid and meaty, and entirely without core. It is a great money maker for all who grow for early market. As a long-distance shipper we assure our customers that it will carry fully as well as our Moore's Royal Pink or Moore's Old Blue Stemmed Duke of York. That, you know, is saying a great deal. Every one of our customers who has had it pronounced it free from blight. Fine for the South and will make big money for the man who grows tomatoes for early market, no matter where he may be located. Ask your neighbor about it; he may be planting it. Pkt. 10c., 5 pkts. 25c., 1 oz. 50c., 4 oz. $1.25, 1 lb. $4.00, postpaid.
MOORE’S WONDERFUL EARLY TOMATO

Introducing the Moore Seed Co. Thousands say it is the Most Valuable Large Second Early and Best Flavored Bright Red Tomato for the Market Gardener Ever Introduced. The Only Tomato Adapted for Early, Second Early or Late Crop. Yields 30 Tons per Acre.

Since we introduced this most excellent variety it has brought joy, happiness, satisfaction, and hundreds of thousands of dollars to the homes of market gardeners and others who have purchased their seed from us. It ripens evenly to the stem, has very few seeds, while the productivity is simply astounding, it having frequently produced 15 bushels of beautiful ripe fruit per plant. It not only bears early, but continues to bear ripe fruit until frost, unlike most other varieties, the size is held up well until the last picking. It is no experiment, but is on a broad basis of firmly established merit. It is well adapted to all sections of the country. It is singularly well adapted to growing in the Dominion of Canada, as well as throughout the United States, North, South, East or West, and every market gardener, no matter where located, will find it a sure money maker. The home gardener and large canner will find it equally valuable and satisfactory. The meat is unusually firm, sweet and bright red, and carries well. Only from 3 to 5 days later than Moore’s Supreme Early. It will always command the highest price on any market. Pure, selected seed only. Pkt. 15c., 2 for 25c., oz. 75c., 1 lb. $1.75, 1 lb. $6.00, postpaid.

Moore’s New Coreless Tomato. All markets requiring a bright, rich, red sort will be pleased with the Moore’s New Coreless. In shape it is almost round, being of about the same diameter each way. The depression at the stem end has been almost eliminated, making it the most marketable variety for canning, owing to a very small amount of loss for material and labor. It is immensely productive, clusters of four to seven fruits are produced at six to eight inches apart along the stem when plants are trained to stakes. Tons per acre and cans per ton is all important. All of the fruits are of marketable size, and many of them are quite large, twelve to fifteen ounces. A grand, reliable variety the seed cells being surrounded by bright red, delicious flesh, which is slightly more acid than the Livingston’s Globe. The strong outside and inner walls of flesh of the Moore’s New Coreless render it a very firm fruit and one of the best for long distance hauling and shipping, but it is entirely free from hard green core. Its color is that bright, rich red so desirable to lovers of good tomatoes should plant this grand variety this year. Pkt. 10c., 3 for 25c., oz. 60c., 1 lb. $1.50, 1 lb. $5.00, postpaid.

MOORE’S NEW EARLY ROYAL PINK TOMATO

A truly wonderful yielder—being of large size and wonderfully prolific, as our illustration shows—continues to yield beautiful large fruit longer than the Globe, Acme, or Beauty. Very distinct in shape, firm-fleshed, and of delicate and delicious flavor. It is a very beautiful variety; in quality there is nothing more to be desired in a pink tomato. It has a great future; it has already become a popular variety with all tomato growers who have tried it. Every market grower, large or small, is delighted with it. It is as smooth as an apple, colors up nicely, continues in bearing condition longer than any other pink variety, and meets with ready sale on all markets. Every Florida, Texas, Mississippi, Louisiana, Alabama, Tennessee, or other Southern tomato grower should plant Moore’s New Early Royal Pink Tomato. It matures enormous crops of No. 1 fruits only a few days later than Moore’s King of the Earlies. Beautiful large, smooth, solid pink-skinned fruit, which invariably sells above the market price. The texture is extra firm, thus making it a first-class, long-distance shipper. It outclasses Livingston’s Globe on every point, being one third larger, earlier, yielding 50 per cent. heavier crops and, unlike the former, will carry thousands of miles in perfect condition. Pkt. 10c., 3 for 25c., 1 oz. 60c., 1 lb. $1.50, 1 lb. $5.00, postpaid.

MAKES HIM RICH. I must thank you for the fine seed you sent me of your Moore’s Wonderful Early Tomato. I have sold $600.00 from one acre. I felt rich when I sold them all at $1.00 per basket. JONATHAN WILKINS, Seattle, Wash.
MOORE'S DEPENDABLE TOMATO SEED
NORTHERN GROWN, FREE FROM BLIGHT, AND EVERYWHERE KNOWN AS THE MOST CAREFULLY SELECTED, THE MOST CAREFULLY GROWN, AND THE MOST CAREFULLY SAVED

Thousands of the most critical market gardeners throughout the United States have for years found our tomato seeds the most dependable as well as the most profitable to grow—the best for home use or shipping. Careful tomato growers use our tomato seed—the best is always the cheapest.

CHALK'S EARLY PROSPERITY TOMATO

This is a highly valuable new variety—is in a class all by itself. It originated with James Chalk, one of the foremost and most successful market gardeners, and a noted expert tomato grower, of Pennsylvania, who has devoted forty years of his life to the hybridizing, selection and developing improved forms of the tomato. It was he who gave to the world the famous Chalk's Jewel tomato, which was introduced by us to the tomato growers of America in the year 1899, and which has since brought millions of dollars to the pockets of the tomato growers of America.

Mr. Chalk wishes to announce to the tomato growers of America that his new EARLY PROSPERITY tomato will, if possible, prove even more valuable than his justly famous Chalk's Jewel.

Side by side Chalk's Early Prosperity produced three times as many marketable tomatoes as Earliana, Earliest of All, Early Freedom or Bonny Best. It is truly a wonder among early red tomatoes, being an enormous yielder, solid, firm, large size and unusually attractive. Satisfaction, profit and prosperity assured to all who plant it, either for the home garden, home market or long distance shipping. It is a brand new sort, free of all disease. Stock seed grown by James Chalk. Pkt. 10c., 2 pkts. 25c., oz. 50c., 4 ozs. $1.00, 1 lb. $1.25, 2 lbs. $2.00, 5 lbs. $3.50, postpaid.

Langdon's Earliana Tomato
(Crown Saved Seed)

This is the result of several years' very careful selection from the famous Earliana and grown near the Canadian border, in a short, cool season, which is well calculated to produce extreme earliness, hardiness and smoothness, great vigor and productiveness. Our seed is very carefully selected from the finest crown fruits and grown from the originator's stock which we have purchased. Pkt. 10c., 3 pkts. 25c., oz. 50c., 4 ozs. $1.00, 1 lb. $1.25, 2 lbs. $2.00, 5 lbs. $3.50, postpaid.

MOORE'S NEW IMPROVED GLOBE

Color a fine glossy rose, tinged with purple. Very early. The fruit is of a much larger size than the Livingstone Globe, which is a decided advantage. Enormously productive; no fruit too small for market. It has already become a big leader with many prominent and successful tomato growers in all parts of the country. It has never shown any tendency to blight with us. A fine shipper. Being smooth and of large size, it always brings fancy prices and will invariably sell for double that of any other of its type. A vigorous grower and without core. We never knew it to crack. A great favorite with southern growers for shipping north during the winter months. Pkt. 10c., 3 for 25c., oz. 50c., 4 ozs. $1.25, 1 lb. $4.50, 2 lbs. $8.00, 5 lbs. $19.00, postpaid.

Moore's Famous Kelly Red Tomato

It has many distinct and desirable qualities. It is entirely different from any sort previously introduced. The color is a beautiful, bright, glossy, purple-scarlet shade of red. It is the largest late red tomato of its type, a long, continuous bearer; ripens a little before the world famous Moore's Triumph. Twenty tons of fine marketable fruit per acre is not unusual. It is better than Matchless, shows no blight, a good drought resister. It has many good qualities that make it highly desirable for all progressive tomato growers. Pkt. 10c., 3 pkts. 25c., oz. 45c., 1 lb. $1.25, 1 lb. $4.00, 2 lbs. $7.50, postpaid.
Moore's Triumph Tomato

The Greatest Second Early and Late Tomato ever offered to the American tomato grower. Planted last year by over 64,000 of the best gardeners and canners in America, who all unanimously endorse it as the best ever introduced.

Our illustration gives a very correct idea of the size and shape of this valuable new variety. We introduced this grand tomato to our gardening friends fifteen years ago, and since then scores of enthusiasts have tried without success to offer one as good. Words cannot adequately describe its many admirable qualities for the market gardener, canner or private grower. We can truthfully say, however, that it is the finest medium early or late tomato ever introduced, a truly remarkable, handsome, very large, solid, smooth, bright, glossy red variety of the finest quality, ripens clear to the stem; wonderfully productive and sturdy grower; does not crack; sells on sight. Its large size might lead some to believe that its fruits are two in number, yet the fact is, it is even more prolific in fruiting than any of the standard sorts now in cultivation. It is unquestionably the heaviest grower known. The tomatoes are borne in immense clusters of four to eight fruits, and occasionally ten large fruits have been found in a single cluster. In solidity and neatness it has no equal, while in luscious quality none surpasses it. While it is an excellent sort of medium early, it is the best in the world for a late crop. As a carrier it "holds up" perfect condition longer than any other large red sort. The large size, beautiful color and productiveness are maintained throughout the season until killed by frost. Every trucker should grow it for his home market. Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50, 1 lb. $4.00, postpaid. Crown Setting Seed, oz. $1.50.

Moore's Old Blue Stemmed

"Duke of York"

Of Special Value to Florida Growers and all Long Distance Shippers.

Introduced by us. One of the grandest tomatoes recently introduced. Color rich glossy scarlet, similar to our Moore's Royal Early Pink, splendid cropper, somewhat globular in shape. Flesh very firm, large-cored. A leading feature of this superb variety is that it ripens its fruit more uniformly together than any known kind, whilst its profusion of clusters, averaging eight and ten large evenly-formed clusters each, makes it conspicuously handsome. Ripens evenly to the stem; wonderfully productive and success to offer one as good. Words cannot adequately describe its many admirable qualities for the market gardener, canner or private grower. We can truthfully say, however, that it is the finest medium early or late tomato ever introduced, a truly remarkable, handsome, very large, solid, smooth, bright, glossy red variety of the finest quality, ripens clear to the stem; wonderfully productive and sturdy grower; does not crack; sells on sight. As a carrier it "holds up" perfect condition longer than any other large red sort. The large size, beautiful color and productiveness are maintained throughout the season until killed by frost. Every trucker should grow it for his home market. Pkt. 10c., 3 pkts. 25c., oz. 50c., lb. $1.50, 1 lb. $4.00, postpaid. Crown Setting Seed, oz. $1.50.

Moore's New Extra Early Giant Acme

The Handsomest and Earliest Type of Acme Tomato

Positively the earliest and largest Acme tomato ever introduced. Extremely valuable to market gardeners and shippers. Just what you have long sought—a large fruited, early, smooth, solid tomato with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin, Hereford all pink skinned tomatoes, with a pink or purple skin. Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin, Heretofore all pink skinned tomatoes, with a pink or purple skin.

We are headquarters for selected seed of this important variety. An excellent sort for late summer and fall. Plants should be "set out" earlier than other late sorts. Pkt. 10c., 3 for 25c., oz. 50c., lb. $1.25, 1 lb. $4.00, postpaid.
Cumberland Red Tomato. This is a well-established and valuable canning sort of much merit; ripening fruit in about 90 days from time of planting out; a choice sort, exceedingly rich in flavor, extremely productive, and earlier by a week. It is not only valuable to canners, but is otherwise excellent market fruit. It is not only free from splits, small cavity at stem, and like other varieties has a very firm and solid, very few seeds, ripens evenly. Color retains a marked red, very solid firm flesh, almost free from seeds, an excellent choice sort, exceedingly high quality, and large size. Fruit round and perfectly smooth, form, high quality, and large size.

GOLDEN FIG

This distinct husk envel- oped tomato is unequalled for canning, preserving and pies. Dried in sugar, as raisins or figs, or to use in fruit cake, they are unexcelled. They have a strawberry flavor, and produce fruit in great abundance. For sauce, they are excellent, and for pies nothing can equal them in flavor or taste. They are delicious as preserves, and when dried in sugar are much better than raisins for cakes and puddings. They are also excellent to eat as raw fruit.

SMALL-FRUITED TOMATOES

Yellow Plum. Size and shape just like a plum; of a bright lemon-yellow; fleshy and of excellent flavor. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.25, lb. $4.00, postpaid.

Yellow Pear. Fruit similar to the Yellow Plum, slim neck or distinct pear-shape. Excellent for salads or preserves. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.25, lb. $4.50, postpaid.

Peach. The fruits average 1½ inches in diameter. The skin is covered with a slight bloom or neteffect as in a peach, and is of beautiful pinkish coloring. Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.35, lb. $4.50, postpaid.

Red Cherry. Sweet in flavor and fine for marmalade. Pkt. 10c., oz. 40c., 1 lb. $1.20, lb. $4.00, postpaid.

Red Grape. Very prolific, delicious in combination salads, or preserved whole. Pkt. 10c., 1 oz. 25c.

Red Pear. The fruit is bright red, of true pear shape. Rich and distinct in flavor. Fine for "tomato figs." Pkt. 10c., oz. 45c., 1 lb. $1.25, lb. $4.50, postpaid.

FORCING or GREENHOUSE TOMATOES

EARLY COMET. A most excellent Scotch variety, of medium size, rich glossy pink color, and heavy settler. A truly superb variety; Pkt. 10c., 3 pks. 25c., oz. 50c., 1 lb. $1.75, lb. $5.25, postpaid.

SUTTON'S PERFECTION. A superb tomato, combining great form, high quality, and large size. Fruit round and perfectly smooth color rich bright crimson; flesh solid, almost free from seeds, an of an agreeable pleasant flavor. One of the finest tomatoes for exhibition. Pkt. 25c., 3 for 60c., 1 oz. 75c.
**Every Tomato grower should use our**

Ready Perfection Paper Bands and Pots to use

Every amateur, florist, market gardener or plant grower, growing vegetables or flowers for home use or market, need our paper bands or pots. They are the easiest and most economical thing in the world for transplanting, growing and marketing young plants. They are cheap, easy to use, and in every way satisfactory.

They come already folded, set up, and will not come apart like some others. You will note that they are square. Also observe that a square band or pot has twice the root room of the old style round paper or clay pot. This gives the plant a 100% better chance to develop and grow, as the root growth is twice as large, which is the main thing in growing healthy plants quickly. Nor do the roots become pot bound as they are apt to do in the old style pots. You thus get a fine vigorous plant that will mature from two to four weeks ahead of those grown in clay pots.

The bands have no bottoms, but the pots have folding bottoms. Put one plant in each. You will find it very easy to transplant from the two inch size to the three or four inch size or to finally set them in the field where they are to grow. They are cheap, durable and big money makers for all who grow early peppers, parsley, egg plants, cauliflowers, tomatoes, lima beans, etc., to be sold in pots or transplanted to your field. Florists will especially find them money savers and business getters also. Florists can grow and ship spring blooming plants without taking them out of the pots or bands. You save weighing and labor—no broken pots. Plants grown in them transplant with ease and will never will nor lose a leaf. Plants grown this way are quick sellers, as well as early producers. You will have the earliest and best plants in your community. You will find them profitable in every way. You can grow wonderful vegetables and beautiful flowers.

Note our low postpaid prices on all sizes. Plants grown in them are brimful of life. They will make gardening profitable where it was not so before.

We have thousands of satisfied users. Order early, avoid the rush and have them when you need them. They are sure and quick winners for all who use them.

**Early Detroit** (Edward Sparks strain)

The equal of any second Early Purple Tomato. Bears uniform, large, handsome, smooth fruit through the long season, yielding in the aggregate more marketable tomatoes than the old Livingston Beauty. The fruit is firm and almost globe-shaped. Quality excellent. Wonderfully prolific. Normally free from cracks and blight. Pkt. 10c., 3 pkts. 25c., oz. 50c., 1 lb. $1.00, 10 lb. $5.50, postpaid.
Life is too short to experiment with unknown or cheap tomato seed. It always pays to plant the best and to get your seed from us. You should realize that in tomato growing the result is everything; the first cost of seed is so small that you can well afford to pay a little extra and get the best.

**Marglobe (New)**

A new hybrid of a beautiful scarlet color, resembling Livingston's Gloxin but somewhat flatter. A much heavier producer and slightly earlier than the Globe. Resists the nail-head rust and farsumium wilt to a wonderful degree. When tested with other varieties it proved to superiority for all desirable market qualities. Fully adapted for growing in any part of the United States. *Pkt. 15c., 2 pkts. 25c., oz. 40c., 1 lb. $1.25, 1 lb. $2.50, 2 lbs. $4.50, postpaid.*

**Delaware Beauty**

Vine compact, deep green, blight resistant, thick stemmed, extraordinary productive.

Fruit a brilliant red, flesh thick and firm. Very smooth; a good shipper and enormously productive.

Fruit smooth all over, almost entirely free from splits, a most distinguishing quality, very uniform in size and showy. Of a habit, simultaneously coloring up all over the fruit. Crown end, no depression whatever at stem end, unusually full on top—a most desirable quality, absolutely no waste.

Its habit of ripening a week later than Moore's Wonderful and 2 weeks ahead of Stone is most desirable. A productive sort has long been looked for to come in ahead of these two late varieties. Cannot especially be asked to observe this most profitable character. *Pkt. 10c., oz. 50c., 1 lb. $1.25, 1 lb. $4.50, postpaid.*

**Moore's Selected Stone.**

Thousands of tomato growers and particularly market gardeners, both large and small, a greatly improved type over the old Stone as offered previous to 1918. It has taken years of careful, painstaking care at intelligent effort to bring it up to its present high standard of perfection. Vine is more compact, productiveness greatly increased, brighter red color, better keeper, better shipper, fewer seeds, dense all core eliminated, firmer and more solid meaty fruit, earlier and more uniform in ripening, fruit produced in clusters of six, seven or more with a range of weight from 3 to 12 ozs. Smaller cavity at stem end. In short, all the faults of the old Stone have been entirely eliminated by our long and careful selection and re-selection of stone seed. If you plant Stone tomato be sure to get our Moore's Selected Stone. *Pkt. 10c., oz. 45c., 1 lb. $1.25, 1 lb. $4.00, 2 lbs. $7.50, postpaid.*

**Rosy Morn or Red Head.**

Wonderful yielder, entirely free from cracks; color beautiful bright red and in many respects resembles our Moore's Wonderful Early. Good mild flavor and very few seeds. The vines are shot jointed, vigorous, healthy and bear continuously large clusters of the large fruit and distinctly disease resistant. It is a shy seeder and most excellent variety for the family garden or market grower and we recommend all our customers to plant it liberally. Best stock, direct from the originator. *Pkt. 10c., 3 pkts. 25c., oz. 60c., 4 oz. $1.50, 1 lb. $5.50, 2 lbs. $10.00, postpaid.*

**H E R B S**

- **BASIL, SWEET.** *Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.50.*
- **DILL.** *American. Much superior to the imported. Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.50, postpaid.*

- **Thyme.** *American. Of upright habit; broad-leaved. Very para.
MOORE'S FAMOUS BLACK NORWAY OATS
Seed Stock Imported Direct from Bergen, Norway

Few farmers are aware of the fact that the best black oats in the world are produced among the Fjords of Norway facing the Arctic Ocean. It is here that the black oat is cultivated to its greatest perfection as to yield, weight, quality and freedom from disease. Our stock seed was obtained direct from Mr. Hanson Hjort, who has devoted two decades to developing his favorite strain of "Hjort's Frei Braun." Mr. Hjort has, on carefully prepared land, raised as high as 311.4 bushels (by weight) per acre of his truly wonderful oats. Our own and other tests the past season showed a yield of over 200 bushels per acre. Any farmer can secure the same enormous yield under the same conditions. An acre of ordinary land on your farm that will only produce 25 bushels of common oats will readily yield 100 bushels of our Famous Black Norway Oats.

We do not feel backward in pushing this Famous Black Norway Oats, because we have seen such marvelous yields of this variety the last summer that we know any farmer can make lots of money sowing it. There is nothing like it in earliness in any other kind of black oats that we know of. Our crop was ripe and stacked before any of our neighbors'. The wonderful yield of this remarkable oats, as well as its resistance to the elements, is very largely due to its wonderful stooling habits. We have seen single kernels produce 102 strong, healthy stalks. Every farmer knows that when an oat stools, its yield is increased in proportion. Take an oat that does not stool and it cannot produce as heavily. Many samples of this seed often weigh 55 pounds per measured bushel.

It is Drought Proof. It matures so early that the crop can be gathered before dry summer weather sets in. No sort we ever heard of so completely and thoroughly withstands dry weather.

Peeling Quality—No variety equals it in superior sweet quality. All kinds of stock prefer eating it to any other.

It is the last 40 bushels per acre that makes farming profitable. If the common sorts yield 30 bushels per acre, and this you get 70 bushels, the last 40 bushels would be the profit; but if this gave you 160 bushels, it is very easy to figure out great profits on 100 acres or more. Try it and convince yourself.

It comes from a country where rust does not exist. The low price we sell it for ought to induce every farmer to plant it. Its wonderful stiff straw holds it up like a wall where the wind and rain beat other straws flat. No sort we ever heard of so completely and thoroughly withstands dry weather.

215 BUSHELS PER ACRE

Solomon Cutter, Genesee Co., N. Y., says: "Your Famous Black Norway Oats was a sight to behold, audibly four feet high, a solid mass of grain. The straw was so stiff that not a stem lodged. It died at the rate of 215 bushels of 22 pounds per acre. I congratulate you warmly upon your remarkable success in producing farm seeds of such superior merit."

The Wonderful Pencilaria

It produces immense yields in spite of too wet or dry weather. Reports came from sections where the rain crop was destroyed by hot winds, but Pencilaria laughed at the drought and gave three to seven cuttings of fodder during the season. In other places the soil was too poor to grow corn, but Pencilaria put right ahead and made a prodigious growth. Especially adapted for warm climates.

STOOLING HABIT—Everyone is greatly astonished with the stooling nature of Pencilaria. While it begins stooling at once, still it is after being once cut off that this is especially prominent, many farmers cutting off forty, fifty-four, sixty, sixty-five, sixty-seven, and even as high as seventy-five stems grown from one seed, each of these stalks growing seven to fourteen feet high and covered with large succulent leaves. In quality we claim that Pencilaria is much superior to corn fodder. This is shown by the cattle leaving corn to go to the Pencilaria. It is not coarse like corn fodder, but takes the place of hay, with better results and less expense.

HOW TO GROW—Now in drills twenty-four to thirty-six inches apart, dropping three or four to each of row, and in this way three pounds will sow one acre. Seed should be covered one-half inch; do not plant until corn-planting time. Cultivate between the rows. Cut the first crop when two to three feet high, are a stubble at least 8 inches high, and later cuttings when three to six feet high. In this way it takes four to seven crops per year.
Perfect Turnip White Globe. A Perfect Turnip White Globe. It is the sweetest, tenderest, handsomest-looking purple top white globe turnip we ever grew. Our illustration, drawn from nature, shows its smooth, regular form, and rich, purple-colored top. The best early globe variety grown and the most profitable market sort. Of large size and very rapid growth; 60c. twice yearly. It keeps well. Pkt. 10c., oz. 25c., lb. 60c., lb. $2.00, postpaid.

**Early Purple Top Flat**. Strap leaved. Oz. 10c., 4 ozs. 25c., lb. 40c., 1 lb. 75c., 5 lbs. $3.50, postpaid. **Purple Top White Globe**. Improved. Good stock. Oz. 10c., 4 ozs. 25c., lb. 75c., 5 lbs. $3.50, postpaid.

**M. & S. Teltow Golden**. Very popular as a market sort. Of medium size, short top and very rapid growth. Globes-shaped bulbs, with deep yellow flesh, very tender, stringless and of delicious flavor. The top of the bulb is of a beautiful light green, while the edges are of a beautiful rich golden-yellow color. An excellent keper, remaining solid a long time. Excellent fall and winter sort. Every turnip grower should plant it. Sells on sight. Pkt. 10c., oz. 20c., lb. 50c., lb. $1.50, 5 lbs. $7.00, postpaid.

**Yellow or Amber Globe.** Oz. 10c., 1 lb. 25c., lb. 75c., 5 lbs. $3.50, postpaid. **American Green Top Aberdeen**. Very productive. Oz. 10c., 1 lb. 25c., lb. 75c.

**Extra Early Purple Top Milan.** Pkt. 10c., oz. 15c., 1 lb. 40c., lb. $1.25, postpaid.

**Golden Ball or Orange Jelley.** Oz. 10c., 1 lb. 25c., lb. 85c., 5 lbs. $7.75, postpaid.

**Cow Horn Turnip.** Oz. 10c., 1 lb. 25c., lb. 75c., postpaid.

**Southern Seven Top.** Used for greens. Oz. 10c., 1 oz. 30c., lb. 1.00, 2 lbs. $1.80, postpaid.

**White Beauty Ruta Baga.** This variety is grown in large quantities for the Philadelphia market and is very popular. Flesh firm, white, sweet and of excellent quality, the best winter keeper of all. A most excellent late sort. It resists cold so well that it can be allowed to remain in the open ground a great part of the winter. One of the best and most desirable Ruta Baga grown. We most earnestly commend this fine sort to all who grow for market, as it will bring much higher prices than any other sort. Market gardeners' stock. Oz. 10c., 1 oz. 15c., 1 lb. 25c., lb. $1.25, postpaid.

**American Green Top Aberdeen.** Very productive. Oz. 10c., 1 lb. 25c., lb. 75c.

**Carter's Model Purple Top Yellow Ruta Baga.** A Perfect Turnip. No other sort equal to it in point of tenderness, sweetness, juiciness or nutritions. Our choicest stock grows entirely without neck and very small top and tap-root. Very quick growth, good globular shape, excellent table quality and best market variety. It is thoroughly fixed in type and entirely distinct from ordinary varieties which are used mainly for feeding stock. It has short leaves, grows clean and remains remarkably firm and fine grain and delicious in flavor. Will mature in fifty days from planting. We pronounce this the best and most desirable Ruta Baga grown. We most earnestly commend this fine sort to all who grow for market, as it will bring much higher prices than any other sort. Market gardeners' stock. Oz. 10c., 1 oz. 15c., 1 lb. 25c., lb. $1.25, postpaid.

**Danish Golden Milk Turnip.** At the present time the price of grain for feeding stock the profits of dairying and stock-fattening is very much reduced, and the feeding of roots alone offers the solution of probably conducting many farmlands. The sooner the farmer realizes the immense value of roots of various sorts for feeding his dairy, as well as all other stock he may have, the sooner will he experience that degree of prosperity he has so long waited for. It is the growing and feeding of root crops alone that makes the English, Danish and other European dairy farmers so prosperous. The dairy can be made to pay big profits if a judicious system of root feeding be practiced. Our Danish Golden Milk Turnip, which we have brought from Denmark, is the best of its class and is the turnip principally grown in that country for stock-feeding purposes; it is unusual in the high value of milk of the richest quality in a manner that will astonish the most skeptical. The roots are of immense size, of a rich golden yellow color, very solid and nutritious, of rapid growth and a perfect keeper. In point of productiveness it is only necessary for us to say that seventy tons have been produced on one acre of ground, while from thirty-five to forty tons is no uncommon yield. Can be sown from April to July 10th, broadcast, or in drills; we recommend the latter. We advise several sowings be made during the period above mentioned, the last for late fall and winter use. It is also a good sort for table use. Of course it should be fed in conjunction with other food, and in this way it will enable any dairyman to reduce his feed bills twenty to thirty per cent., and increase his milk supply from twenty to thirty per cent. A trial will convince. Sow two pounds per acre. Pkt. 10c., 3 pkts. 25c., oz. 40c., 1 lb. $1.25, lb. $1.35, postpaid.

**Long Island Golden Yellow Ruta Baga.** Market gardeners' stock. Oz. 15c., 1 lb. 40c., lb. $1.25, 2 lbs. $2.25, postpaid.

**Gold Nugget.** A most distinct variety of early maturity. The flat root average two and a half to three inches in diameter and the skin is a rich deep orange-yellow; very smooth and entirely free from small rootlets. The firm flesh is fine-grained, crisp, light yellow in color, and has a flavor which is much sweeter than that of any of the other white-fleshed sorts. Especially recommended for planting in the home garden as an early turnip.
SMALL FRUITS

There is only one way possible to succeed in fruit growing, and that is to plant the right varieties. It does not matter how good your market is, or how well your soil is adapted to fruits, if you do not know what it is that the market wants, your fruit will not sell. It is for this reason that we have laid the foundation for success for hundreds of our customers. We want to lay the cornerstone in the foundation of your successful career—fruit growing. You can succeed. We will help you with advice, good plants and the right varieties. We are at your service.

This year our plants are very fine and our stock is larger than ever, and we solicit orders as large as well as small orders.

Note. Our plants are first-class, full of life, and worth double the price of many on the market. Besides, they are varietal plants that will grow.

THE KENoyer. No. 1. The greatest acquisition of years in raspberries. This valuable new raspberry is certainly a great crop of berries, its productiveness being second to none and it will sell at the highest market price.

Each 30c., 6 for $1.50, doz. $2.50, postpaid. By express, not prepaid, 100 $5.00, 1,000 $45.00.

BLACKBERRIES

DICKEL'S EARLY HARVEST. The earliest blackberry to ripen. Exceedingly hardy and of great merit. Fruit jet black, glossy, big, and firm and will not soften either on the bush or after it has been picked. It has an exceptionally fine flavor and melting. Yields abundantly and ripens early. Forms a compact bush four to five feet high. Has few thorns. Each 30c., 6 for $1.50, per dozen $2.25, postpaid, per 100 $7.50, postpaid.

RATHER. Large, an intense jet black. Very glossy, never turns red. Best flavored. Size of the Egg or Eldorado, all self-fertile, bears plentifully. A valuable variety. Each 30c., 6 for $1.50, doz. $2.50, 100 $6.50.

ZEBERG. THE WHITE BLACKBERRY. The very best white blackberry. It resembles a Quail's Egg. Commences to ripen in June and continues for four months! That's what you get when you plant ZEBERG. The early ripening is a very valuable feature. Each 30c., 6 for $1.50, doz. $3.00, 100 $12.00, postpaid.

MOORE'S NEW RED CROSS. Beautiful bright red, fine large berry and bunch. Large, firm, and of great merit. Very prolific. Very large red berry and bunch. Each 40c., doz. $3.50, 100 $12.00, postpaid.

BERRIES. ROYAL PURPLE. Very firm, very late, very large, and sells for $2.75 per quart when other varieties were selling for 25c to 75c.

Can Make Good Money Growing Raspberries and Blackberries, and Small Fruits.

CANADIAN-CUMBERLAND. In hardiness and productiveness this black cap is unequalled. In size, the berries are equal to the Black Diamond. The berries run seven-eighths and fifteen-sixteens of an inch in diameter and are of such handsome appearance that the fruit sold for 50c. per quart when other varieties were selling for 25c to 30c per quart. In spite of its unusual size, the fruit is mild, rich and delicious. Each 25c., 6 for $1.00, doz. $1.75, 100 $12.00, prepaid.

ST. REGIS EVERBEARING. Berries from June until November. Raspberries for four months! That's what you get when you plant St. Regis. An everbearing variety. They are in the very highest grade—in size, in brilliant crimson color, in firmness, in flavor, in melting. Each 40c., doz. $3.50, 100 $12.00, postpaid.

GOLDEN QUEEN. This variety is almost identical with King's Haymaker, except in color. It is a beautiful yellow. Fruit larger; productivity and quality equal Haymaker. Good money can be made with King's Haymaker, except in color. It is a beautiful yellow. Fruit larger; productivity and quality equal Haymaker. Good money can be made with Golden Queen.

MOORE'S NEW RED CROSS. Beautifully bright red, fine large berry and bunch, unusually large berry. The most prolific variety grown, very fine quality, superior market sort. Each 45c., doz. $4.90, 100 $12.50, postpaid.

CURRANTS. Single and dozen postpaid.

"PERFECTION." Beautiful bright red. Fruit larger than the Haymaker, slightly more fragrant and fine flavor. Each 40c., doz. $3.90, 100 $12.00, postpaid.

WHITE GRAPE. Large berry and bunch. Heavy yielder. Each 40c., doz. $3.50, 100 $12.00, postpaid.

FAY'S PROLIFIC. Very large red berry and bunch. Each 40c., doz. $3.50, 100 $12.00, postpaid.

GOOSEBERRIES. Single and dozen postpaid.

DIXON'S PEARL. Large size, immensely productive. Each 35c., doz. $4.00.

AMERICAN-CHEROKEE. A large handsome fruit, green in color; fine flavor, immensely crooked and strong. Each 40c., doz. $4.00, 100 $12.00.

BOUGHTON. Berries medium. Color, pale red. Each 35c., doz. $1.25, 100 $12.00, prepaid.

OREGON ORCIFER. The originator it is said to be outgrowing Donavon four to one and berries equal size. The branches are willowy and drooping, the berries medium-sized and of excellent quality. A distinct variety in fruit and growth. The most vigorous in growth of any gooseberry in America. Mildew proof, 100c. each, 6 for $4.00, doz. $24.00, prepaid.

CURLY LEAF. Single and dozen postpaid.

GOLDEN QUEEN. This variety is almost identical with King’s Haymaker, except in color. It is a beautiful yellow. Fruit larger; productivity and quality equal Haymaker.
SOME SPLENDID NEW STRAWBERRIES

Prices of our high grade are delivered prepaid to any town or Post Office in the United States.

We are greatly pleased to offer our customers some new strawberries of real merit, an improvement over many kinds being offered by other dealers and growers. We have been able to secure a great number of the finest kinds and we are offering them at a low price for a variety so valuable.

**NEW EVER-BEARING STRAWBERRIES**

A new departure in this, the most delicious of fruits. The Ever-Bearing Strawberry is a decided success and making a great sale with the amateur and a sure seller and a decided money maker for the wide awake market gardener. The new Ever-Bearing strawberries are magnificent and of immense size—very firm, solid and shapely for so large a berry. The plants are large in size and quantity. The splendid large berries are borne on stiff, stout stems, ripening in succession for a long period, from mid-season until the very latest, holding up its size to the last and every berry coming to maturity.

The plants of Big Victor are remarkably vigorous, healthy and hardy, throwing out strong runners. The foliage is of the largest and thickest, entirely free from scald or blight. Price, doz. 75c., $1.00 per 25, $2.00 per 100, $7.00 per 500, $15.00 per 1,000, postpaid.

\[ 15 STRAWBERRIES TO THE QUART \]
\[ $7.50 FROM HALF AN ACRE \]

That is the Record of the BIG VICTOR STRAWBERRY, Under Ordinary Farm Culture.

Pine Apple. (Perfect.) This makes the tenth season we have offered this valuable new strawberry and have as yet failed to hear a single complaint. If you have not yet planted it send your order at once. It has a rich pine apple flavor. Think of it, a strawberry, Pine Apple—could there be a more luscious combination of flavors? It is within itself a three-fold pleasure, viz., to look upon, to smell and to eat. A vigorous grower. Berries large size, round and well shaped, beautiful crimson color, about same firmness as Haverland. A perfect bloomer and a valuable seller and the highest market price wherever shown. The plants continue to give large yields of choice berries throughout the season, now bearing. Large in size, highly colored, crimson, glossy, firm, solid and shapely for so large a berry. The plants are large in size and quantity. The splendid large berries are borne on stiff, stout stems, ripening in succession for a long period, from mid-season until the very latest, holding up its size to the last and every berry coming to maturity. The plants of Big Victor are remarkably vigorous, healthy and hardy, throwing out strong runners. The foliage is of the largest and thickest, entirely free from scald or blight. Price, doz. 75c., $1.00 per 25, $2.00 per 100, $7.00 per 500, $15.00 per 1,000, postpaid.

NEW EVER-BEARING STRAWBERRIES

A new departure in this, the most delicious of fruits. The Ever-Bearing Strawberry is a decided success making a great sale with the amateur and a sure seller and a decided money maker for the wide awake market gardener. They usually begin bearing three months after the plants are set and continue to fruit heavily until checked by severe cold weather.

NEW MASTODON (Ever-bearing). Mastodon is the most profitable ever-bearing wonder ever introduced because of its large continuous or flavor all during the everbearing season. Even the plants and fruit are large. The plants are large in size and quantity. The splendid large berries are borne on stiff, stout stems, ripening in succession for a long period, from mid-season until the very latest, holding up its size to the last and every berry coming to maturity.

The plants of Big Victor are remarkably vigorous, healthy and hardy, throwing out strong runners. The foliage is of the largest and thickest, entirely free from scald or blight. Price, doz. 75c., $1.00 per 25, $2.00 per 100, $7.00 per 500, $15.00 per 1,000, postpaid.

FRANCIS-BISEXUAL. The berries are decidedly attractive; deep crimson, glossy, firm, of high quality, finely flavored and exceptionally uniform in size. We have recently increased our stock of this variety as many as a hundred plants have been sold during the last season. The berries are large in size, firm, solid and shapely for so large a berry. The plants continue to give large yields of choice berries throughout the season, now bearing. Large in size, highly colored, crimson, glossy, firm, solid and shapely for so large a berry. STRAWBERRY PLANTS

High Grade

Our Free Delivery is a big cash saving to you.

When to Order—Order early by all means, while the plants are in a dormant condition, before they commence to grow in the spring; they will ship better, stand more neglect and rough usage, and will start off better when set out. Allow time enough before you need the plants so that if we are crowded and you should have to wait a day or two it will not inconvenience you. The best plan is to order a week or two ahead, and state the day you wish them shipped. Another advantage in ordering early is that our stock is complete and you are sure of getting all your order filled.

Guarantee—We guarantee our plants true to name, well-rooted, and from new beds that have never fruited; if they prove not to be so, we will replace them free of charge. While we do not claim to raise better plants than anyone else on earth, we do claim that we raise them better than some, and as good as the others.

reo—A copy of our 60-page “Strawberry Culturist” will be sent postpaid with all orders for strawberry plants amounting to $10.00 or upwards if asked for with the order.

Moore’s Earliest of All Strawberries

The most valuable production of the age. The most wonderful and remarkable large berry ever introduced. Absolutely the earliest large strawberry in existence. Immense size, prodigious yield, delicious flavor. Plant strong, luxuriant and healthy. Flowers bi-sexual.

Has Produced 16,000 Quarts to the Acre

Every market gardener who plants it largely is insured handsome profits. On account of its beauty and extreme earliness it has come to command the highest market price. Its extreme earliness is due to its hardiness; the mode form late in the fall, the fruit being affected by the winter cold or early spring frosts is almost true. The blossoms are produced before the leaves in the spring, and are not affected by any frost during the winter, no matter how severe. This valuable variety does remarkably well on poor, thin land, while on heavy soil the yield is simply prodigious. In our vicinity they usually commence bearing about May 8th to 10th, and continue producing large, beautiful berries of delicious flavor long after all early sorts are exhausted. The plant is a good strong grower, with dark green foliage and nearly rust-proof; extraordinarily productive even in light soil; the fruit is borne on long stems of large size and of a most brilliant scarlet color. The flavor is slightly tart, but very good; a grand berry for the private garden or market gardener. Its fine color and general excellence is such as to make it especially adapted for long distance shipping and we especially commend it to southern growers. Every berry grower, north, south, east or west, should plant it. Doz. 75c., 50 for $1.00, 100 for $1.75, postpaid. Special prices will be quoted on lots of 5,000 and upwards.

EVERBEARING STRAWBERRIES

Give You Big Quick Profits the First Season

Elderberry

This valuable fruit is becoming more popular each year. The fruit is fine for pies and to can for winter use. They may be planted anywhere about the yard, garden or field. The bush is highly ornamental and attractive when in bloom, and equally so when it is in full fruit. It takes of the flavor of both Blackberry and Raspberry. The fruit is as large as the largest Blackberry, and is produced in immense clusters. The color in vary in the same way as the place takes of the flavor of both Blackberry and Raspberry—mild, pleasant, vinous flavor, delicious and peculiarly sweet. Seed small, soft and few. Berries very firm and carry well. Strong grower; enormous bearer. Fruit ripens early, just after strawberries. **PRICE: Strong plants, 50c. each; $5.00 dozen postpaid.

The Loganberry

A hybrid between the Raspberry and the Blackberry. The fruit is as large as the largest Blackberry, and is produced in immense clusters. The color is a variegated red, with the big loads of luscious fruit in early autumn. Large plants. **Price: 35c., 3 for $1.00, doz. $3.00. Postpaid.

STRAWBERRIES

Yield More Dollars and Quicker Returns Than Anything You Can Grow

Yield More Dollars and Quicker Returns Than Anything You Can Grow

Strawberry-Raspberry

This is probably the most remarkable fruit ever offered. It produces ripe fruit from early in July until frost. The fruit is of a beautiful sparkling crimson color and often of great size. The fruit is borne on strong, heavy, fruit-stalks. Excellent for canning, immediate table use, or market. The Gem is valuable in reality of its having been in demand by the finest hotels and private families in New York since the fruit was first sold there. It is one that is certain to give satisfaction. 

Every market gardener who plants it largely is insured handsome profits. On account of its beauty and extreme earliness it has come to command the highest market price. Its extreme earliness is due to its hardiness; the mode form late in the fall, the fruit being affected by the winter cold or early spring frosts is almost true. The blossoms are produced before the leaves in the spring, and are not affected by any frost during the winter, no matter how severe. This valuable variety does remarkably well on poor, thin land, while on heavy soil the yield is simply prodigious. In our vicinity they usually commence bearing about May 8th to 10th, and continue producing large, beautiful berries of delicious flavor long after all early sorts are exhausted. The plant is a good strong grower, with dark green foliage and nearly rust-proof; extraordinarily productive even in light soil; the fruit is borne on long stems of large size and of a most brilliant scarlet color. The flavor is slightly tart, but very good; a grand berry for the private garden or market gardener. ABUTILON
15 Magnificent New Giant Flowering Hybrids, Mixed. Handsomest varieties only, comprising many flowers—over 3½ inches across. Saved from a splendid collection. Seedlings bloom in six months. Pkt. 25c., trade pkt. 50c.

ACHILEA
25 Giant Pearl. White; blooms all summer. Excellent for summer cut flowers; flowers first season if sown early. Early good stock. Pkt. 25c., trade pkt. 50c., oz. $3.50.

ACROCLINUM (Everlasting Flower)
31 Double White Snapdragon. Very fine, white and red; fine for pots. Trade pkt. 50c., 10c., 50c., oz. $1.50.

AGERATUM
62 Little Blue Star. (Cope's Improved) Light blue with dark red centers. Very free bloomer; fine and constant bloomer of foot. Pkt. 25c., trade pkt. 50c., oz. $1.50.
63 Blue Gem. Beautiful, large dark blue flowers; prolific bloom. Fine for pot culture; 6 in. Pkt. 10c., 25c., trade pkt. 25c., oz. $1.00.

Alyssum Carpet of Snow (Dwarf Bouquet)
44 White Gem. The best white variety for bedding or pot culture; 6 in. Pkt. 5c., trade pkt. 15c., oz. 35c.

ALYSSUM
70 Maritimum. White trailing; 8 in. Pkt. 5c., trade pkt. 10c., oz. 20c., ½ lb. 60c.
71 Carpet of Snow. (Dwarf Bouquet.) Pure white; grows only 2 to 3 inches high and flowers profusely; in fact, it is a perfect carpet of snow throughout the season. We have counted as many as 300 heads of snow white flowers open on one plant at one time. The best sort for pot culture (see cut), Pkt. 10c., trade pkt. 25c., oz. $1.50.
72 Little Gem. (Tom Thumb.) White; 4 in. Pkt. 5c., trade pkt. 15c., oz. 35c., ½ lb. $1.00.
73 Saxatilte Compactum. (Basket of Gold.) Beautiful golden yellow; 1 ft. Pkt. 10c., trade pkt. 25c., oz. 45c.
74 "Lilac Queen." The plants are of dwarf compact, upright growth, similar to our Carpet of Snow. Pkt. 10c., trade pkt. 15c., oz. 35c.
80 Amplecopis Veitchi. Japan or Boston Ivy. Hardy perennial climber. Trade pkt. 10c., oz. 25c., 1 lb. 75c.

ANTIRRHINUM (Continued)
119 Sutton's Giant, Double Yellow. Flowers of a brilliant canary yellow and pulse all others in size. Pkt. 20c., trade pkt. 35c., oz. $1.00.
122 Sutton's Giant, Gems, Mixed. Comprising only large-flowered, most rare and choicest novelties and most brilliant colors of this famous hybridizer. Pkt. 10c., trade pkt. 25c., oz. $1.00.
120 Sutton's Giant Double, Decidatum. New, beautiful delicate rose with clear white throat, handsome large flower. Pkt. 20c., 3 for 50c., trade pkt. 35c., oz. $1.50.
121 Vervaeke Hybrid. Dwarf Mixed. Remarkably gorgeous colors in endless variety; unsurpassed for pots; 10 in. Pkt. 10c., trade pkt. 20c., oz. 75c.

ANTIRRHINUM SPECIAL LARGE FLOWERING GREENHOUSE VARIETIES
Magnificent large showy flowers on extra long spikes.
125 White Rock Perfection. Pure white, superb flower; immense long spikes. Pkt. 25c., trade pkt. 75c.
126 Crosswick's Giant Queen. Magnificent orange yellow. Pkt. 25c., trade pkt. 75c.
127 Perfection Silver Pink. (New.) Delicate pink suffused salmon-pink on white long spikes, flowers of purest form. Pkt. 25c., trade pkt. 75c.
128 Scarlet Flame. A self-brilliant scarlet; a most striking color. Pkt. 15c., trade pkt. 50c.
129 Gold Great. Delightful, large gold pink, tinged salmon, with golden orange lip. Pkt. 20c., trade pkt. 60c. 1-packet each 6 special greenhouse varieties, $1.00.

ASPARAGUS
146 Plumbosus Nanus. Pkt. 10c., 25c. per 250 seeds; $2.50 per 1,000 seeds, $5.00 seeds $10.00, 10,000 seeds $50.00. Special prices will be quoted on large lots of 50,000 and upwards.
147 Sprungeri. Pkt. 10c., 25c. per 250 seeds; $1.50 per 1,000 seeds, $4.00 per 5,000 seeds, $7.50 per 10,000 seeds, $25.00. Hardy perennial, fine for cutting. Pkt. 10c., trade pkt. 15c., oz. 30c.

ARDISIA CRENULATA ROSEA
149 Ardisia Crenulata Rosea. The seeds of ardisia may be sown at any time during spring and, as it will take until another year to grow plants that will bear fruit, it is not material at which particular time they are sown. The seeds are a little slow in germinating and it is better to sow them in the manner of sowing cyclamen, about half an inch apart. In early summer they should be potted in 2½ inch pots. Pkt. 50c., 100 seeds $1.75.

ARCTOTIS
140 Grandis (Blue-Eyed African Daisy). This remarkable novelty perfectly forms a mat subplant with a view silver-white, deeply cut foliage. Each plant produces an immense number of daisy-like flowers, which are about one and a half to two inches across. In early summer they should be potted in 2½ inch pots. Pkt. 50c., 100 seeds $1.75.
No. 1375 MATRICARIA ELEGANTISSIMA ALBA (Ball of Snow)

Excellent for summer cutting, producing a wondrously large mass of beautiful pure white flowers until killed by frost. Equally valuable for pot culture or as a cut flower; very desirable for funeral work. Hardy annual of easy culture. Pkt. 10c., trade pkt. 25c., oz. $1.00.

No. 1080 GYPSOPHYLIA PANICULATA, DOUBLE WHITE

Gypsophylas are very popular with the flower-loving public and decidedly profitable to the florist to grow for cutting. Our new double white produces a great profusion of graceful panicles of beautiful pure white wavy blossoms. The vigorous blooming period lasts a very long time. Highly valuable as a fresh or dried cut flower. Hardy perennial, blooming first year if sown early; 2½ ft. Pkt. 20c., trade pkt. 50c.
MOORE'S FINE ASTERS ARE UNSURPASSED IN QUALITY, SIZE AND COLOR

All our Aster seed is grown by specialists of well-known renow, and florists and amateurs can rely upon getting better varieties and colors and higher quality and greater perfection in form and doubleness from us than from any other seed establishment in America.

We call particular attention to our Japanese Mammoth Flowered Chrysanthemum types as being the finest sorts yet introduced of their kind. We also offer various other types of special fine Asters for florists not found in other catalogues.

JAPANESE MAMMOTH FLOWERED BRANCING ASTER

Of special value to florists for cut flowers. These magnificent Asters we have secured from a notable Japanese Aster specialist. They combine more points of merit than any other one class of Asters, bearing extraordinarily large semispherical double flowers of immense size on long stems averaging 5 inches in diameter of the most symmetrical form. They are of great durability, the petals being of splendid substance, withstanding storms, rains and hot sun better than any other Asters, coming through such vicissitudes as gloriously beautiful as ever. A splendid type for florists' decorative work and unsurpassed for pot culture. 20 to 24 inches high. Each plant producing from 20 to 30 magnificent flowers.

160 White Wings. Handsome satiny-white, fine form. Pkt. 15c., trade pkt. 50c., oz. $3.00.
161 Scarlet Gems. Magnificent, glowing crimson-scarlet. Pkt. 15c., trade pkt. 50c., oz. $3.00.
162 Queen of Roses. Extra fine, lovely dark rose. Pkt. 15c., trade pkt. 50c., oz. $3.00.
163 Shell Pink. Exquisite shade. Pkt. 15c., trade pkt. 50c., oz. $3.00.
164 Lime Pink. Light rose, desirable. Pkt. 15c., trade pkt. 50c., oz. $3.00.
165 Light Blue. Light azure blue. Pkt. 15c., trade pkt. 50c., oz. $3.00.
166 Dark Blue. Rich dark blue. Pkt. 15c., trade pkt. 50c., oz. $3.00.
168 A packet of each color for 75c.

SUTTON'S GIANT COMET BRANCING ASTERS

Flowers of immense size, often 6 inches across, composed of long, wavy, twisted petals, gracefully formed into a loose yet densely double improvement of and much superior to Queen of the Market. Flowers of good size and substance and very free bloom. 14 to 16 inches high.

232 White. Pkt. 15c., trade pkt. 50c., oz. $1.50.
233 Snow White. Pkt. 15c., trade pkt. 50c., oz. $1.50.
234 Rose Pink. Fine shade. Pkt. 15c., trade pkt. 50c., oz. $1.50.
235 Shell Pink. Very attractive. Pkt. 15c., trade pkt. 50c., oz. $1.50.
236 Dark Blue. Pkt. 15c., trade pkt. 50c., oz. $1.50.
237 Bright Rose. Pkt. 15c., trade pkt. 50c., oz. $1.50.
238 Superb Mixed. Pkt. 15c., trade pkt. 50c., oz. $1.50.

EXTRA EARLY FLOWERING FRENCH ASTER

A truly remarkable early flowering bushy type with flowers nearly double the size of Queen of the Market, of good form, similar to our Japanese Mammoth Flowered Branching Aster. Flowers are borne on long stout stems. In strong demand for cut flowers.

202 Pearly White. Very effective. Pkt. 15c., trade pkt. 50c., oz. $1.00.
203 Snow White. Pkt. 15c., trade pkt. 50c., oz. $1.00.
204 Rose Pink. Fine shade. Pkt. 15c., trade pkt. 50c., oz. $1.00.
205 Dark Blue or Purple. Pkt. 15c., trade pkt. 50c., oz. $1.00.
206 Lavender. Pkt. 15c., trade pkt. 50c., oz. $1.00.
207 Crimson. Pkt. 15c., trade pkt. 50c., oz. $1.00.
208 A packet of each color for 40c.

GIANT LATE-FLOWERING BRANCING ASTERS

Superior to any other class of late-flowering branching Aster, lengthening the Aster season until frost. The flowers are large, 1 inches across, are very double, of purest colors, and borne on long stems.

239 Daybreak. Delicate pink. Pkt. 15c., trade pkt. 50c., oz. $2.25.
240 Rose. Pkt. 15c., trade pkt. 50c., oz. $2.25.
241 Scarlet. Pkt. 15c., trade pkt. 50c., oz. $2.25.
242 Light Blue. Pkt. 15c., trade pkt. 50c., oz. $2.25.
243 Dark Blue. Pkt. 15c., trade pkt. 50c., oz. $2.25.
244 Lime Pink. Pkt. 15c., trade pkt. 50c., oz. $2.25.
245 Superb Mixed. Splendid for bouquets. Extra quality. Pkt. 15c., trade pkt. 50c., oz. $2.25.

BETTERIDGE'S EARLY QUEEN OF THE MARKET

An improved Queen of the Market Aster. Most excellent very early blooming class from England. An improvement of and much superior to Queen of the Market. Flowers of good size and substance and very free bloom. 14 to 16 inches high.

290 Shell Pink. Pkt. 15c., trade pkt. 25c., oz. $1.00.
291 White. Pkt. 15c., trade pkt. 25c., oz. $1.00.
292 Pink. Pkt. 15c., trade pkt. 25c., oz. $1.00.
293 Light Blue or Lavender. Pkt. 15c., trade pkt. 25c., oz. $1.00.
294 Dark Blue or Purple. Pkt. 15c., trade pkt. 25c., oz. $1.00.
295 Crimson. Pkt. 15c., trade pkt. 25c., oz. $1.00.
296 Mixed. Pkt. 15c., trade pkt. 25c., oz. $1.00.

MOORE'S EARLY JUNE ASTER (Extra Early Wonder)

Highly valuable on account of their extreme earliness, blooming in June. Plants about 15 inch high, with numerous medium size, very double flowers on long stems. Valuable for cutting.

297 White Beauty. Pkt. 15c., trade pkt. 40c., oz. $2.00.
298 Lavender Beauty. Pkt. 15c., trade pkt. 40c., oz. $2.00.
299 Shell Pink. Pkt. 15c., trade pkt. 40c., oz. $2.00.
MOORE'S KING ASTER

Its vigorous upright habit of growth, the profusion of good, strong, flowering stems, together with the size and loose, graceful effect of the branching type of flower make this variety a very desirable acquisition. The beautiful, large, double pink flowers have a delicate shade of the Pink Enchantress Carnation. Unlike many other pink Asters, this variety holds its soft, delicate color for a long time without fading. The broad, flat petals give a soft effect which is extremely pleasing.

263 Pure White. Pkt. 15c., trade pkt. 30c., oz. $1.50.
260 Rose Pink. Pkt. 15c., trade pkt. 30c., oz. $1.50.
262 Lavender. Pkt. 15c., trade pkt. 30c., oz. $1.50.
A packet of each for 30c.

AMERICAN INVINCIBLE ASTERS

This valuable class is a wonderful achievement in Asters, a superior race in every way. The plants are of very healthy, robust, branching growth, about two feet high, producing, on long stems, massive, peony-formed flowers of perfect form and faultless outline, and exceeding double to the very centre. The flowers are the most beautifully formed of all large Asters. These Asters are wonderfully prolific. When grown in masses in garden borders, or grouped in beds, their decorative effect is unapproachably gay and enlivening. When well grown the flowers of our invincible Asters average 3½ inches across.

246 Snow White. Pkt. 15c., trade pkt. 40c., oz. $1.00.
236 Brilliant Rose. Pkt. 15c., trade pkt. 40c., oz. $1.00.
280 Shell Pink. Pkt. 15c., trade pkt. 40c., oz. $3.00.
287 Dark Scarlet. Pkt. 15c., trade pkt. 40c., oz. $3.00.
288 Light Lavender. Pkt. 15c., trade pkt. 40c., oz. $3.00.
289 Dark Blue. Pkt. 15c., trade pkt. 40c., oz. $3.00.
291 A packet of each color for 60c.
290 Mixed. About fourteen beautiful sorts. Pkt. 10c., trade pkt. 40c., oz. $2.75.

Order all flower seeds by number and name.

1292 Mixed. White, blue and scarlet. Pkt. 10c., trade pkt. 30c. oz. $2.00.

PETUNIA

An Important Specialty With Us.

Moor's Mammoth-Flowered Fringed Petunia

DOUBLE VARIETIES

Our strains of this important seed are of the highest quality, all seed being saved from pot-grown plants. Customers may rely upon getting the best results obtainable.

Note.—This double Petunia, grown from seed, produces a large percentage of double flowers; the balance is single flowers of the same beautiful rich shade. It is important to carefully pick out and save the weaker seedlings, as these always produce the best double flowers.

1700 Large-Flowering Double, Striped, Spotted and Selfs Mixed. A grand mixture embracing the most interesting types. Extra quality. Pkt. 50c., trade pkt. 50c., 500 seeds 75c., 1,000 seeds $1.50.
1701 Moor's Prize Giant, Large-Flowering, Double, Fringed, Mixed. Magnificent strain of very large beautiful flowers. The very finest varieties of tints and colors will be obtained from this class. A true royal strain. Pkt. 50c., 500 seeds 75c., 1,000 seeds $1.50.
1702 Moor's Giant Fringed Snowball. Extra large flowers, many 4 to 5 inches in diameter, of the purest glowing white. A charming variety. Pkt. 50c., 500 seeds $1.25.

SINGLE VARIETIES

1703 Moor's Mammoth Fringed, Mottled, Striped and Veined. A new class of remarkable beauty, size and luxuriance, unequalled by any other. The flowers are exquisitely rolled or fringed, and are of enormous dimensions (4 to 5 inches across). Great merit lies in the tremendous varieties of colors, markings, veining, blotchings and stripings, in the most beautiful combinations. The colors are rich and gorgeous and others of a great diversity of lovely delicate shades. This strain represents the acme of perfection in single, large-flowered Petunias; 10 in. Pkt. 50c., 3 packets 1 oz. $1.50, oz. $4.00.
1704 Californian Ruffled Giants. Flowers very large, great variety of rich colors. Pkt. 25c., trade pkt. 75c. 1/16 oz. $1.50.
1705 Moor's Mammoth Single Fringed White. Yellow throat, extra fine flower. Pkt. 50c., trade pkt. 1 oz. $1.50.
1706 Inimitable New Dwarf Star. Bushy, cherry-red flowers, striped white; excellent for pots. Pkt. 50c., trade pkt. 30c. oz. $1.50.
1707 Moor's Dwarf, Compact Mixed, Dwarf Bouquet Petunias. Very dwarf, handsome, compact growing sorts; all bright, charming colors, such as white, rose, carmine and crimson, striped with yellow, very free and constant bloomers. For pots they are perfectly superb. Sure to give satisfaction; 6 to 8 inches. Pkt. 50c., trade pkt. 40c. oz. $1.00.

Moore's Mammoth Flowered Dwarf Fringed, No. 1714

Planet Jr. No. 220 Fertilizer Distributor

Saves Time, Money—Produces Bigger Crops

Price, $26.00, Freight Paid

The No. 220 holds one bushel and will distribute fertilizer in the middles of three rows 12 to 14 inches apart; it will side-dress one side each of two rows up to 36 inches apart (one complete row; and corn in wider rows). You can use it in very narrow rows—as close as nine inches. You can use it in 42- to 48-inch rows by closing off the flow in three spouts and distributing through the other three—either on the right of left-hand side.

Steel frames, gears, or canvas belts to break, rust, tear, or stick.

Will distribute 100 to 2,000 pounds of commercial fertilizer to the acre. Price, $26.00, Freight paid.

Advance Hand Seed and Fertilizer Drill

A splendid machine for drilling in fertilizer prior to planting, or between the rows to stimulate growth after plants are started. A shut-off, to prevent the escape of fertilizer when wheeling around end of rows, is a late improvement. Easily adjusted. Can be drawn by a horse.

First-class for drilling of peas, beans, corn, etc. Price, each, $16.00, Freight paid.
Save Money by Growing Your Own Pasture, Hay, Straw and Grain

Holland Rye Grass
THE UNCROWNED KING OF GRASSES FOR ALL SOILS. THE QUICKEST AND MOST PRODUCTIVE FOR HAY.

It is a grass for all countries, the grass for the great West, South and East, the grasses for New Jersey, Pennsylvania, Maryland, Virginia and the poor lands of the entire South. Yes, for each and every State of the United States.

This grass comes to us from Holland. It grows a tremendous crop, yielding all the way from five to seven tons of excellent hay per acre as soon as it can cut same two or three times a year. It grows from three to five feet tall. It will surely pay everybody to plant it. Nothing that we ever had did better or pleased the public at large better as a hay and pasture grass than Holland Rye Grass. It is very nourishing, equal to Timothy or Orchard Grass. It is of very rapid growth, and ready to cut before other sorts are half grown, and far surpasses in weight of herbage. We recommend it to everyone.

It is the great grass for all climes. It will grow on all kinds of stock eat it readily, and it is very rich in nutritive value. When properly sown, it catches, giving in it for trial, and give it our unqualified endorsement. All stock eat it greedily.

Billion Dollar Grass
THE QUICKEST AND MOST PRODUCTIVE FOR HAY.

The earliest and most valuable of all the millets. It is considered equal, and some say superior, to the best vigorous timothy. It furnishes an abundance of rich green fodder, which is highly relished by all kinds of stock, and is earlier and superior to anything ever seen in the millet line. It is earlier and more productive than the German or Common Millet, wonderfully prolific, has great stooling habits, is very leafy and bushy and full of rich green blades; one kernel has been known to produce fifty strong stalks, just the size that are in great demand and eagerly eaten by cattle, and it is not an uncommon thing to cut six tons of hay or more per acre. Sow from 25 to 40 pounds per acre, 1 lb. by mail, $1.50, postpaid: by freight, 10 lbs. $1.50, 25 lbs. $3.00, 50 lbs. $6.50, 100 lbs. $12.50, 200 lbs. $24.00. Bags included.

Early Russian Millet

No special attention is necessary in growing this grass, which must be planted like any other crop, and will produce a hay crop in from six to ten weeks, depending somewhat upon the richness of the soil. It is one of very rapid growth, and ready to cut before other sorts are half grown, and far surpasses in weight of herbage. We recommend it to everyone.

Billion Dollar Grass
A Remarkable Grower and Quick Producer

It is truly the most marvelous grower, the most luxuriant feeder than we have ever seen. Just imagine a field seen to BILLION DOLLAR GRASS—over six feet tall, yielding from 26,000 to 50,000 pounds of it, and you have the idea. It is the grass that approaches nearest to the idea of a grass, and you can't do better than to plant it.

For Hay—Cut just when in bloom—rather sooner than later, as it makes better hay without the seed heads than with them. The hay is then healthier and of finer quality. In curing, treat as we would a rich field of clover. 1 lb. by freight or express 20c., 2 lbs. $2.00, 25 lbs. $4.00, 50 lbs. $6.50, 100 lbs. $12.50, 200 lbs. $24.00. Bags included.
NEW CHINESE GIANT SUNFLOWER. Specimens have been grown measuring 8½ feet in circumference. One stock seed is direct from China, where immense quantities are grown for fattening poultry and for feeding stock. It is the giant of all sunflowers: no other sort will approach its size and extremely profitable to grow. If you have ever raised chickens you will find it profitable to plant a package; if you have more, plant an ounce or a pound, as it is unique in size and usefulness for feeding birds, and can be grown at less expense than corn. Three pounds will plant an acre. Every farmer should plant some of the seed. Pkt. 10c., 1 lb. $1.25, 5 lbs. $3.75, postpaid.

A Leaf of Holt's Mammoth Sage (Plants only)

Holt's Mammoth Sage. The plants are of strong growth, attain a height of 1 foot the first season and spread so that a single plant covers a space 3 feet in diameter. They are perfectly hardy, and make a still larger growth the second season. Our illustration shows a leaf of natural size; they are borne well above the ground, are strong in flavor, of unusual substance and of superior quality. It does not seed. Price, each, 25c., 3 for 60c., 6 for $1.50, 12 plants for $3.00, postpaid. Not postpaid, 1 lb. $4.00, 5 lbs. $15.00, 10 lbs. $30.00.

GOOD THINGS FOR THE POULTRY KEEPER

NEW CHINESE WINTER EGG BEET

The cheapest and best form of green feed for poultry. Will thrive on any soil and respond wonderfully to liberal manuring. The tops of the beets are greedily eaten by all kinds of poultry. In Belgium, where the production of eggs and the finest flavored poultry is produced, this beet forms a part of the daily ration. It also keeps the bird in the pink of health. A liberal feeding of green foods should always be fed in connection with good mash and meal. Feed bills can be cut in half by feeding this wonderful forage.

The meat of all poultry fed on this beet top is remarkably sweet and tender, while the egg yield is greatly increased. If you grow poultry feed you will find this beet greatly relished by all kinds of poultry. It is the most productive and most nutritious of all beets. It is the cheapest and best food known for poultry. An acre is capable of producing 125 bushels, and is a heavy yielder and will go a long way towards solving the poultry feed problem. A wonderful health promoter as well. Feed it freely and keep your chickens in perfect laying vigor and health. Pkt. 10c., oz. 20c., 1 lb. 50c., lb. $1.25, postpaid.

BELGIAN POULTRY BEET

AFRICAN CHICKEN CORN

It is of wonderful value to the chicken grower who has land on which to plant, producing wonderful large yield of both seeds and forage, both of which are relished by all kinds of stock. It is a variety of the sorghum family, producing extra large huge bushy heads covered with thousands of small white grains which are eagerly eaten by chicken of all ages. If left standing the grains will drop off in a scattering manner and the chickens will eat them greedily. Where large quantities are grown the well-filled heads should be cut and stored like corn on the ear for winter feed. Sow thinly in rows 3 feet apart, leaving two or three plants to every three feet of row. It is a heavy yielder and will go a long way towards solving the poultry feed problem. It makes an ideal feed for baby chicks. It is the cheapest and best all round chicken feed you can get. Plant six pounds per acre. Pkt 10c., lb. 50c., 5 lbs. $2.00, postpaid. Not postpaid, 1 lb. 75c., 5 lbs. $3.50.

AGRICULTURAL TURNIP THE GREAT SOIL IMPROVER

Mr. Market Gardener and Farmer, if you have dry, hard, non-porous heavy, light clay or "baby" soil, plant this wonderful turnip on all of those objectionable qualities of your land will disappear. If this latitude sow the seed about August 1st, at the rate of 3 pounds the acre. In two months the roots will penetrate the ground from 1 to 1½ inches where they are allowed to remain until spring. The roots will decay, the soil will become fine and loamy, the plant will flourish, remarkably mellow and loose condition, and will produce better crop of anything than ever before. This turnip adds much fertility to the land and will greatly assist it to retain moisture in dry weather, and it will grow better root crops than ever before. The fact is, this wonderful turnip will greatly benefit all kinds of soils. Both the roots and the tops are greatly relished by all kinds of stock. Delicious for table use and an excellent one for feeding stock. This is without doubt the largest cropping of all the turnips. It is also of remarkable value as a cooking vegetable, and is being used quite extensively to renovate land, and is widely known as the best feeding stock grower, clayey or sandy. All kinds of land is thus benefited. Every farmer should plant it most liberally. Try it and be convinced. Pkt. 10c., oz. 15c., 1 lb. 50c., ½ lb. 75c., lb. $1.15, 2 lbs. $2.25, 5 lbs. $5.00. Postpaid.

Agricultural Turnip

THINGS FOR THE POULTRY KEEPER

24 THE MOORE SEED CO., HIGH GRADE POULTRY SUPPLIES, PHILADELPHIA, PA.
WATER-PROOF PAPER FLOWER POTS

They are very light, durable, unbreakable, cheap, and of terra cotta color, and are more economical than clay pots, and just as practical or most purposes, and for some purposes are better than clay pots. Florists, nurserymen, strawberry growers, market gardeners and planters have been using our water-proof paper pots for many years. They cannot break and are very durable. See page 31 for perfection plant pots and hands.

Bird's IMPROVED NEPONSET Flower Pots

HOTKAPS ARE GREAT MONEY MAKERS

HOTKAPS are great money makers. They are individual glass houses for each plant, economically priced, to insure against the crop hazards of frost, rain, wind and insects. They are made of strong, durable, especially prepared waxed paper, light in weight, easy to use, easily ventilated. "Hotkaps" are the best covers for plants and bring crops earlier to maturity. Many write us that they have been first to market by from one to three weeks, and as a result, have been able to get much higher prices.

Farmers quickly appreciate them. Once you've tried them, you'll always use them. They afford the best crop insurance, and bring you more profit. You will find them highly efficient, valuable and profitable if you grow tomatoes, peppers, squash, cucumbers, egg plants, melons, strawberries, asters and other flowers. Every vegetable or flower grower needs them.

HOTKAPS IN ONE DAY

One man can set 3000 hotkaps in one day. Full directions how to use them sent with "Hotkap." You've tried them, you'll always use them. They save the best crop insurance, and bring you more profit. You will find them highly efficient, valuable and profitable if you grow tomatoes, peppers, squash, cucumbers, egg plants, melons, strawberries, asters and other flowers. Every vegetable or flower grower needs them.

600 Bushels per Acre.

This is a new and very reliable late variety. It is increasing in popularity wherever known and, in fact, in many sections it has now superseded all other main crop varieties. It thrives in all soils and in all localities, yielding big crops of large, smooth, white fleshed tubers of oblong to roundish form, somewhat flattened. On good soils the potatoes are all of good size, entirely free of small tubers. It will yield heavy late crops when all other sorts fail. The surface is often netted, of bright appearance. Eyes are few and well distributed. The flesh is white, solid, fine grained, cooks white, dry and mealy. It has a very fine distinct flavor. It seems to be entirely free of all diseases, such as scab, wart, etc.

This is one of the varieties of potatoes to tie to, to make the growing a failure. Such an experience is seldom, yes, never met with when you plant our wonderful Red Diamond. It is always there with the goods. Rain or shine, drought or wet, it seems always to deliver the potatoes in full, and you can plow up bushel after bushel in ordinary sand, clay or much soil. There is no other sort like it. Few potatoes equal the Red Diamond for heavy yield and perfect late keeper. The vines are large spreading, bright green; they grow very vigorously. What is most remarkable, it is not bothered with potato bugs. It is a wonderfully good keeper. We have had it in perfect planting condition as late as August 1st. 5 lbs. $1.10, 1 pk. $1.00, pk. $1.70, 1 bu. $3.00, 1 bbl. $9.30.
